Original "misspellings" such as "fulness" are unchanged.

Unfamiliar (to me) words are defined on the right side of the page in square brackets. For example:

abstemious diet [abstemious = Eating and drinking in moderation.]

The blandness of contemporary (2006) speech would be relieved by the injection of some of these gems:

"phraseological quagmire"

"Windy speech which hits all around the mark like a drunken carpenter."

One cannot always live in the palaces and state apartments of language,  
but we can refuse to spend our days in searching for its vilest slums.  
--William Watson

Words without thought are dead sounds; thoughts without words are nothing.  
To think is to speak low; to speak is to think aloud.  
--Max Muller

The first merit which attracts in the pages of a good writer, or the talk  
of a brilliant conversationalist, is the apt choice and contrast of the  
words employed. It is indeed a strange art to take these blocks rudely  
conceived for the purpose of the market or the bar, and by tact of  
application touch them to the finest meanings and distinctions.  
--Robert Louis Stevenson

It is with words as with sunbeams, the more they are condensed, the deeper

they burn.  
--Southey

No noble or right style was ever yet founded but out of a sincere heart.  
--Ruskin

Words are things; and a small drop of ink, falling like dew upon a thought, produces that which makes thousands, perhaps millions, think.

A good phrase may outweigh a poor library.

## INTRODUCTION

The most powerful and the most perfect expression of thought and feeling through the medium of oral language must be traced to the mastery of words. Nothing is better suited to lead speakers and readers of English into an easy control of this language than the command of the phrase that perfectly expresses the thought. Every speaker's aim is to be heard and understood. A clear, crisp articulation holds an audience as by the spell of some irresistible power. The choice word, the correct phrase, are instruments that may reach the heart, and awake the soul if they fall upon the ear in melodious cadence; but if the utterance be harsh and discordant they fail to interest, fall upon deaf ears, and are as barren as seed sown on fallow ground. In language, nothing conduces so emphatically to the harmony of sounds as perfect phrasing--that is, the emphasizing of the relation of clause to clause, and of sentence to sentence by the systematic grouping of words. The phrase consists usually of a few words which denote a single idea that forms a separate part of a sentence. In this respect it differs from the clause, which is a short sentence that forms a distinct part of a composition, paragraph, or discourse. Correct phrasing is regulated by rests, such rests as do not break the continuity of a thought or the progress of the sense.

GRENVILLE KLEISER, who has devoted years of his diligent life to imparting the art of correct expression in speech and writing, has provided many aids for those who would know not merely what to say, but how to say it. He has taught also what the great HOLMES taught, that language is a temple

in which the human soul is enshrined, and that it grows out of life--out of its joys and its sorrows, its burdens and its necessities. To him, as well as to the writer, the deep strong voice of man and the low sweet voice of woman are never heard at finer advantage than in the earnest but mellow tones of familiar speech. In the present volume Mr. Kleiser furnishes an additional and an exceptional aid for those who would have a mint of phrases at their command from which to draw when in need of the golden mean for expressing thought. Few indeed are the books fitted to-day for the purpose of imparting this knowledge, yet two centuries ago phrase-books were esteemed as supplements to the dictionaries, and have not by any manner of means lost their value. The guide to familiar quotations, the index to similes, the grammars, the readers, the machine-made letter-writer of mechanically perfect letters of congratulation or condolence--none are sententious enough to supply the need. By the compilation of this praxis, Mr. Kleiser has not only supplied it, but has furnished a means for the increase of one's vocabulary by practical methods. There are thousands of persons who may profit by the systematic study of such a book as this if they will familiarize themselves with the author's purpose by a careful reading of the preliminary pages of his book. To speak in public pleasingly and readily and to read well are accomplishments acquired only after many days, weeks even, of practise.

Foreigners sometimes reproach us for the asperity and discordance of our speech, and in general, this reproach is just, for there are many persons who do scanty justice to the vowel-elements of our language. Although these elements constitute its music they are continually mistreated. We flirt with and pirouette around them constantly. If it were not so, English would be found full of beauty and harmony of sound. Familiar with the maxim, "Take care of the vowels and the consonants will take care of themselves,"--a maxim that when put into practise has frequently led to the breaking-down of vowel values--the writer feels that the common custom of allowing "the consonants to take care of themselves" is pernicious. It leads to suppression or to imperfect utterance, and thus produces indistinct articulation.

The English language is so complex in character that it can scarcely be learned by rule, and can best be mastered by the study of such idioms and phrases as are provided in this book; but just as care must be taken to place every accent or stress on the proper syllable in the pronouncing of every word it contains, so must the stress or emphasis be placed on the proper word in every sentence spoken. To read or speak pleasingly one should resort to constant practise by doing so aloud in private, or preferably, in the presence of such persons as know good reading when they hear it and are masters of the melody of sounds. It was Dean Swift's belief that the common fluency of speech in many men and most women was due to scarcity of matter and scarcity of words. He claimed that a master of language possessed a mind full of ideas, and that before speaking, such a mind paused to select the choice word--the phrase best suited to the occasion. "Common speakers," he said, "have only one set of ideas, and one set of words to clothe them in," and these are always ready on the lips. Because he holds the Dean's view sound to-day, the writer will venture to warn the readers of this book against a habit that, growing far too common among us, should be checked, and this is the iteration and reiteration in conversation of "the battered, stale, and trite" phrases, the like of which were credited by the worthy Dean to the women of his time.

Human thought elaborates itself with the progress of intelligence. Speech

is the harvest of thought, and the relation which exists between words and the mouths that speak them must be carefully observed. Just as nothing is more beautiful than a word fitly spoken, so nothing is rarer than the use of a word in its exact meaning. There is a tendency to overwork both words and phrases that is not restricted to any particular class. The learned sin in this respect even as do the ignorant, and the practise spreads until it becomes an epidemic. The epidemic word with us yesterday was unquestionably "conscription"; several months ago it was "preparedness." Before then "efficiency" was heard on every side and succeeded in superseding "vocational teaching," only to be displaced in turn by "life extension" activities. "Safety-first" had a long run which was brought almost to abrupt end by "strict accountability," but these are mere reflections of our cosmopolitan life and activities. There are others that stand out as indicators of brain-weariness. These are most frequently met in the work of our novelists.

English authors and journalists are abusing and overworking the word intrigue to-day. Sir Arthur Quiller-couch on page 81 of his book "On the Art of Writing" uses it: "We are intrigued by the process of manufacture instead of being wearied by a description of the ready-made article." Mrs. Sidgwick in "Salt and Savour," page 232, wrote: "But what intrigued her was Little Mamma's remark at breakfast," From the Parliamentary news, one learns that "Mr. Harcourt intrigued the House of Commons by his sustained silence for two years" and that "London is interested in, and not a little intrigued, by the statement." This use of intrigue in the sense of "perplex, puzzle, trick, or deceive" dates from 1600. Then it fell into a state of somnolence, and after an existence of innocuous desuetude lasting till 1794 it was revived, only to hibernate again until 1894. It owes its new lease of life to a writer on The Westminster Gazette, a London journal famous for its competitions in aid of the restoring of the dead meanings of words.

One is almost exasperated by the repeated use and abuse of the word "intimate" in a recently published work of fiction, by an author who aspires to the first rank in his profession. He writes of "the intimate dimness of the room;" "a fierce intimate whispering;" "a look that was intimate;" "the noise of the city was intimate," etc. Who has not heard, "The idea!" "What's the idea?" "Is that the idea?" "Yes, that's the idea," with increased inflection at each repetition. And who is without a friend who at some time or another has not sprung "meticulous" upon him? Another example is afforded by the endemic use of "of sorts" which struck London while the writer was in that city a few years ago. Whence it came no one knew, but it was heard on every side. "She was a woman of sorts;" "he is a Tory of sorts;" "he had a religion of sorts;" "he was a critic of sorts." While it originally meant "of different or various kinds," as hats of sorts; offices of sorts; cheeses of sorts, etc., it is now used disparagingly, and implies something of a kind that is not satisfactory, or of a character that is rather poor. This, as Shakespeare might have said, is "Sodden business! There's a stewed phrase indeed!" [Footnote: Troilus and Cressida, act iii, sc. 1.]

The abuse of phrases and the misuse of words rife among us can be checked by diligent exercises in good English, such as this book provides. These exercises, in conjunction with others to be found in different volumes by the same author, will serve to correct careless diction and slovenly speech, and lead to the art of speaking and writing correctly; for, after all, accuracy in the use of words is more a matter of habit than of theory, and once it is acquired it becomes just as easy to speak or to

write good English as bad English. It was Chesterfield's resolution not to speak a word in conversation which was not the fittest he could recall. All persons should avoid using words whose meanings they do not know, and with the correct application of which they are unfamiliar. The best spoken and the best written English is that which conforms to the language as used by men and women of culture--a high standard, it is true, but one not so high that it is unattainable by any earnest student of the English tongue.

## HOW TO USE THIS BOOK

The study of words, phrases, and literary expressions is a highly interesting pursuit. There is a reciprocal influence between thought and language. What we think molds the words we use, and the words we use react upon our thoughts. Hence a study of words is a study of ideas, and a stimulant to deep and original thinking.

We should not, however, study "sparkling words and sonorous phrases" with the object of introducing them consciously into our speech. To do so would inevitably lead to stiltedness and superficiality. Words and phrases should be studied as symbols of ideas, and as we become thoroughly familiar with them they will play an unconscious but effective part in our daily expression.

We acquire our vocabulary largely from our reading and our personal associates. The words we use are an unmistakable indication of our thought habits, tastes, ideals, and interests in life. In like manner, the habitual language of a people is a barometer of their intellectual, civil, moral, and spiritual ideals. A great and noble people express themselves in great and noble words.

Ruskin earnestly counsels us to form the habit of looking intently at words. We should scrutinize them closely and endeavor to grasp their innermost meaning. There is an indefinable satisfaction in knowing how to choose and use words with accuracy and precision. As Fox once said, "I am never at a loss for a word, but Pitt always has the word."

All the great writers and orators have been diligent students of words. Demosthenes and Cicero were indefatigable in their study of language. Shakespeare, "infinite in faculty," took infinite pains to embody his thought in words of crystal clearness. Coleridge once said of him that one might as well try to dislodge a brick from a building with one's forefinger as to omit a single word from one of his finest passages.

Milton, master of majestic prose, under whose touch words became as living things; Flaubert, who believed there was one and one only best word with which to express a given thought; De Quincey, who exercised a weird-like power over words; Ruskin, whose rhythmic prose enchanted the ear; Keats, who brooded over phrases like a lover; Newman, of pure and melodious style; Stevenson, forever in quest of the scrupulously precise word; Tennyson, graceful and exquisite as the limpid stream; Emerson, of trenchant and epigrammatic style; Webster, whose virile words sometimes weighed a pound; and Lincoln, of simple, Saxon speech,--all these illustrious men were assiduous in their study of words.

Many persons of good education unconsciously circumscribe themselves within a small vocabulary. They have a knowledge of hundreds of desirable words which they do not put into practical use in their speech or writing. Many, too, are conscious of a poverty of language, which engenders in them a sense of timidity and self-depreciation. The method used for building a large vocabulary has usually been confined to the study of single words. This has produced good results, but it is believed that eminently better results can be obtained from a careful study of words and expressions, as furnished in this book, where words can be examined in their context.

It is intended and suggested that this study should be pursued in connection with, and as a supplement to, a good standard dictionary. Fifteen minutes a day devoted to this subject, in the manner outlined, will do more to improve and enlarge the vocabulary than an hour spent in desultory reading.

There is no better way in which to develop the mental qualities of clearness, accuracy, and precision, and to improve and enlarge the intellectual powers generally, than by regular and painstaking study of judiciously selected phrases and literary expressions.

#### PLAN OF STUDY

First examine the book in a general way to grasp its character, scope, and purpose. Carefully note the following plan of classification of the various kinds of phrases, and choose for initial study a section which you think will be of the most immediate value to you.

- I. USEFUL PHRASES
- II. SIGNIFICANT PHRASES
- III. FELICITOUS PHRASES
- IV. IMPRESSIVE PHRASES
- V. PREPOSITIONAL PHRASES
- VI. BUSINESS PHRASES
- VII. LITERARY EXPRESSIONS
- VIII. STRIKING SIMILES
- IX. CONVERSATIONAL PHRASES
- X. PUBLIC SPEAKING PHRASES
- XI. MISCELLANEOUS PHRASES

There are many advantages in keeping before you a definite purpose in your study of this book. A well-defined plan will act as an incentive to regular and systematic effort, and incidentally develop your power of concentration.

It is desirable that you set apart a certain convenient time each day for this study. Regularity tends to produce maximum results. As you progress with this work your interest will be quickened and you will realize the desirability of giving more and more time to this important subject.

When you have chosen a section of the book which particularly appeals to you, begin your actual study by reading the phrases aloud. Read them slowly and understandingly. This tends to impress them more deeply upon your mind, and is in itself one of the best and most practical ways of acquiring a large and varied vocabulary. Moreover, the practise of fitting words to the mouth rapidly develops fluency and facility of speech.

Few persons realize the great value of reading aloud. Many of the foremost English stylists devoted a certain period regularly to this practise. Cardinal Newman read aloud each day a chapter from Cicero as a means of developing his ear for sentence-rhythm. Rufus Choate, in order to increase his command of language, and to avoid sinking into mere empty fluency, read aloud daily, during a large part of his life, a page or more from some great English author. As a writer has said, "The practise of storing the mind with choice passages from the best prose writers and poets, and thus flavoring it with the essence of good literatures, is one which is commended both by the best teachers and by the example of some of the most celebrated orators, who have adopted it with signal success."

This study should be pursued with pencil in hand, so that you may readily underscore phrases which make a special appeal to you. The free use of a pencil in marking significant parts of a book is good evidence of thoroughness. This, too, will facilitate your work of subsequent review.

The habit of regularly copying, in your own handwriting, one or more pages of phrases will be of immense practical value. This exercise is a great aid in developing a facile English style. The daily use of the pen has been recommended in all times as a valuable means of developing oral and literary expression.

A helpful exercise is to pronounce a phrase aloud and then fit it into a complete sentence of your own making. This practice gives added facility and resourcefulness in the use of words.

As an enthusiastic student of good English, you should carefully note striking and significant phrases or literary expressions which you find in your general reading. These should be set down in a note-book reserved for this exclusive purpose. In this way you can prepare many lists of your own, and thus greatly augment the value of this study.

The taste for beauty, truth, and harmony in language can be developed by careful study of well-selected phrases and literary expressions as furnished in this book. A good literary style is formed principally by daily study of great English writers, by careful examination of words in their context, and by a discriminating use of language at all times.

A fawn-colored sea streaked here and there with tints of deepest orange  
A fever of enthusiasm  
A few tears came to soften her seared vision  
A fiery exclamation of wrath and disdain  
A figure full of decision and dignity  
A firm and balanced manhood  
A first faint trace of irritation  
A fitful boy full of dreams and hopes  
A flame of scarlet crept in a swift diagonal across his cheeks  
A fleeting and furtive air of triumph  
A flood of pride rose in him  
A foreboding of some destined change  
A fortuitous series of happy thoughts  
A frigid touch of the hand  
A fugitive intangible charm  
A gay exuberance of ambition  
A generation of men lavishly endowed with genius  
A gentle sarcasm ruffled her anger  
A ghastly whiteness overspread the cheek  
A glance of extraordinary meaning  
A glassy expression of inattention  
A glassy stare of deprecating horror  
A glittering infectious smile  
A gloom overcame him  
A golden haze of pensive light

A golden summer of marvelous fertility  
A graceful readiness and vigor  
A grave man of pretending exterior  
A great pang gripped her heart  
A great process of searching and shifting  
A great sickness of heart smote him  
A great soul smitten and scourged,  
but still invested with the dignity of immortality  
A grim and shuddering fascination  
A gush of entrancing melody  
A gusty breeze blew her hair about unheeded  
A half-breathless murmur of amazement and incredulity  
A half-uneasy, half-laughing compunction  
A harassing anxiety of sorrow  
A harvest of barren regrets  
A haunting and horrible sense of insecurity  
A heavy oppression seemed to brood upon the air  
A helpless anger simmered in him  
A hint of death in the icy breath of the gale  
A hot and virulent skirmish  
A hot uprush of hatred and loathing  
A kind of ineffable splendor crowns the day  
A lapse from the well-ordered decencies of civilization  
A large, rich, copious human endowment  
A late star lingered, remotely burning  
A laugh of jovial significance  
A light of unwonted pleasure in her eyes [unwonted = unusual]  
A little jaded by gastronomical exertions  
A lukewarm and selfish love

A man of imperious will [imperious = arrogantly domineering]  
A man of matchless modesty and refinement  
A manner bright with interest and interrogation  
A manner nervously anxious to please  
A melancholy monotone beat on one's heart  
A mere exhibition of fussy diffuseness  
A mere figment of a poet's fancy  
A mien and aspect singularly majestic [mien = bearing or manner]  
A mild and deprecating air  
A mind singularly practical and sagacious [sagacious = wise]  
A mouth of inflexible decision  
A murmur of complacency  
A mystery everlastingly impenetrable  
A nameless sadness which is always born of moonlight  
A new and overmastering impulse  
A new doubt assailed her  
A new marvel of the sky  
A new trouble was dawning on his thickening mental horizon  
A nimble-witted opponent  
A painful thought was flooding his mind  
A pang of jealousy not unmingled with scorn  
A patience worthy of admiration  
A perfect carnival of fun  
A perfect crime of clumsiness  
A piteous aspect of woe  
A portent full of possible danger  
A potion to be delicately supped at leisure  
A powerful agitation oppressed him  
A prevailing sentiment of uneasy discontent

A prey to listless uneasiness  
A profound and absorbing interest  
A profound and eager hopefulness  
A profound and rather irritating egotist by nature  
A prop for my faint heart  
A propitious sky, marbled with pearly white  
[propitious = favorable; kindly; gracious]  
A protest wavered on her lip  
A puissant and brilliant family [puissant = powerful; mighty]  
A queer, uncomfortable perplexity began to invade her  
A quick flame leaped in his eyes  
A quick shiver ruffled the brooding stillness of the water  
A quiver of resistance ran through her  
A remarkable fusion of morality and art  
A random gleam of light  
A rare and dazzling order of beauty  
A rhythmical torrent of eloquent prophecy  
A river of shame swept over him  
A sad inquiry seemed to dwell in her gaze  
A satisfied sense of completeness  
A secret sweeter than the sea or sky can whisper  
A sensation of golden sweetness and delight  
A sense of desolation and disillusionment overwhelmed me  
A sense of infinite peace brooded over the place  
A sense of meditative content  
A sense of repression was upon her  
A sentiment of distrust in its worth had crept into her thoughts  
A sheaf of letters  
A shimmer of golden sun shaking through the trees  
A shiver of apprehension crisped her skin

A shuffling compromise between defiance and prostration  
A sigh of large contentment  
A sight for the angels to weep over  
A skepticism which prompted rebellion  
A slight movement of incredulous dissent  
A smile full of subtle charm  
A smile of exquisite urbanity  
A soft insidious plea  
A soft intonation of profound sorrow  
A soft suspicion of ulterior motives  
A solemn glee possessed my mind  
A solemn gray expanse that lost itself far away in the gray of the sea  
A solemn utterance of destiny  
A somber and breathless calm hung over the deepening eve  
A somewhat melancholy indolence  
A somewhat sharp and incisive voice  
A sonorous voice bade me enter  
A soothing and quieting touch was gently laid upon her soul  
A sort of eager, almost appealing amiability  
A sort of stolid despairing acquiescence  
A sort of stunned incredulity  
A soundless breeze that was little more than a whisper  
A spacious sense of the amplitude of life's possibilities  
A staccato cough interrupted the flow of speech  
A state of sullen self-absorption  
A steady babble of talk and laughter  
A step was at her heels  
A stifling sensation of pain and suspense  
A stinging wind swept the woods

A strange compound of contradictory elements

A stream of easy talk

A strong convulsion shook the vague indefinite form

A strong susceptibility to the ridiculous

A subtle emphasis of scorn

A sudden and stinging delight

A sudden gleam of insight

A sudden uncontrollable outburst of feeling

A super-abundance of boisterous animal spirits

A supercilious scorn and pity [supercilious = haughty disdain]

A super-refinement of taste

A swaggering air of braggadocio [braggadocio = pretentious bragging]

A sweet bewilderment of tremulous apprehension [tremulous = fearful]

A sweet, quiet, sacred, stately seclusion

A swift knowledge came to her

A swift unformulated fear

A swiftly unrolling panorama of dreams

A tangle of ugly words

A thousand evanescent memories of happy days  
[evanescent = vanishing like vapor]

A thousand unutterable fears bore irresistible despotism over her thoughts

A time of disillusion followed

A tiny stream meandering amiably

A tone of arduous admiration

A torn and tumultuous sky

A total impression ineffable and indescribable

A tragic futility

A treacherous throb of her voice

A true similitude of what befalls many men and women

A tumult of vehement feeling  
A tumultuous rush of sensations  
A twinge of embarrassment  
A vague and wistful melancholy  
A vast sweet silence crept through the trees  
A veritable spring-cleaning of the soul  
A very practised and somewhat fastidious critic  
A violent and mendacious tongue [mendacious = false; untrue]  
A vivid and arresting presentation  
A waking dream overshadowed her  
A weird world of morbid horrors  
A well-bred mixture of boldness and courtesy  
A wild vivacity was in her face and manner  
A wile of the devil's [wile = trick intended to deceive or ensnare]  
A wind strayed through the gardens  
A withering sensation of ineffable boredom  
A wordless farewell  
Absolutely vulgarized by too perpetual a parroting  
Absorbed in a stream of thoughts and reminiscences  
Absorbed in the scent and murmur of the night  
Accidents which perpetually deflect our vagrant attention  
Across the gulf of years  
Administering a little deft though veiled castigation  
Affected an ironic incredulity  
Affecting a tone of gayety  
After a first moment of reluctance  
After an eternity of resolutions, doubts, and indecisions  
Aghast at his own helplessness  
Agitated and enthralled by day-dreams

Agitated with violent and contending emotions  
Alien paths and irrelevant junketings  
All embrowned and mossed with age  
All her gift of serene immobility brought into play  
All hope of discreet reticence was ripped to shreds  
All the lesser lights paled into insignificance  
All the magic of youth and joy of life was there  
All the place is peopled with sweet airs  
All the sky was mother-of-pearl and tender  
All the unknown of the night and of the universe was pressing upon him  
All the world was flooded with a soft golden light  
All was a vague jumble of chaotic impressions  
All was incomprehensible  
All was instinctive and spontaneous  
Aloof from the motley throng  
Ambition shivered into fragments  
Amid distress and humiliation  
Amid the direful calamities of the time  
An acute note of distress in her voice  
An agreeably grave vacuity  
An air half quizzical and half deferential  
An air of affected civility  
An air of being meticulously explicit  
An air of inimitable, scrutinizing, superb impertinence  
An air of stern, deep, and irredeemable gloom hung over and pervaded all  
An air of uncanny familiarity  
An air which was distinctly critical  
An almost pathetic appearance of ephemeral fragility  
[ephemeral = markedly short-lived]  
An almost riotous prodigality of energy

An answering glow of gratitude  
An antagonist worth her steel  
An artful stroke of policy  
An assumption of hostile intent  
An assurance of good-nature that forestalled hostility  
An atmosphere of extraordinary languor [languor = dreamy, lazy mood ]  
An atmosphere thick with flattery and toadyism  
An attack of peculiar virulence and malevolence  
An audacious challenge of ridicule  
An avidity that bespoke at once the restlessness, [avidity = eagerness]  
and the genius of her mind  
An awe crept over me  
An eager and thirsty ear  
An easy prey to the powers of folly  
An effusive air of welcome  
An equal degree of well-bred worldly cynicism  
An erect, martial, majestic, and imposing personage  
An eternity of silence oppressed him  
An expression of mildly humorous surprise  
An expression of rare and inexplicable personal energy  
An exquisite perception of things beautiful and rare  
An iciness, a sinking, a sickening of the heart  
An ignoring eye  
An impenetrable screen of foliage  
An impersonal and slightly ironic interest  
An impervious beckoning motion  
An inarticulate echo of his longing  
An increased gentleness of aspect  
An incursion of the loud, the vulgar and meretricious  
[meretricious = plausible but false]

An inexplicable and uselessly cruel caprice of fate  
An inexpressible fervor of serenity  
An ingratiating, awkward and, wistful grace  
An inspired ray was in his eyes  
An instant she stared unbelievably  
An intense and insatiable hunger for light and truth  
An intense travail of mind  
An obscure thrill of alarm  
An odd little air of penitent self-depreciation  
An open wit and recklessness of bearing  
An oppressive sense of strange sweet odor  
An optimistic after-dinner mood  
An overburdening sense of the inexpressible  
An uncomfortable premonition of fear  
An unfailing sweetness and unerring perception  
An unpleasant and heavy sensation sat at his heart  
An unredeemed dreariness of thought  
An unsuspected moral obtuseness  
An utter depression of soul  
And day peers forth with her blank eyes  
And what is all this pother about? [pother = commotion; disturbance]  
Animated by noble pride  
Anticipation painted the world in rose  
Appalled in speechless disgust  
Appealing to the urgent temper of youth  
Apprehensive solicitude about the future  
Ardent words of admiration  
Armed all over with subtle antagonisms  
Artless and unquestioning devotion

As if smitten by a sudden spasm  
As the long train sweeps away into the golden distance  
August and imperial names in the kingdom of thought  
Awaiting his summons to the eternal silence

B

Banded about from mouth to mouth  
Barricade the road to truth  
Bartering the higher aspirations of life  
Beaming with pleasurable anticipation  
Before was the open malignant sea  
Beguiled the weary soul of man  
Beneath the cold glare of the desolate night  
Bent on the lofty ends of her destiny  
Beset by agreeable hallucinations  
Beset with smiling hills  
Beside himself in an ecstasy of pleasure  
Betokening an impulsive character  
Beyond the farthest edge of night  
Birds were fluting in the tulip-trees  
Biting sentences flew about  
Black inky night  
Blithe with the bliss of the morning  
Blown about by every wind of doctrine  
Bookish precision and professional peculiarity  
Borne from lip to lip  
Borne onward by slow-footed time  
Borne with a faculty of willing compromise  
Bowed with a certain frigid and deferential surprise

Cultivated with a commensurate zeal

Current play of light gossip

Curtains of opaque rain

D

Dallying in maudlin regret over the past  
[maudlin = tearfully sentimental]

Dark with unutterable sorrows

Darkness oozed out from between the trees

Dawn had broken

Day stood distinct in the sky

Days of vague and fantastic melancholy

Days that are brief and shadowed

Deep shame and rankling remorse

Deficient in affectionate or tender impulses

Delicately emerging stars

Delicious throng of sensations

Despite her pretty insolence

Dignity and sweet patience were in her look

Dim opalescence of the moon

Dimly foreshadowed on the horizon

Dimmed by the cold touch of unjust suspicion

Disfigured by passages of solemn and pompous monotony.

Disguised itself as chill critical impartiality

Dismal march of death

Distinguished by hereditary rank or social position

Distract and beguile the soul

Distressing in their fatuous ugliness

Diverted into alien channels

Diverting her eyes, she pondered

Dogs the footsteps  
Doled out in miserly measure  
Doubt tortured him  
Doubts beset her lonely and daring soul  
Down the steep of disenchantment  
Dreams and visions were surpassed  
Dreams that fade and die in the dim west  
Drear twilight of realities  
Drift along the stream of fancy  
Drowned in the deep reticence of the sea  
Drowsiness coiled insidiously about him  
Dull black eyes under their precipice of brows

E

Earth danced under a heat haze  
Easily moved to gaiety and pleasure  
Either way her fate was cruel  
Embrace with ardor the prospect of serene leisure  
Endearing sweetness and manner  
Endeavoring to smile away his chagrin  
Endlessly shifting moods  
Endowed with all those faculties  
that can make the world a garden of enchantment  
Endowed with life and emphasis  
Enduring with smiling composure  
the near presence of people who are distasteful  
Enjoyed with astonishing unscrupulousness  
Enticed irresistibly by the freedom of an open horizon  
Essay a flight of folly  
Evanescent shades of feeling [evanescent = vanishing like vapor]  
Events took an unexpected sinister turn

Every curve of her features seemed to express  
a fine arrogant acrimony and harsh truculence  
Everywhere the fragrance of a bountiful earth  
Exasperated by what seemed a wilful pretense of ignorance  
Exhibits itself in fastidious crotchets  
Expectation darkened into anxiety  
Experience and instinct warred within her  
Exquisite graciousness of manner  
Exquisitely stung by the thought

F

Familiar and endearing intimacy  
Fatally and indissolubly united  
Fathomless depths of suffering  
Fear held him in a vice  
Feeding his scholarly curiosity  
Feeling humiliated by the avowal  
Felicitousness in the choice and exquisiteness in the collocation of words  
Fettered by poverty and toil  
Feverish tide of life  
Fine precision of intent  
Fitful tumults of noble passion  
Fleeting touches of something alien and intrusive  
Floating in the clouds of reverie  
Fluctuations of prosperity and adversity  
Flushed with a suffusion that crimsoned her whole countenance  
Forebodings possessed her  
Foreshadowing summer's end  
Forever echo in the heart  
Forever sings itself in memory

Formless verbosity and a passionate rhetoric  
Fragments of most touching melody  
Free from rigid or traditional fetters  
Freedom and integrity of soul  
Freighted with strange, vague longings  
Frosty thralldom of winter [thralldom = servitude; bondage]  
Fugitive felicities of thought and sensation  
Full of dreams and refinements and intense abstractions  
Full of majestic tenderness

## G

Gathering all her scattered impulses into a passionate act of courage  
Gaze dimly through a maze of traditions  
Generosity pushed to prudence  
Gleams of sunlight, bewildered like ourselves,  
struggled, surprised, through the mist and disappeared  
Glowing with haste and happiness  
Go straight, as if by magic, to the inner meaning  
Goaded on by his sense of strange importance  
Graceful length of limb and fall of shoulders  
Great shuddering seized on her  
Green hills pile themselves upon each other's shoulders  
Grim and sullen after the flush of the morning  
Guilty of girlish sentimentality

## H

Half choked by a rising paroxysm of rage  
Half-suffocated by his triumph  
Hardened into convictions and resolves  
Haughtiness and arrogance were largely attributed to him

Haunt the recesses of the memory  
Haunted with a chill and unearthly foreboding  
He accosted me with trepidation  
He adroitly shifted his ground  
He airily lampooned their most cherished prejudices  
He bowed submission  
He braced himself to the exquisite burden of life  
He condescended to intimate speech with her  
He conversed with a colorless fluency  
He could detect the hollow ring of fundamental nothingness  
He could do absolutely naught  
He drank of the spirit of the universe  
He drew near to a desperate resolve  
He evinced his displeasure by a contemptuous sneer or a grim scowl  
He felt an unaccountable loathing  
He felt the ironic rebound of her words  
He flung diffidence to the winds  
He flushed crimson  
He found the silence intolerably irksome  
He frowned perplexedly  
He gave her a baffled stare  
He gave himself to a sudden day-dream  
He gave his ear to this demon of false glory  
He grew wanton with success  
He had acted with chivalrous delicacy of honor  
He had the eye of an eagle in his trade  
He had the gift of deep, dark silences  
He held his breath in admiring silence  
He laughed away my protestations

He lent no countenance to the insensate prattle  
He listened greedily and gazed intent  
He made a loathsome object  
He made the politest of monosyllabic replies  
He murmured a civil rejoinder  
He murmured a vague acceptance  
He mused a little while in grave thought  
He never wears an argument to tatters  
He only smiled with fatuous superiority  
He paused, stunned and comprehending  
He perceived the iron hand within the velvet glove  
He raised a silencing hand  
He ruled autocratically  
He sacrificed the vulgar prizes of life  
He sat on thorns  
He set his imagination adrift  
He shambled away with speed  
He sighed deeply, from a kind of mental depletion  
He smote her quickening sensibilities  
He submitted in brooding silence  
He suppressed every sign of surprise  
He surrendered himself to gloomy thought  
He threaded a labyrinth of obscure streets  
He threw a ton's weight of resolve upon his muscles  
He threw out phrases of ill-humor  
He threw round a measuring eye  
He treads the primrose path of dalliance  
He used an unguarded adjective  
He was a tall, dark, saturnine youth, sparing of speech  
[saturnine = melancholy; sullen]

He was aware of emotion

He was born to a lively and intelligent patriotism

He was dimly mistrustful of it

He was discreetly silent

He was empty of thought

He was entangled in a paradox

He was giving his youth away by handfuls

He was haunted and begirt by presences

He was measured and urbane

He was most profoundly skeptical

He was nothing if not grandiloquent

He was quaking on the precipice of a bad bilious attack

He was utterly detached from life

He went hot and cold

He would fall into the blackest melancholies

He writhed in the grip of a definite apprehension

He writhed with impotent humiliation

Her blank gaze chilled you

Her bright eyes were triumphant

Her eyes danced with malice

Her eyes dilated with pain and fear

Her eyes were full of wondering interest

Her eyes were limpid and her beauty was softened  
by an air of indolence and languor [languor = dreamy, lazy mood]

Her face stiffened anew into a gray obstinacy

Her face was lit up by a glow of inspiration and resolve

Her haughty step waxed timorous and vigilant

Her head throbbed dangerously

Her heart appeared to abdicate its duties

Her heart fluttered with a vague terror  
Her heart pounded in her throat  
Her heart was full of speechless sorrow  
Her hurrying thoughts clamored for utterance  
Her imagination recoiled  
Her interest flagged  
Her life had dwarfed her ambitions  
Her limbs ran to marble  
Her lips hardened  
Her lips parted in a keen expectancy  
Her mind was a store-house of innocuous anecdote  
Her mind was beaten to the ground by the catastrophe  
Her mood was unaccountably chilled  
Her musings took a sudden and arbitrary twist  
Her scarlet lip curled cruelly  
Her smile was faintly depreciatory  
Her smile was linked with a sigh  
Her solicitude thrilled him  
Her stare dissolved  
Her step seemed to pity the grass it prest  
Her strength was scattered in fits of agitation  
Her stumbling ignorance which sought the road of wisdom  
Her thoughts outstripped her erring feet  
Her tone was gathering remonstrance  
Her tongue on the subject was sharpness itself  
Her tongue stumbled and was silent  
Her voice had the coaxing inflections of a child  
Her voice trailed off vaguely  
Her voice was full of temper, hard-held

Her voice, with a tentative question in it, rested in air  
Her wariness seemed put to rout  
His accents breathed profound relief  
His agitation increased  
His brow grew knit and gloomy  
His brow was in his hand  
His conscience leapt to the light  
His constraint was excruciating  
His curiosity is quenched  
His dignity counseled him to be silent  
His ears sang with the vibrating intensity of his secret existence  
His eyes had a twinkle of reminiscent pleasantry  
His eyes literally blazed with savage fire  
His eyes shone with the pure fire of a great purpose  
His eyes stared unseeingly  
His face caught the full strength of the rising wind  
His face dismissed its shadow  
His face fell abruptly into stern lines  
His face lit with a fire of decision  
His face showed a pleased bewilderment  
His face torn with conflict  
His face was gravely authoritative  
His gaze faltered and fell  
His gaze searched her face  
His gaze seemed full of unconquerable hopefulness  
His hand supported his chin  
His hands were small and prehensible  
[prehensible = capable of being seized]  
His heart asserted itself again, thunderously beating  
His heart rebuked him

His heart was full of enterprise  
His impatient scorn expired  
His last illusions crumbled  
His lips loosened in a furtively exultant smile  
His lips seemed to be permanently parted in a good-humored smile  
His mind echoed with words  
His mind leaped gladly to meet new issues and fresh tides of thought  
His mind was dazed and wandering in a mist of memories  
His mood yielded  
His mouth quivered with pleasure  
His passions vented themselves with sneers  
His pulses leaped anew  
His reputation had withered  
His sensibilities were offended  
His shrewd gaze fixed appraisingly upon her  
His soul full of fire and eagle-winged  
His soul was compressed into a single agony of prayer  
His soul was wrung with a sudden wild homesickness  
His speech faltered  
His swift and caustic satire  
His temper was dark and explosive  
His thoughts galloped  
His thoughts were in clamoring confusion  
His tone assumed a certain asperity [asperity = roughness; harshness]  
His torpid ideas awoke again  
His troubled spirit shifted its load  
His vagrant thoughts were in full career  
His voice insensibly grew inquisitorial  
His voice was thick with resentment and futile protest

His whole face was lighted with a fierce enthusiasm

His whole frame seemed collapsed and shrinking

His whole tone was flippant and bumptious

His words trailed off brokenly

His youthful zeal was contagious

Hope was far and dim

How sweet and reasonable the pale shadows of those  
who smile from some dim corner of our memories

Humiliating paltriness of revenge

I

I capitulated by inadvertence

I cut my reflections adrift

I felt a qualm of apprehension

I suffered agonies of shyness

I took the good day from the hands of God as a perfect gift

I was in a somber mood

I was overshadowed by a deep boding

I was piqued [piqued = resentment; indignation]

I yielded to the ingratiating mood of the day

Ill-bred insolence was his only weapon

Ill-dissimulated fits of ambition

Imbued with a vernal freshness [vernal = resembling spring; fresh]

Immense and careless prodigality

Immense objects which dwarf us

Immersed in secret schemes

Immured in a trivial round of duty [immured = confine within]

Impassioned and earnest language

Impatient and authoritative tones

Impervious to the lessons of experience

Implying an immense melancholy  
Imprisoned within an enchanted circle  
In a deprecating tone of apology  
In a flash of revelation  
In a gale of teasing merriment  
In a misery of annoyance and mortification  
In a musing ecstasy of contemplation  
In a sky stained with purple, the moon slowly rose  
In a spirit of indulgent irony  
In a strain of exaggerated gallantry  
In a tone of after-dinner perfunctoriness  
[perfunctoriness = with little interest]  
In a tone of musing surprise  
In a tumult of self-approval and towering exultation  
In a vague and fragmentary way  
In a wise, superior, slightly scornful manner  
In accents of menace and wrath  
In its whole unwieldy compass  
In moments of swift and momentous decision  
In quest of something to amuse  
In requital for various acts of rudeness  
In the air was the tang of spring  
In the dusky path of a dream  
In the face of smarting disillusion  
In the flush and heyday of youth and gaiety and loveliness  
In the heyday of friendship  
In the mild and mellow maturity of age  
In the perpetual presence of everlasting verities  
In this breathless chase of pleasure

In this chastened mood I left him  
Incapable of initiative or boldness  
Inconceivable perversion of reasoning  
Indolently handsome eyes  
Indulge in pleasing discursiveness  
Ineffable sensation of irritability  
Infantile insensibility to the solemnity of his bereavement  
Infantine simplicity and lavish waste  
Innumerable starlings clove the air [clove = split]  
Insensible to its subtle influence  
Inspired by the immortal flame of youth  
Intangible and indescribable essence  
Intense love of excitement and adventure  
Intimations of unpenetrated mysteries  
Into her eyes had come a hostile challenge  
Into the purple sea the orange hues of heaven sunk silently  
Into the very vestibule of death  
Involuntarily she sighed  
Involuntary awkwardness and reserve  
Involved in a labyrinth of perplexities  
It came to him with a stab of enlightenment  
It elicited a remarkably clear and coherent statement  
It is a flight beyond the reach of human magnanimity  
It is a thing infinitely subtle  
It is not every wind that can blow you from your anchorage  
It lends no dazzling tints to fancy  
It moved me to a strange exhilaration  
It parted to a liquid horizon and showed the gray rim of the sea  
It proved a bitter disillusion

It seemed intolerably tragic

It seemed to exhale a silent and calm authority

It was a breathless night of suspense

It was a desolating vision

It was a night of little ease to his toiling mind

It was a night of stupefying surprises

It was all infinitely soft and refreshing to the eye

It was an evening of great silences and spaces, wholly tranquil

It was sheer, exuberant, instinctive, unreasoning, careless joy

It was the ecstasy and festival of summer

It was torture of the most exquisite kind

J

Jealousies and animosities which pricked their sluggish blood to tingling

Joy rioted in his large dark eyes

Judging without waiting to ponder over bulky tomes

K

Kind of unscrupulous contempt for gravity

Kiss-provoking lips

L

Laden with the poignant scent of the garden honeysuckle

Language of excessive flattery and adulation

Lapped in soft music of adulation

Lapse into pathos and absurdity

Large, dark, luminous eyes that behold everything about them

Latent vein of whimsical humor

Lead to the strangest aberrations

Leaping from lambent flame into eager and passionate fire

[lambent = effortlessly brilliant]

Leave to the imagination the endless vista of possibilities  
Life flowed in its accustomed stream  
Lights and shadows of reviving memory crossed her face  
Lionized by fashionable society  
Long intertangled lines of silver streamlets  
Lost in a delirious wonder  
Lost in irritable reflection  
Love hovered in her gaze  
Ludicrous attempts of clumsy playfulness and tawdry eloquence  
Luke-warm assurance of continued love  
Lulled by dreamy musings  
Luminous with great thoughts

M

Magnanimous indifference to meticulous niceties  
Making the ear greedy to remark offense  
Marching down to posterity with divine honors  
Marked out for some strange and preternatural doom  
Mawkishly effeminate sentiment  
Memories plucked from wood and field  
Memory was busy at his heart  
Merged in a sentiment of unutterable sadness and compassion  
Microscopic minuteness of eye

There was no glint of hope anywhere  
There was no menace in the night's silvern calmness  
There was something so kindly in its easy candor  
There was spendthrift grandeur  
These qualities were raised to the white heat of enthusiasm

They became increasingly turbid and phantasmagorical  
[phantasmagorical = fantastic imagery]

They escaped the baffled eye

They sit heavy on the soul

They were vastly dissimilar

This exquisite conjunction and balance

This little independent thread of inquiry  
ran through the texture of his mind and died away

This shadowy and chilling sentiment unaccountably creeps over me

Thought shook through her in poignant pictures

Thoughts came thronging in panic haste

Thrilled by fresh and indescribable odors

Thrilled with a sense of strange adventure

Through a cycle of many ages

Through endless and labyrinthine sentences

Thrilled to the depths of her being

Time had passed unseen

Tinsel glitter of empty titles

Tired with a dull listless fatigue

To all intents and purposes

To speak with entire candor

To stay his tottering constancy

To the scourging he submitted with a good grace

Tossed disdainfully off from young and ardent lips

Touched every moment with shifting and enchanting beauty

Touched with a bewildering and elusive beauty

Transcendental contempt for money

Transformed with an overmastering passion

Trouble gathered on his brow

Turning the world topsy-turvey

Twilight creeps upon the darkening mind

Upon the mountain-tops of meditation

Uttering grandiose puerilities [puerilities = childishness, silly]

V

Vain allurements of folly and fashion

Variously ramified and delicately minute channels of expression

Varnished over with a cold repellent cynicism

Veiled by some equivocation

Vibrant with the surge of human passions

Vicissitudes of wind and weather  
[vicissitudes = sudden or unexpected changes]

Vigor and richness of resource

Visible and palpable pains and penalties

Voices that charm the ear and echo with a subtle resonance in the soul

Volcanic upheavings of imprisoned passions

W

Wantonly and detestably unkind

Waylay Destiny and bid him stand and deliver

Wayward and strangely playful responses

Wearing the white flower of a blameless life

What sorry and pitiful quibbling

When a pleasant countryside tunes the spirit to a serene harmony of mood

When music is allied to words

When the frame and the mind alike seem unstrung and listless

When the profane voices are hushed

When the waves show their teeth in the flying breeze

Whilst the morn kissed the sleep from her eyes

Whistled life away in perfect contentment

Wholly alien to his spirit

With a vanquished and weary sigh

Womanly fickleness and caprice

Words and acts easily wrenched from their true significance

Worn to shreds by anxiety

Wrapped in a sudden intensity of reflection

Wrapped in an inaccessible mood

Wrapped in scudding rain

Wrapt in his odorous and many-colored robe

Wrapt in inward contemplation

Wrought of an emotion infectious and splendidly dangerous

Wrought out of intense and tragic experience

Y

Yielding to a wave of pity

Your mind enthroned in the seventh circle of content

A

A blind rage like a fire swept over him

A book that rends and tears like a broken saw

like a chill and sudden gust from some unknown sea

A cloud in the west like a pall creeps upward

A cloud like a flag from the sky

A cluster of stars hangs like fruit in the tree

A confused mass of impressions, like an old rubbish-heap

A cry as of a sea-bird in the wind

A dead leaf might as reasonably demand to return to the tree

A drowsy murmur floats into the air like thistledown

A face as imperturbable as fate

A face as pale as wax

A face tempered like steel

A fatigued, faded, lusterless air, as of a caged creature

A few pens parched by long disuse

A figure like a carving on a spire

A fluttering as of blind bewildered moths

A giant galleon overhead, looked like some misty monster of the deep

A glacial pang of pain like  
the stab of a dagger of ice frozen from a poisoned well

A glance that flitted like a bird

A great moon like a red lamp in the sycamore

A grim face like a carved mask

A hand icily cold and clammy as death

A life, a Presence, like the air  
A life as common and brown and bare as the box of earth in the window there  
A light wind outside the lattice swayed a branch of roses to and fro,  
    shaking out their perfume as from a swung censer  
A lightning-phrase, as if shot from the quiver of infallible wisdom  
A list of our unread books torments some of us like a list of murders  
A little breeze ran through the corn like a swift serpent  
A little weed-clogged ship, gray as a ghost  
A long slit of daylight like a pointing finger  
A memory like a well-ordered cupboard

A note of despairing appeal which fell  
like a cold hand upon one's living soul  
A purpose as the steady flame

A sudden sense of fear ran through her nerves like the chill of an icy wind  
A sweet voice caroling like a gold-caged nightingale  
A thin shrill voice like the cry of an expiring mouse  
A thing of as frail enchantment as the gleam of stars upon snow  
A vague thought, as elusive as the smell of a primrose  
A vanishing loveliness as tender as the flush of the rose leaf  
and as ethereal as the light of a solitary star  
A voice as low as the sea  
A voice soft and sweet as a tune that one knows  
A white bird floats there, like a drifting leaf  
Against a sky as clear as sapphire  
Age, like winter weather  
Agile as a leopard  
Agitated like a storm-tossed ship  
Air like wine  
All around them like a forest swept the deep and  
empurpled masses of her tangled hair  
All like an icicle it seemed, so tapering and cold  
All my life broke up, like some great river's ice at touch of spring  
All silent as the sheeted dead  
All sounds were lost in the whistle of air humming by  
like the flight of a million arrows  
All that's beautiful drifts away like the waters  
All the world lay stretched before him like the open palm of his hand

All unconscious as a flower  
Alone, like a storm-tossed wreck, on this night of the glad New Year  
An anxiety hung like a dark impenetrable cloud  
An ardent face out-looking like a star  
An ecstasy which suddenly overwhelms your mind like  
an unexpected and exquisite thought  
An envious wind crept by like an unwelcome thought  
An ideal as sublime and comprehensive as the horizon  
An immortal spirit dwelt in that frail body, like a bird in an outworn cage  
An impudent trick as hackneyed as conjuring rabbits out of a hat  
An indefinable resemblance to a goat  
An isle of Paradise, fair as a gem  
An old nodding negress whose sable head shined in the sun  
like a polished cocoanut  
An omnibus across the bridge crawls like a yellow butterfly  
An undefined sadness seemed to have fallen about her like a cloud  
An unknown world, wild as primeval chaos  
An unpleasing strain, like the vibration of a rope drawn out too fast  
And a pinnacle like a flutter'd bird came flying from afar  
And a tear like silver, glistened in the corner of her eye  
And all our thoughts ran into tears like sunshine into rain  
And at first the road comes moving toward me, like a bride waving palms  
And Dusk, with breast as of a dove, brooded  
And eyes as bright as the day  
And fell as cold as a lump of clay  
And her cheek was like a rose  
And here were forests ancient as the hills  
And many a fountain, rivulet, and pond,  
as clear as elemental diamond, or serene morning air  
And melting like the stars in June

And night, as welcome as a friend  
And silence like a poultice comes to heal the blows of sound  
And spangled o'er with twinkling points, like stars  
And the smile she softly uses fills the silence like a speech  
As a child in play scatters the heaps of sand  
that he has piled on the seashore  
As a cloud that gathers her robe like drifted snow  
As a flower after a drought drinks in the steady plunging rain  
As a leaf that beats on a mountain  
As a lion grieves at the loss of her whelps  
As a man plowing all day longs for supper and welcomes sunset  
As a sea disturbed by opposing winds  
As amusing as a litter of likely young pigs  
As arbitrary as a cyclone and as killing as a pestilence  
As austere as a Roman matron  
As beautiful as the purple flush of dawn  
As blind as a mole  
As brief as sunset clouds in heaven  
As bright as sunlight on a stream  
As busy as a bee  
As cattle driven by a gadfly  
As chimney sweepers come to dust  
As clear as a whistle  
As clear as the parts of a tree in the morning sun  
As close as oak and ivy stand  
As delicate and as fair as a lily  
As delightful to the mind as cool well-water to thirsty lip  
As diamond cuts diamond  
As direct and unvarying as the course of a homing bird  
As distinct as night and morning

As dry as desert dust  
As dumb as a fish  
As easily as the sun shines  
As easy as a turn of the hand  
As elastic as a steel spring  
As extinct as the dodo  
As faint as the memory of a sound  
As familiar to him as his alphabet  
As fatal as the fang of the most venomous snake  
As fleeting and elusive as our dreams  
As foam from a ship's swiftness  
As fresh and invigorating as a sea-breeze  
As full of eager vigor as a mountain stream  
As full of spirit as a gray squirrel  
As gay and busy as a brook  
As gently as the flower gives forth its perfume  
As gently as withered leaves float from a tree  
As graceful as a bough  
As grave as a judge  
As great as the first day of creation  
As high as heaven  
As I dropped like a bolt from the blue  
As I dwelt like a sparrow among the spires  
As if a door were suddenly left ajar into some world unseen before  
As impossible as to count the stars in illimitable space  
As in the footsteps of a god  
As inaccessible to his feet as the clefts and gorges of the clouds  
As inexorable as the flight of time  
As innocent as a new laid egg

As iridescent as a soap bubble

As locusts gather to a stream before a fire

As mellow and deep as a psalm

As men strip for a race, so must an author strip for the race with time

As merry as bees in clover

As nimble as water

As one who has climbed above the earth's eternal snowline  
and sees only white peaks and pinnacles

As pale as any ghost

As patient as the trees

As quick as the movement of some wild animal

As quiet as a nun breathless with adoration

As radiant as the rose

As readily and naturally as ducklings take to water

As reticent as a well-bred stockbroker

As ruthlessly as the hoof of a horse tramples on a rose

As shallow streams run dimpling all the way

As simple as the intercourse of a child with its mother

As sleep falls upon the eyes of a child  
tired with a long summer day of eager pleasure and delight

As some vast river of unfailing source

As stars that shoot along the sky

As still as a stone

As stupid as a sheep

As sudden as a dislocated joint slipping back into place

As summer winds that creep from flower to flower

As supple as a step-ladder

As swaggering and sentimental as a penny novellete

[novellete = short novel]

As swift as thought

As the accumulation of snowflakes makes the avalanche  
As the bubble is extinguished in the ocean  
As the dew upon the roses warms and melts the morning light  
As the fair cedar, fallen before the breeze,  
lies self-embalmed amidst the moldering trees  
As the light straw flies in dark'ning whirlwinds  
As the lightning cleaves the night  
As the loud blast that tears the skies  
As the slow shadows of the pointed grass mark the eternal periods  
As those move easiest who have learn'd to dance  
As though a rose should shut, and be a bud again  
As though Pharaoh should set the Israelites  
to make a pin instead of a pyramid  
As unapproachable as a star  
As weird as the elfin lights  
As well try to photograph the other side of the moon  
At extreme tension, like a drawn bow  
Away he rushed like a cyclone  
Awkward as a cart-horse

B

Babbling like a child  
Balmy in manner as a bland southern morning  
Be like the granite of thy rock-ribbed land  
Beauteous she looks as a water-lily  
Beautiful as the dawn, dominant as the sun  
Beauty maddens the soul like wine  
Beheld great Babel, wrathful, beautiful,  
burn like a blood-red cloud upon the plain  
Beneath a sky as fair as summer flowers  
Bent like a wand of willow

Black as a foam-swept rock  
Black his hair as the wintry night  
Blithe as a bird [blithe = carefree and lighthearted]  
Bounded by the narrow fences of life  
Bowed like a mountain  
Breaking his oath and resolution like a twist of rotten silk  
Breathed like a sea at rest  
Bright as a diamond in the sun  
Bright as a fallen fragment of the sky  
Bright as the coming forth of the morning, in the cloud of an early shower  
Bright as the sunbeams  
Bright as the tear of an angel, glittered a lonely star  
Brilliant and gay as a Greek  
Brisk as a wasp in the sunshine  
Brittle and bent like a bow  
Bronze-green beetles tumbled over stones, and lay helpless on their backs  
with the air of an elderly clergyman knocked down by an omnibus  
Brown as the sweet smelling loam  
Brute terrors like the scurrying of rats in a deserted attic  
Buried in his library like a mouse in a cheese  
Burns like a living coal in the soul  
But across it, like a mob's menace, fell the thunder  
But thou art fled, like some frail exhalation  
Butterflies like gems

C

Calm as the night  
Calm like a flowing river  
Calm like a mountain brooding o'er the sea  
Calmly dropping care like a mantle from her shoulders

Cast thy voice abroad like thunder  
Charm upon charm in her was packed, like rose-leaves in a costly vase  
Chaste as the icicle  
Cheeks as soft as July peaches  
Chill breath of winter  
Choked by the thorns and brambles of early adversity  
Cities scattered over the world like ant-hills  
Cities that rise and sink like bubbles  
Clear and definite like the glance of a child or the voice of a girl  
Clear as a forest pool  
Clear as crystal  
Clenched little hands like ruffled roses, dimpled and dear  
Cloud-like that island hung afar  
Clouds like the petals of a rose  
Cloudy mirror of opinion  
Cold and hard as steel  
Cold as the white rose waking at daybreak  
Cold, glittering monotony like frosting around a cake  
Collapsed like a concertina  
Colored like a fairy tale  
Companionless as the last cloud of an expiring storm  
whose thunder is its knell  
Consecration that like a golden thread  
runs through the warp and woof of one's life  
[warp = lengthwise threads]  
[woof = crosswise threads]  
Constant as gliding waters  
Contending like ants for little molehill realms  
Continuous as the stars that shine  
Cowslips, like chance-found gold  
Creeds like robes are laid aside

Creeping like a snail, unwillingly to school

Cruel as death

Curious as a lynx

Cuts into the matter as with a pen of fire

D

Dainty as flowers

Dance like a wave of the sea

Dark and deep as night

Dark as pitch

Dark trees bending together as though whispering secrets

Dazzling white as snow in sunshine

Deafening and implacable as some elemental force

Dear as remembered kisses after death

Dear as the light that visits these sad eyes

Dearer than night to the thief

Debasing fancies gather like fowl birds

Deep as the fathomless sea

Deep dark well of sorrow

Delicate as nymphs

Delicate as the flush on a rose or the sculptured line on a Grecian urn

Denominational lines like stone walls

Dependency had dropped from her like a cast-off cloak

Despondency clung to him like a garment that is wet

Destructive as the lightning flash

Die like flies

Dip and surge lightly to and fro, like the red harbor-buoy

Disappearing into distance like a hazy sea

Dissatisfaction had settled on his mind like a shadow

Dissolve like some unsubstantial vision faded

Do make a music like to rustling satin  
Dogging them like their own shadow  
Dost thou not hear the murmuring nightingale  
like water bubbling from a silver jar?  
Drop like a feather, softly to the ground  
Drowned like rats  
Dull as champagne

E

Each like a corpse within its grave  
Each moment was an iridescent bubble fresh-blown from the lips of fancy  
Eager-hearted as a boy  
Eager with the headlong zest of a hunter for the game  
Ears that seemed as deaf as dead man's ears  
Easy as a poet's dream  
Emotions flashed across her face  
like the sweep of sun-rent clouds over a quiet landscape  
Eternal as the skies  
Evanescent as bubbles [evanescent = vanishing like vapor]  
Every flake that fell from heaven was like an angel's kiss  
Every lineament was clear as in the sculptor's thought  
[lineament = characteristic feature]  
Everyone on the watch, like a falcon on its nest  
Every phrase is like the flash of a scimitar  
Exploded like a penny squib  
Eyes as deeply dark as are the desert skies  
Eyes as luminous and bright and brown as waters of a woodland river  
Eyes half veiled by slumberous tears,  
like bluest water seen through mists of rain  
Eyes like a very dark topaz  
Eyes like deep wells of compassionate gloom

Eyes like limpid pools in shadow

Eyes like mountain water that o'erflowing on a rock

F

Faces pale with bliss, like evening stars

Fade away like a cloud in the horizon

Faint and distant as the light of a sun that has long set

Faintly, like a falling dew

Fair and fleet as a fawn

Fair as a star when only one is shining in the sky

Fallen like dead leaves on the highway

Falling away like a speck in space

Fanciful and extravagant as a caliph's dream

Fawning like dumb neglected lap-dogs

Felt her breath upon his cheek like a perfumed air

Fields of young grain and verdured pastures like crushed velvet

Fierce as a bear in defeat

Fierce as the flames

Fills life up like a cup with bubbling and sparkling liquor

Fit closely together as the close-set stones of a building

Fix'd like a beacon-tower above the waves of a tempest

Flame like a flag unfurled

Flap loose and slack like a drooping sail

Flashed with the brilliancy of a well-cut jewel

Fled like sweet dreams

Fleet as an arrow

Flitted like a sylph on wings

Flowers as soft as thoughts of budding love

Fluent as a rill, that wanders silver-footed down a hill

Fluid as thought

Fluttered like gilded butterflies in giddy mazes  
Fragile as a spider's web  
Free as the air, from zone to zone I flew  
Free as the winds that caress  
Fresh and unworn as the sea that breaks languidly beside them  
Fresh as a jewel found but yesterday  
Fresh as the first beam glittering on a sail  
Frightened like a child in the dark  
Full-throated as the sea  
Furious as eagles

G

Gazed like a star into the morning light  
Glaring like noontide  
Gleam like a diamond on a dancing girl  
Glistening like threads of gold  
Glitter like a swarm of fire-flies tangled in a silver braid  
Glittering like an aigrette of stars  
[aigrette = ornamental tuft of upright plumes]  
Gone astray as a sheep that is lost  
Gone like a glow on the cloud at the close of day  
Gone like tenants that quit without warning  
Gorgeous as the hues of heaven  
Grazing through a circulating library  
as contentedly as cattle in a fresh meadow  
Great scarlet poppies lay in drifts and heaps,  
like bodies fallen there in vain assault

H

Hair as harsh as tropical grass and gray as ashes  
Hangs like a blue thread loosen'd from the sky

Hard, sharp, and glittering as a sword  
Harnessed men, like beasts of burden, drew it to the river-side  
Haunts you like the memory of some former happiness  
He began to laugh with that sibilant laugh  
which resembles the hiss of a serpent  
[sibilant = producing a hissing sound]  
He bent upon the lightning page like some rapt poet o'er his rhyme  
He bolted down the stairs like a hare  
He clatters like a windmill  
He danced like a man in a swarm of hornets  
He fell as falls some forest lion, fighting well  
He fell down on my threshold like a wounded stag  
He had acted exactly like an automaton  
He lay as straight as a mummy  
He lay like a warrior taking his rest  
He lived as modestly as a hermit  
He looked fagged and sallow, like the day [fagged = worked to exhaustion]  
He looked with the bland, expressionless stare of an overgrown baby  
He played with grave questions as a cat plays with a mouse  
He radiated vigor and abundance like a happy child  
He sat down quaking like a jelly  
He saw disaster like a ghostly figure following her  
He snatched furiously at breath like a tiger snatching at meat  
He spoke with a uniformity of emphasis  
that made his words stand out like the raised type for the blind  
He swayed in the sudden grip of anger  
He sweeps the field of battle like a monsoon  
He that wavereth is like a wave of the sea, driven with the wind and tossed  
He turned on me like a thunder-cloud  
He turned white as chalk  
He wandered restlessly through the house, like a prowling animal

He was as splendidly serious as a reformer  
He was as steady as a clock  
He was as wax in those clever hands  
He was bold as the hawk  
He was so weak now, like a shrunk cedar white with the hoar-frost  
Hearts unfold like flowers before thee  
Heavy was my heart as stone  
Heeled like an avalanche to leeward  
Her arms like slumber o'er my shoulders crept  
Her banners like a thousand sunsets glow  
Her beauty broke on him like some rare flower  
Her beauty fervent as a fiery moon  
Her breath is like a cloud  
Her cheeks are like the blushing cloud  
Her cheeks were wan and her eyes like coals  
Her dusky cheek would burn like a poppy  
Her expression changed with the rapidity of a kaleidoscope  
Her eyes as bright as a blazing star  
Her eyes as stars of twilight fair  
Her eyes, glimmering star-like in her pale face  
Her eyes were as a dove that sickeneth  
Her face changed with each turn of their talk,  
like a wheat-field under a summer breeze  
Her face collapsed as if it were a pricked balloon  
Her face was as solemn as a mask  
Her face was dull as lead  
Her face was like a light  
Her face was passionless,  
like those by sculptor graven for niches in a temple  
Her hair dropped on her pallid cheeks, like sea-weed on a clam

Her hair hung down like summer twilight  
Her hair shone like a nimbus  
Her hair was like a coronet  
Her hands are white as the virgin rose that she wore on her wedding day  
Her hands like moonlight brush the keys  
Her head dropped into her hands like a storm-broken flower  
Her heart has grown icy as a fountain in the fall  
Her holy love that like a vestal flame had burned  
Her impulse came and went like fireflies in the dusk  
Her lashes like fans upon her cheek  
Her laugh is like a rainbow-tinted spray  
Her lips are like two budded roses  
Her lips like a lovely song that ripples as it flows  
Her lips like twilight water  
Her little lips are tremulous as brook-water is  
[tremulous = timid or fearful]  
Her long black hair danced round her like a snake  
Her mouth as sweet as a ripe fig  
Her neck is like a stately tower  
Her pale robe clinging to the grass seemed like a snake  
Her pulses flutter'd like a dove  
Her skin was as the bark of birches  
Her sweetness halting like a tardy May  
Her two white hands like swans on a frozen lake  
Her voice cut like a knife  
Her voice like mournful bells crying on the wind  
Her voice was like the voice the stars had when they sang together  
Her voice was rich and vibrant, like the middle notes of a 'cello  
Her words sounding like wavelets on a summer shore

Herding his thoughts as a collie dog herds sheep

Here and there a solitary volume greeted him  
like a friend in a crowd of strange faces

Here in statue-like repose, an old wrinkled mountain rose

Hers was the loveliness of some tall white lily cut in marble,  
splendid but chill

His bashfulness melted like a spring frost

His brow bent like a cliff o'er his thoughts

His cheeks were furrowed and writhen like rain-washed crags  
[writhen = twisted]

His eyes blazed like deep forests

His eyes glowed like blue coals

His eyes were hollows of madness, his hair like moldy hay

His face burnt like a brand

His face was glad as dawn to me

His face was often lit up by a smile like pale wintry sunshine

His fingers were knotted like a cord

His formal kiss fell chill as a flake of snow on the cheek

His fortune melted away like snow in a thaw

His glorious moments were strung like pearls upon a string

His indifference fell from him like a garment

His invectives and vituperations bite and flay like steel whips  
[invective = abusive language]  
[vituperation = abusive language]

His mind murmurs like a harp among the trees

His mind was like a lonely wild

His mind was like a summer sky

His nerves thrilled like throbbing violins

His retort was like a knife-cut across the sinews

His revenge descends perfect, sudden, like a curse from heaven

His spirits sank like a stone

His talk is like an incessant play of fireworks

His voice is as the thin faint song  
when the wind wearily sighs in the grass

His voice rose like a stream of rich distilled perfumes

His voice was like the clap of thunder  
which interrupts the warbling birds among the leaves

His whole soul wavered and shook like a wind-swept leaf

His words gave a curious satisfaction,  
as when a coin, tested, rings true gold

Hopeful as the break of day

How like a saint she sleeps

How like a winter hath my absence been

How like the sky she bends over her child

Howling in the wilderness like beasts

Huge as a hippopotamus

Humming-birds like lake of purple fire

Hushed as the grave

Hushed like a breathless lyre

I

I had grown pure as the dawn and the dew

I have heard the Hiddon People like the hum of swarming bees

I have seen the ravens flying, like banners of old wars

I saw a face bloom like a flower

I saw a river of men marching like a tide

I saw his senses swim dizzy as clouds

I wander'd lonely as a cloud

I was as sensitive as a barometer

I was no more than a straw on the torrent of his will

I will face thy wrath though it bite as a sword

Ideas which spread with the speed of light

Idle hopes, like empty shadows

Impassive as a statue  
Impatient as the wind  
Impregnable as Gibraltar  
Impressive as a warrant of arrest for high treason  
Incredible little white teeth, like snow shut in a rose  
Infrequent carriages sped like mechanical toys guided by manikins  
In honor spotless as unfallen snow  
In that head of his a flame burnt that was like an altar-fire  
In yonder cottage shines a light, far-gleaming like a gem  
Instantly she revived like flowers in water  
Intangible as a dream  
It came and faded like a wreath of mist at eve  
It cuts like knives, this air so chill  
It drops away like water from a smooth statue  
It pealed through her brain like a muffled bell  
It poured upon her like a trembling flood  
It racked his ears like an explosion of steam-whistles  
It ran as clear as a trout-brook  
It seems as motionless and still as the zenith in the skies  
It set his memories humming like a hive of bees  
It staggered the eye, like the sight of water running up hill  
It stung like a frozen lash  
It was as futile as to oppose an earthquake with argument  
It was as if a door had been opened into a furnace, so the eyes blazed  
It would collapse as if by enchantment  
Its temples and its palaces did seem  
like fabrics of enchantment piled to Heaven

J

Jealousy, fierce as the fires

## K

Kindle like an angel's wings the western skies in flame

Kindly mornings when autumn and winter  
seemed to go hand in hand like a happy aged couple

Kingdoms melt away like snow

## L

Laboring like a giant

Languid streams that cross softly, slowly,  
with a sound like smothered weeping

Laughter like a beautiful bubble from the rosebud of baby-hood

Laughter like the sudden outburst of the glad bird in the tree-top

Lazy merchantmen that crawled like flies over the blue enamel of the sea

Leapt like a hunted stag

Let his frolic fancy play, like a happy child

Let in confusion like a whirling flood

Let thy mouth murmur like the doves

Life had been arrested, as the horologist,  
with interjected finger, arrests the beating of the clock  
[horologist = one who repairs watches]

Life stretched before him alluring and various as the open road

Life sweet as perfume and pure as prayer

Light as a snowflake

Lights gleamed there like stars in a still sky

Like a ball of ice it glittered in a frozen sea of sky

Like a blade sent home to its scabbard

Like a blast from a horn

Like a blast from the suddenly opened door of a furnace

Like a blossom blown before a breeze,  
a white moon drifts before a shimmering sky

Like a bright window in a distant view

Like a caged lion shaking the bars of his prison  
Like a calm flock of silver-fleeced sheep  
Like a cloud of fire  
Like a cold wind his words went through their flesh  
Like a crowd of frightened porpoises a shoal of sharks pursue  
Like a damp-handed auctioneer  
Like a deaf and dumb man wondering what it was all about  
Like a dew-drop, ill-fitted to sustain unkindly shocks  
Like a dipping swallow the stout ship dashed through the storm  
Like a distant star glimmering steadily in the darkness  
Like a dream she vanished  
Like a festooned girdle encircling the waist of a bride  
Like a flower her red lips parted  
Like a game in which the important part is to keep from laughing  
Like a glow-worm golden  
Like a golden-shielded army  
Like a great express train, roaring, flashing, dashing head-long  
Like a great fragment of the dawn it lay  
Like a great ring of pure and endless light  
Like a great tune to which the planets roll  
Like a high and radiant ocean  
Like a high-born maiden  
Like a jewel every cottage casement showed  
Like a joyless eye that finds no object worth its constancy  
Like a knight worn out by conflict  
Like a knot of daisies lay the hamlets on the hill  
Like a lily in bloom  
Like a living meteor  
Like a locomotive-engine with unsound lungs

Like a long arrow through the dark the train is darting  
Like a mirage, vague, dimly seen at first  
Like a miser who spoils his coat with scanting a little cloth  
[scanting = short]  
Like a mist the music drifted from the silvery strings  
Like a moral lighthouse in the midst of a dark and troubled sea  
Like a murmur of the wind came a gentle sound of stillness  
Like a noisy argument in a drawing-room  
Like a pageant of the Golden Year, in rich memorial pomp the hours go by  
Like a pale flower by some sad maiden cherished  
Like a poet hidden  
Like a river of molten amethyst  
Like a rocket discharging a shower of golden stars  
Like a rose embower'd in its own green leaves  
Like a sea of upturned faces  
Like a shadow never to be overtaken  
Like a shadow on a fair sunlit landscape  
Like a sheeted ghost  
Like a ship tossed to and fro on the waves of life's sea  
Like a slim bronze statue of Despair  
Like a snow-flake lost in the ocean  
Like a soul that wavers in the Valley of the Shadow  
Like a stalled horse that breaks loose  
and goes at a gallop through the plain  
Like a star, his love's pure face looked down  
Like a star that dwelt apart  
Like a star, unhasting, unresting  
Like a stone thrown at random  
Like a summer cloud, youth indeed has crept away  
Like a summer-dried fountain

Like a swift eagle in the morning glare  
breasting the whirlwind with impetuous flight

Like a thing at rest

Like a thing read in a book or remembered out of the faraway past

Like a tide of triumph through their veins,  
the red, rejoicing blood began to race

Like a triumphing fire the news was borne

Like a troop of boys let loose from school, the adventurers went by

Like a vaporous amethyst

Like a vision of the morning air

Like a voice from the unknown regions

Like a wandering star I fell through the deeps of desire

Like a watch-worn and weary sentinel

Like a wave of the sea driven with the wind and tossed

Like a whirlwind they went past

Like a withered leaf the moon is blown across the bay

Like a world of sunshine

Like a yellow silken scarf the thick fog hangs

Like an alien ghost I stole away

Like an eagle clutching his prey, his arm swooped down

Like an eagle dallying with the wind

Like an engine of dread war, he set his shoulder to the mountain-side

Like an enraged tiger

Like an enthusiast leading about with him an indifferent tourist

Like an icy wave, a swift and tragic impression swept through him

Like an unbidden guest

Like an unbodied joy whose race is just begun

Like an unseen star of birth

Like an unwelcome thought

Like apparitions seen and gone

Like attempting to number the waves on the shore of a limitless sea  
Like bells that waste the moments with their loudness  
Like blasts of trumpets blown in wars  
Like bright Apollo  
Like bright lamps, the fabled apples glow  
Like building castles in the air  
Like bursting waves from the ocean  
Like cliffs which have been rent asunder  
Like clouds of gnats with perfect lineaments  
[lineaments = distinctive shape]  
Like cobwebs woven round the limbs of an infant giant  
Like crystals of snow  
Like dead lovers who died true  
Like Death, who rides upon a thought,  
and makes his way through temple, tower, and palace  
Like dew upon a sleeping flower  
Like dining with a ghost  
Like drawing nectar in a sieve  
Like earth's decaying leaves  
Like echoes from a hidden lyre  
Like echoes from an antenatal dream  
Like fixed eyes, whence the dear light of sense and thought has fled  
Like footsteps upon wool  
Like fragrance from dead flowers  
Like ghosts, from an enchanter fleeing  
Like ghosts the sentries come and go  
Like golden boats on a sunny sea  
Like great black birds, the demons haunt the woods  
Like green waves on the sea  
Like having to taste a hundred exquisite dishes in a single meal

Like Heaven's free breath, which he who grasps can hold not  
Like helpless birds in the warm nest  
Like iridescent bubbles floating on a foul stream  
Like kindred drops mingled into one  
Like laying a burden on the back of a moth  
Like lead his feet were  
Like leaves in wintry weather  
Like leviathans afloat  
Like lighting a candle to the sun  
Like making a mountain out of a mole-hill  
Like mariners pulling the life-boat  
Like mice that steal in and out as if they feared the light  
Like mountain over mountain huddled  
Like mountain streams we meet and part  
Like music on the water  
Like notes which die when born, but still haunt the echoes of the hill  
Like oceans of liquid silver  
Like one pale star against the dusk,  
a single diamond on her brow gleamed with imprisoned fire  
Like one who halts with tired wings  
Like one who talks of what he loves in dream  
Like organ music came the deep reply  
Like pageantry of mist on an autumnal stream  
Like phantoms gathered by the sick imagination  
Like planets in the sky  
Like pouring oil on troubled waters  
Like roses that in deserts bloom and die  
Like rowing upstream against a strong downward current  
Like scents from a twilight garden  
Like separated souls

Like serpents struggling in a vulture's grasp  
Like sheep from out the fold of the sky, stars leapt  
Like ships that have gone down at sea  
Like shy elves hiding from the traveler's eye  
Like skeletons, the sycamores uplift their wasted hands  
Like some grave night thought threading a dream  
Like some new-gathered snowy hyacinth,  
so white and cold and delicate it was  
Like some poor nigh-related guest, that may not rudely be dismiss  
Like some suppressed and hideous thought which flits athwart our musings,  
but can find no rest within a pure and gentle mind  
Like some unshriven churchyard thing, the friar crawled  
Like something fashioned in a dream  
Like sounds of wind and flood  
Like splendor-winged moths about a taper  
Like stepping out on summer evenings from the glaring ball-room  
upon the cool and still piazza  
Like straws in a gust of wind  
Like summer's beam and summer's stream  
Like sunlight, in and out the leaves, the robins went  
Like sweet thoughts in a dream  
Like the awful shadow of some unseen power  
Like the bellowing of bulls  
Like the boar encircled by hunters and hounds  
Like the bubbles on a river sparkling, bursting, borne away  
Like the cold breath of the grave  
Like the creaking of doors held stealthily ajar  
Like the cry of an itinerant vendor in a quiet and picturesque town  
Like the dance of some gay sunbeam  
Like the dawn of the morn

Like the detestable and spidery araucaria  
[araucaria = evergreen trees of South America and Australia]

Like the dew on the mountain

Like the dim scent in violets

Like the drifting foam of a restless sea  
when the waves show their teeth in the flying breeze

Like the embodiment of a perfect rose, complete in form and fragrance

Like the faint cry of unassisted woe

Like the faint exquisite music of a dream

Like the fair flower dishevel'd in the wind

Like the fair sun, when in his fresh array he cheers the morn,  
and all the earth revealeth

Like the falling thud of the blade of a murderous ax

Like the fierce fiend of a distempered dream

Like the fitting of an old glove to a hand

Like the foam on the river

Like the great thunder sounding

Like the jangling of all the strings of some musical instrument

Like the jewels that gleam in baby eyes

Like the kiss of maiden love the breeze is sweet and bland

Like the long wandering love, the weary heart may faint for rest

Like the moon in water seen by night

Like the music in the patter of small feet

Like the prodigal whom wealth softens into imbecility

Like the quivering image of a landscape in a flowing stream

Like the rainbow, thou didst fade

Like the rustling of grain moved by the west-wind

Like the sap that turns to nectar, in the velvet of the peach

Like the sea whose waves are set in motion by the winds

Like the sea-worm, that perforates the shell of the mussel,  
which straightway closes the wound with a pearl

Like the setting of a tropical sun  
Like the shadow of a great hill that reaches far out over the plain  
Like the shadows of the stars in the upheaved sea  
Like the shudder of a doomed soul  
Like the silver gleam when the poplar trees  
rustle their pale leaves listlessly  
Like the soft light of an autumnal day  
Like the Spring-time, fresh and green  
Like the stern-lights of a ship at sea,  
illuminating only the path which has been passed over  
Like the sudden impulse of a madman  
Like the swell of Summer's ocean  
Like the tattered effigy in a cornfield  
Like the vase in which roses have once been distill'd  
Like the visits of angels, short and far between  
Like the whole sky when to the east the morning doth return  
Like thistles of the wilderness, fit neither for food nor fuel  
Like those great rivers, whose course everyone beholds,  
but their springs have been seen by but few  
Like thoughts whose very sweetness  
yielded proof that they were born for immortality  
Like to diamonds her white teeth shone between the parted lips  
Like torrents from a mountain source, we rushed into each other's arms  
Like troops of ghosts on the dry wind past  
Like two doves with silvery wings, let our souls fly  
Like two flaming stars were his eyes  
Like vaporous shapes half seen  
Like village curs that bark when their fellows do  
Like wasted hours of youth  
Like winds that bear sweet music,  
when they breathe through some dim latticed chamber

Like wine-stain to a flask the old distrust still clings  
Like winged stars the fire-flies flash and glance  
Like young lovers whom youth and love make dear  
Lingering like an unloved guest  
Lithe as a panther  
Little white hands like pearls  
Lofty as a queen  
Loneliness struck him like a blow  
Looked back with faithful eyes like a great mastiff to his master's face  
Looking as sulky as the weather itself  
Looking like a snarling beast balked of its prey  
[balked = checked, thwarted]  
Loose clouds like earth's decaying leaves are shed  
Lost like the lightning in the sullen clod  
Love as clean as starlight  
Love brilliant as the morning  
Love had like the canker-worm consumed her early prime  
Love is a changing lord as the light on a turning sword  
Love like a child around the world doth run  
Love like a miser in the dark his joys would hide  
Love shakes like a windy reed your heart  
Love smiled like an unclouded sun  
Love that sings and has wings as a bird  
Lovely as starry water  
Lovely the land unknown and like a river flowing

M

March on my soul nor like the laggard stay  
Me on whose heart as a worm she trod  
Meaningless as the syllables of an unknown tongue

Men moved hither and thither like insects in their crevices  
Mentality as hard as bronze  
Mentally round-shouldered and decrepit  
Merge imperceptibly into one another like the hues of the prism  
Meteors that dart like screaming birds  
Milk-white pavements, clear and richly pale, like alabaster  
More variegated than the skin of a serpent  
Motion like the spirit of that wind whose soft step deepens slumber  
Motionless as a plumb line  
Mountains like frozen wrinkles on a sea  
Moving in the same dull round, like blind horses in a mill  
Mute as an iceberg  
My age is as a lusty Winter  
My body broken as a turning wheel  
My breath to Heaven like vapor goes  
My head was like a great bronze bell with one thought for the clapper  
My heart is as some famine-murdered land  
My heart is like a full sponge and must weep a little  
My heart like a bird doth hover  
My heart will be as wind fainting in hot grass  
My life floweth away like a river  
My life was white as driven snow  
My love for thee is like the sovereign moon that rules the sea  
My love's like the steadfast sun  
My lungs began to crow like chanticleer [chanticleer = rooster]  
My mind swayed idly like a water-lily in a lake  
My muscles are as steel  
My skin is as sallow as gold  
My soul was as a lampless sea

My spirit seemed to beat the void, like the bird from out the ark  
My thoughts came yapping and growling round me like a pack of curs  
My thoughts ran leaping through the green ways of my mind  
like fawns at play

N

Night falls like fire

No longer shall slander's venom'd spite crawl  
like a snake across his perfect name

Now every nerve in my body seemed like a strained harp-string  
ready to snap at a touch

Now like a wild nymph she veils her shadowy form

Now like a wild rose in the fields of heaven  
slipt forth the slender figure of the Dawn

Now memory and emotion surged in my soul like a tempest

Now thou seemest like a bankrupt beau, stripped of his gaudy hues

O

Obscured with wrath as is the sun with cloud

Odorous as all Arabia

Often enough life tosses like a fretful stream among rocky boulders

Oh, lift me as a wave, a leaf, a cloud

Old as the evening star

Old happy hours that have long folded their wings

Once again, like madness, the black shapes of doubt swing through his brain

One bleared star, faint glimmering like a bee

One bright drop is like the gem that decks a monarch's crown

One by one flitting like a mournful bird

One deep roar as of a cloven world

One winged cloud above like a spread dragon overhangs the west

Oppressed by the indefiniteness which hung in her mind,  
like a thick summer haze

Or shedding radiance like the smiles of God

Our enemies were broken like a dam of river reeds  
Our hearts bowed down like violets after rain  
Our sail like a dew-lit blossom shone  
Overhead the intense blue of the noonday sky burst like a jewel in the sun

P

Pale and grave as a sculptured nun  
Pale as a drifting blossom  
Passed like a phantom into the shadows  
Passive and tractable as a child  
Peaceful as a village cricket-green on Sunday  
Peevish and impatient, like some ill-trained man who is sick  
Perished utterly, like a blown-out flame  
Philosophy evolved itself, like a vast spider's loom  
Pillowed upon its alabaster arms  
like to a child o'erwearied with sweet toil  
Polished as the bosom of a star  
Poured his heart out like the rending sea in passionate wave on wave  
Pouting like the snowy buds o' roses in July  
Presently she hovered like a fluttering leaf or flake of snow  
Pride and self-disgust served her  
like first-aid surgeons on the battlefield  
Proud as the proudest of church dignitaries  
Pure as a wild-flower  
Pure as the azure above them  
Pure as the naked heavens  
Pure as the snowy leaves that fold over the flower's heart  
Purple, crimson, and scarlet, like the curtains of God's tabernacle  
Put on gravity like a robe

Q

Quaking and quivering like a short-haired puppy after a ducking  
Questions and answers sounding like a continuous popping of corks  
Quiet as a nun's face  
Quietly as a cloud he stole  
Quietude which seemed to him beautiful as clear depths of water  
Quivering like an eager race-horse to start

R

Rage, rage ye tears, that never more should creep  
like hounds about God's footstool  
Ran like a young fawn  
Rattle in the ear like a flourish of trumpets  
Rays springing from the east like golden arrows  
Red as the print of a kiss might be  
Redolent with the homely scent of old-fashioned herbs and flowers  
Reflected each in the other like stars in a lake  
Refreshed like dusty grass after a shower  
Refreshing as descending rains to sunburnt climes  
Remote as the hidden star  
Restless as a blue-bottle fly on a warm summer's day  
Revealed his doings like those of bees in a glass hive  
Rich as the dawn  
Ride like the wind through the night  
Rivers that like silver threads  
ran through the green and gold of pasture lands  
Roared like mountain torrents  
Rolling it under the tongue as a sweet morsel  
Round my chair the children run like little things of dancing gold  
Ruddy as sunrise  
Ruddy his face as the morning light

Ruffling out his cravat with a crackle of starch,  
like a turkey when it spreads its feathers

Running to and fro like frightened sheep

Rushing and hurrying about like a June-bug

S

Sanctuaries where the passions may, like wild falcons,  
cover their faces with their wings

Sayings that stir the blood like the sound of a trumpet

Scattered love as stars do light

Sea-gulls flying like flakes of the sea

Sentences level and straight like a hurled lance

Shadowy faces, known in dreams, pass as petals upon a stream

Shake like an aspen leaf

Shaken off like a nightmare

Shapeless as a sack of wool

Shattered like so much glass

She brightened like a child whose broken toy is glued together

She could summon tears as one summons servants

She danced like a flower in the wind

She disclaimed the weariness that  
dragged upon her spirits like leaden weights

She exuded a faint and intoxicating perfume of womanliness,  
like a crushed herb

She felt like an unrepentant criminal

She fled like a spirit from the room

She flounders like a huge conger-eel in an ocean of dingy morality

She gave him a surprised look,  
like a child catching an older person in a foolish statement

She gave off antipathies as a liquid gives off vapor

She has great eyes like the doe

She heard him like one in a dream

She let the soft waves of her deep hair fall like flowers from Paradise  
She looked like a tall golden candle  
She looked like the picture of a young rapt saint, lost in heavenly musing  
She moved like mirth incarnate  
She nestles like a dove  
She played with a hundred possibilities  
fitfully and discursively as a musician runs his fingers over a key-board  
She played with grave cabinets as a cat plays with a mouse  
She saw this planet like a star hung in the glistening depths of even  
She seemed as happy as a wave that dances on the sea  
She shall be sportive as the fawn  
She stood silent a moment, dropping before him like a broken branch  
She that passed had lips like pinks  
She walked like a galley-slave  
She walks in beauty like the night  
She was as brilliant, and as hard too, as electric light  
She was silent, standing before him like a little statuesque figure  
Shining like the dewy star of dawn  
Shivering pine-trees, like phantoms  
Showy as damask-rose and shy as musk  
Shrill as the loon's call  
Shrivel like paper thrust into a flame  
Shy as the squirrel  
Sights seen as a traveling swallow might see them on the wing  
Silence deep as death  
Silence now is brooding  
like a gentle spirit o'er the still and pulseless world  
Silence that seemed heavy and dark; like a passing cloud  
Sinks clamorous like mill-waters at wild play  
Sits like the maniac on his fancied throne

Skies as clear as babies' eyes  
Sleek and thick and yellow as gold  
Slender and thin as a slender wire  
Slowly as a tortoise  
Slowly as the finger of a clock, her shadow came  
Slowly moved off and disappeared  
like shapes breathed on a mirror and melting away  
Slowly, unnoted, like the creeping rust  
that spreads insidious, had estrangement come  
Small as a grain of mustard seed  
Smooth as a pond  
Smooth as the pillar flashing in the sun  
Snug as a bug in a rug  
Soaring as swift as smoke from a volcano springs  
So elusive that the memory of it afterwards  
was wont to come and go like a flash of light  
So my spirit beat itself like a caged bird against its prison bars in vain  
Soft as a zephyr  
Soft as sleep the snow fell  
Soft as Spring  
Soft as the down of the turtle dove  
Soft as the landscape of a dream  
Soft as the south-wind  
Soft in their color as gray pearls  
Soft vibrations of verbal melody, like the sound of a golden bell  
rung far down under the humming waters  
Some gleams of feeling pure and warm as sunshine on a sky of storm  
Some like veiled ghosts hurrying past  
as though driven to their land of shadows by shuddering fear  
Some minds are like an open fire--how direct and instant  
our communication with them  
Something divine seemed to cling around her like some subtle vapor

Something resistant and inert, like the obstinate rolling over  
of a heavy sleeper after he has been called to get up

Something sharp and brilliant, like the glitter of a sword  
or a forked flash of lightning

Sorrowful eyes like those of wearied kine spent from the plowing  
[kine = cows]

Spread like wildfire

Squirrel-in-the-cage kind of movement

Stamping like a plowman to shuffle off the snow

Stared about like calves in a pen

Steadfast as the soul of truth

Steals lingering like a river smooth

Still as death

Stood like a wave-beaten rock

Straight as a ray of light

Straight as an arrow

Streamed like a meteor through the troubled air

Streamed o'er his memory like a forest flame

Streaming tears, like pearl drops from a flint

Striking with the force of an engine of destruction

Strong as a bison

Style comes, if at all, like the bloom upon fruit,  
or the glow of health upon the cheek

Subtle as jealousy

Sudden a thought came like a full-blown rose, flushing his brow

Sudden sprays of rain, like volleys of sharp arrows,  
rattled gustily against the windows

Suddenly, like death, the truth flashed on them

Sunbeams flashing on the face of things  
like sudden smilings of divine delight

Sunday mornings which seem to put on, like a Sabbath garment,  
an atmosphere of divine quietude

Supple and sweet as a rose in bloom

Sway like blown moths against the rosewhite flame

Sweet as a summer night without a breath

Sweet as music she spoke

Sweet as the rain at noon

Sweet as the smile of a fairy

Swift as a swallow heading south

Swift as lightning

Swift as the panther in triumph

Swifter than the twinkling of an eye

T

Talking and thinking became to him like the open page of a monthly magazine

Tall lance-like reeds wave sadly o'er his head

That like a wounded snake drags its slow length along

The anemone that weeps at day-break, like a silly girl before her lover

The army blazed and glowed in the golden sunlight  
like a mosaic of a hundred thousand jewels

The army like a witch's caldron seethed

The beating of her heart was like a drum

The beauty of her quiet life was like a rose in blowing

The billows burst like cannon down the coast

The birds swam the flood of air like tiny ships

The boat cuts its swift way through little waves like molten gold and opal

The boom of the surf grew ever less sonorous,  
like the thunder of a retreating storm

The breast-plate of righteousness

The breathless hours like phantoms stole away

The breeze is as a pleasant tune

The calm white brow as calm as earliest morn

The camp fire reddens like angry skies

The chambers of the house were haunted by an incessant echoing,  
like some dripping cavern

The church swarmed like a hive

The city is all in a turmoil; it boils like a pot of lentils

The clouds that move like spirits o'er the welkin clear [welkin = sky]

The clustered apples burnt like flame

The colored bulbs swung noon-like from tree and shrub

The crimson close of day

The curl'd moon was like a little feather

The curling wreaths like turbans seem

The dark hours are swept away like crumbling ashes

The dark mass of her hair shook round her like a sea

The dawn is rising from the sea, like a white lady from her bed

The dawn had whitened in the mist like a dead face

The dawn with silver-sandaled feet crept like a frightened girl.

The day stunned me like light upon some wizard way

The day was sweeter than honey and the honey-comb

The day have trampled me like armed men

The dead past flew away over the fens like a flight of wild swans

The deep like one black maelstrom round her whirls

The deepening east like a scarlet poppy burnt

The desolate rocky hills rolled like a solid wave along the horizon

The dome of heaven is like one drop of dew

The dreams of poets come like music heard at evening  
from the depth of some enchanted forest

The eagerness faded from his eyes,  
leaving them cold as a winter sky after sunset

The earth was like a frying-pan, or some such hissing matter

The eternal sea, which like a childless mother,  
still must croon her ancient sorrows to the cold white moon

The evening sky was as green as jade

The excitement had spread through the whole house,  
like a piquant and agreeable odor

The excitement of the thought  
buoyed his high-strung temperament like a tonic

The feathery meadows like a lilac sea

The firm body like a slope of snow

The first whiff of reality dissipated them like smoke

The floor, newly waxed, gleamed in the candle-light like beaten moonbeams

The fragrant clouds of hair, they flowed round him like a snare

The gathering glory of life shone like the dawn

The gesture was all strength and will,  
like the stretching of a sea-bird's wings

The girl's voice rang like a bird-call through his rustling fancies

The glimmer of tall flowers standing  
like pensive moon-worshippers in an ecstasy of prayerless bloom

The guides sniffed, like chamois, the air  
[chamois = extremely agile goat antelope]

The heavens are like a scroll unfurled

The hills across the valley were purple as thunder-clouds

The hoofs of the horses rang like the dumb cadence of an old saga

The hours crawled by like years

The hum of the camp sounds like the sea

The hurrying crowds of men gather like clouds

The ideas succeeded each other like a dynasty of kings

The impalpable presence of the new century  
rose like a vast empty house through which

no human feet had walked

The inexorable facts closed in on him  
like prison-warders hand-cuffing a convict

The lake glimmered as still as a mirror

The land of gold seemed to hold him like a spell

The land was like a dream

The level boughs, like bars of iron across the setting sun

The light of London flaring like a dreary dawn

The lights blazed up like day

The lilies were drooping, white, and wan,  
like the head and skin of a dying man

The mellowing hand of time

The melody rose tenderly and lingeringly  
like a haunting perfume of pressed flowers

The Milky Way lay like diamond-dust upon the robe of some great king

The monk's face whitened like sea-foam

The moon drowsed between the trees like a great yellow moth

The moon on the tower slept soft as snow

The moonbeams rest like a pale spotless shroud

The moonlight lay like snow

The moonlight, like a fairy mist, upon the mesa spreads

The mortal coldness of the soul, like death itself comes down

The mountain shadows mingling, lay like pools above the earth

The mountains loomed up dimly, like phantoms through the mist

The music almost died away, then it burst like a pent-up flood

The name that cuts into my soul like a knife

The nervous little train winding its way like a jointed reptile

The new ferns were spread upon the earth like some lacy coverlet

The night like a battle-broken host is driven before

The night yawned like a foul wind

The ocean swelled like an undulating mirror of the bowl of heaven

The old books look somewhat pathetically from the shelves,  
like aged dogs wondering why no one takes them for a walk

The old infamy will pop into daylight  
like a toad out of fissure in the rock

The penalty falls like a thunderbolt from heaven

The phrase was like a spear-thrust

The pine trees waved as waves a woman's hair

The place was like some enchanted town of palaces

The plains to northward change their color  
like the shimmering necks of doves

The poppy burned like a crimson ember

The prime of man has waxed like cedars

The public press would chatter and make odd ambiguous sounds  
like a shipload of monkeys in a storm

The purple heather rolls like dumb thunder

The rainbows flashed like fire

The river shouted as ever its cry of joy over the vitality of life,  
like a spirited boy before the face of inscrutable nature

The roofs with their gables like hoods

The roses lie upon the grass like little shreds of crimson silk

The satire of the word cut like a knife

The scullion with face shining like his pans

The sea reeled round like a wine-vat splashing

The sea-song of the trampling waves is as muffled bells

The sea spread out like a wrinkled marble floor

The sea, that gleamed still, like a myriad-petaled rose

The sea was as untroubled as the turquoise vault which it reflected

The setting of the sun is like a word of peace

The sharp hail rattles against the panes and melts on my cheeks like tears

The ships, like sheeted phantoms coming and going

The silence seemed to crush to earth  
like a great looking-glass and shiver into a million pieces

The silvery morning like a tranquil vision fills the world

The sky burned like a heated opal

The sky gleamed with the hardness and brilliancy of blue enamel

The sky was as a shield  
that caught the stain of blood and battle from the dying sun

The sky was clear and blue, and the air as soft as milk

The sky was like a peach

The sky where stars like lilies white and fair shine through the mists

The solid air around me there heaved like a roaring ocean

The solid mountains gleamed like the unsteady sea

The soul is like a well of water springing up into everlasting life

The sound is like a noon-day gale

The sound is like a silver-fountain that springeth in a golden basin

The sound of a thousand tears, like softly pattering wings

The sound of your running feet that like the sea-hoofs beat

The spear-tongued lightning slipped like a snake

The Spring breaks like a bird

The stacks of corn in brown array, like tattered wigwams on the plain

The stars come down and trembling glow like blossoms on the waves below

The stars lay on the lapis-lazuli sky

like white flower-petals on still deep water

[lapis-lazuli = opaque to translucent blue,  
violet-blue, or greenish-blue gemstone]

The stars pale and silent as a seer

The strange cold sense of aloofness that had numbed her senses  
suddenly gave way like snow melting in the spring

The sudden thought of your face is like a wound when it comes unsought

The sun, like a great dragon, writhes in gold

The sun on the sea-wave lies white as the moon

The surf was like the advancing lines of an unknown enemy  
flinging itself upon the shore

The terrible past lay afar, like a dream left behind in the night

The tide was in the salt-weed, and like a knife it tore

The time, gliding like a dream

The torrent from the hills

leaped down their rocky stairways like wild steeds

The tree whose plumed boughs are soft as wings of birds

The uproar and contention pierced him like arrows

The veiled future bowed before me like a vision of promise  
The velvet grass that is like padding to earth's meager ribs  
The villa dips its foot in the lake, smiling at its reflection  
like a bather lingering on the brink  
The voice of Fate, crying like some old Bellman through the world  
The voice that rang in the night like a bugle call  
The warm kindling blood burned her cheeks like the breath of a hot wind  
The waves were rolling in, long and lazy, like sea-worn travelers  
The whole truth, naked, cold, and fatal as a patriot's blade  
The wind all round their ears hissed like a flight of white-winged geese  
The wind comes and it draws its length along  
like the genii from the earthen pot  
The wine flows like blood  
The woman seemed like a thing of stone  
The words kept ringing in my ears like the tolling of a bell  
The words of the wise fall  
like the tolling of sweet, grave bells upon the soul  
The world had vanished like a phantasmagoria  
The world is bitter as a tear  
The world is in a simmer, like a sea  
The world wavers within its circle like a dream  
The years stretched before her like some vast blank page  
out to receive the record of her toil  
The years vanished like a May snowdrift  
The yellow apples glowed like fire  
Their glances met like crossed swords  
Their joy like sunshine deep and broad falls on my heart  
Their minds rested upon the thought,  
as chasing butterflies might rest together on a flower  
Their music frightful as the serpent's hiss  
Their touch affrights me as a serpent's sting  
Then fall unheeded like the faded flower

Then felt I like some watcher of the skies

Then it swelled out to rich and glorious harmonies  
like a full orchestra playing under the sea

Then the lover sighing like furnace

Theories sprouted in his mind like mushrooms

There is an air about you like the air that folds a star

There, like a bird, it sits and sings

There seemed to brood in the air a quiet benevolence  
of a Father watching His myriad children at play

There she soars like a seraph

There she stood straight as a lily on its stem

There slowly rose to sight, a country like a dragon fast asleep

There streamed into the air the sweet smell of crushed grass, as though  
many fields had been pressed between giant's fingers and so had been left

These eyes like stars have led me

These final words snapped like a whip-lash

These thoughts pierced me like thorns

They are as cruel as creeping tigers

They are as white foam on the swept sands

They are as white swans in the dusk, thy white hands

They are painted sharp as death

They broke into pieces and fell on the ground,  
like a silvery, shimmering shower of hail

They dropped like panthers

They fly like spray

They had hands like claws

They had slipped away like visions

They have as many principles as a fish has bones

They have faces like flowers

They hurried down like plovers that have heard the call

[plovers = wading birds]

They look like rose-buds filled with snow  
They seem like swarming flies, the crowd of little men  
They seemed like floating flowers  
They shine as sweet as simple doves  
They stand like solitary mountain forms  
on some hard, perfectly transparent day  
They vanished like the shapes that float upon a summer's dream  
Thick as wind-blown leaves innumerable  
Thickly the flakes drive past, each like a childish ghost  
Thine eyes like two twin stars shining  
This life is like a bubble blown up in the air  
This love that dwells like moonlight in your face  
This thought is as death  
This tower rose in the sunset like a prayer  
Those ancestral themes past which so many generations have slept  
like sea-going winds over pastures  
Those death-like eyes, unconscious of the sun  
Those eyelids folded like a white rose-leaf  
Those eyes like bridal beacons shine  
Thou art to me but as a wave of the wild sea  
Thou as heaven art fair and young  
Thou hadst a voice whose sound was like the sea  
Thou must wither like a rose  
Thou shalt be as free as mountain winds  
Thou wouldst weep tears bitter as blood  
Though bright as silver the meridian beams shine  
Though thou be black as night  
Thoughts vague as the fitful breeze  
Three-cornered notes fly about like butterflies  
Through the forest, like a fairy dream through some dark mind,  
the ferns in branching beauty stream

Through the moonlit trees, like ghosts of sounds haunting the moonlight,  
stole the faint tinkle of a guitar

Through the riot of his senses, like a silver blaze, ran the legend

Thy beauty like a beast it bites

Thy brown benignant eyes have sudden gleams of gladness and surprise,  
like woodland brooks that cross a sunlit spot

Thy carven columns must have grown by magic, like a dream in stone

Thy favors are but like the wind that kisses everything it meets

Thy heart is light as a leaf of a tree

Thy name burns like a gray and flickering candle flame

Thy name will be as honey on men's lips

Till death like sleep might steal on me

Till he melted like a cloud in the silent summer heaven

Time drops in decay, like a candle burnt out

Time like a pulse shakes fierce

To drag life on, which  
like a heavy chain lengthens behind with many a link of pain

To forsake as the trees drop their leaves in autumn

Toys with smooth trifles like a child at play

Transitory as clouds without substance

Transparent like a shining sun

Tree and shrub altered their values  
and became transmuted to silver sentinels

Trees that spread their forked boughs like a stag's antlers

Trembling like an aspen-leaf

Truths which forever shine as fixed stars

Turning easily and securely as on a perfect axle

U

Unbends like a loosened bow

Unbreakable as iron

Unconscious as an oak-tree of its growth

Under the willow-tree glimmered her face  
like a foam-flake drifting over the sea

Unheralded, like some tornado  
loosed out of the brooding hills, it came to pass

Unknown, like a seed in fallow ground, was the germ of a plan

Unmoving as a tombstone

Untameable as flies

Unutterable things pressing on my soul  
like a pent-up storm craving for outlet

Upcast like foam of the effacing tide

Uplifting the soul as on dovelike wings

Uplifting their stony peaks around us  
like the walls and turrets of a gigantic fortress

Urgent as the seas

Uttering wild cries like a creature in pain

V

Vague as a dream

Vague thoughts that stream shapelessly through her mind  
like long sad vapors through the twilight sky

Vanish into thin air, like ghosts at the cockcrow

Vanished like snow when comes a thaw

Vanished like vapor before the sun

Vibrations set quivering like harp strings struck by the hand of a master

Vociferous praise following like a noisy wave

W

Walking somewhat unsteadily like a blind man feeling his way

Waves glittered and danced on all sides like millions of diamonds

We left her and retraced our steps like faithless hounds

Weak and frail like the vapor of a vale

Wearing their wounds like stars

Weary wind, who wanderest like the world's rejected guest

When a draft might puff them out like a guttering candle  
[guttering = To melt through the side of the hollow in a candle  
formed by a burning wick; to burn low and unsteadily; flicker]

When arm in arm they both came swiftly running,  
like a pair of turtle-doves that could not live asunder day or night

When cards, invitations, and three-corn'd notes  
fly about like white butterflies

When she died, her breath whistled like the wind in a keyhole

When the fever pierced me like a knife

Where a lamp of deathless beauty shines like a beacon

Where heroes die as leaves fall

Where the intricate wheels of trade are grinding on, like a mill

Where the source of the waters is fine as a thread

Whilst the lagging hours of the day went by  
like windless clouds o'er a tender sky

Whistled sharply in the air like a handful of vipers

White as a ghost from darkness

White as chalk

White as dove or lily, or spirit of the light

White as the driven snow

White as the moon's white flame

White as the sea-bird's wing

White clouds like daisies

White hands she moves like swimming swans

White hands through her hair,  
like white doves going into the shadow of a wood

White like flame

White sails of sloops like specters

Whose bodies are as strong as alabaster

Whose hair was as gold raiment on a king

Whose laugh moves like a bat through silent haunted woods

Whose little eyes glow like the sparks of fire  
Whose music like a robe of living light re clothed each new-born age  
Windy speech which hits all around the mark like a drunken carpenter  
Winged like an arrow to its mark  
With a sting like a scorpion  
With all the complacency of a homeless cat  
With an angry broken roar, like billows on an unseen shore, their fury burst  
With hate darkling as the swift winter hail  
With music sweet as love  
With sounds like breakers  
With strength like steel  
With the whisper of leaves in one's ear  
With words like honey melting from the comb  
Wits as sharp as gimlets [gimlet = small hand tool for boring holes]  
Women with tongues like polar needles  
Words as fresh as spring verdure  
[verdure = lush greenness of flourishing vegetation]  
Words as soft as rain  
Words like the gossamer film of the summer  
Words sweet as honey from his lips distill'd  
Words were flashing like brilliant birds through the boughs overhead  
Wordsworth, thy music like a river rolls  
Worthless like the conjurer's gold  
Wrangle over details like a grasping pawnbroker  
Wrinkled and scored like a dried apple  
Writhing with an intensity that burnt like a steady flame

Y

Yielding like melted snow  
Yonder flimsy crescent, bent like an archer's bow above the snowy summit

You are as gloomy to-night as an undertaker out of employment  
You are as hard as stone  
You gave me such chill embraces  
as the snow-covered heights receive from clouds  
Your blood is red like wine  
Your charms lay like metals in a mine  
Your eyes are like fantastic moons that shiver in some stagnant lake  
Your eyes as blue as violets  
Your eyes they were green and gray like an April day  
Your frail fancies are swallowed up,  
like chance flowers flung upon the river's current  
Your hair was golden as tints of sunrise  
Your heart is as dry as a reed  
Your locks are like the raven  
Your love shall fall about me like sweet rain  
Your step's like the rain to summer vexed farmer  
Your thoughts are buzzing like a swarm of bees  
Your tongue is like a scarlet snake  
Your voice had a quaver in it just like the linnet [linnet = small finch]  
Youth like a summer morn

## SECTION IX

### CONVERSATIONAL PHRASES

A

A most extraordinary idea!

A thousand hopes for your success

Accept my best wishes

All that is conjecture

Allow me to congratulate you

An unfortunate comparison, don't you think?

And even if it were so?

And how am I to thank you?

And in the end, what are you going to make of it?

And yet the explanation does not wholly satisfy me

Apparently I was wrong

Are we wandering from the point?

Are you a trifle--bored?

Are you fully reconciled?

Are you not complicating the question?

Are you prepared to go to that length?

Are you still obdurate?

[obdurate = Hardened in wrongdoing; stubbornly impenitent]

As it happens, your conjecture is right

Assuredly I do

At first blush it may seem fantastic

B

Banish such thoughts

But are you not taking a slightly one-sided point of view?

But consider for a moment

But I look at the practical side

But I wander from my point

But now I'll confide something to you

But perhaps I'm hardly fair when I say that

But seriously speaking, what is the use of it?

But surely that is inconsistent

But that's a tremendous hazard

But the thing is simply impossible

But there's one thing you haven't said

But, wait, you haven't heard the end  
But what do you yourself think about it?  
But who could foresee what was going to happen?  
But you are open to persuasion?  
But you do not know for certain  
But you must tell me more  
By a curious chance, I know it very well  
By no means desirable, I think

C

Can I persuade you?  
Can you imagine anything so horrible?  
Certain circumstances make it undesirable  
Certainly not, if it displeases you  
Certainly, with the greatest pleasure  
Come, where's your sense of humor?  
Consult me when you want me--at any time

D

Decidedly so  
Dine with me to-morrow night?--if you are free?  
Do I presume too much?  
Do I seem very ungenerous?  
Do not misunderstand me  
Do not the circumstances justify it?  
Don't be so dismal, please  
Don't delude yourself  
Don't let me encroach on your good nature  
Don't think I am unappreciative of your kindness  
Do you attach any particular meaning to that?

Do you know, I envy you that  
Do you know what his chief interests are now?  
Do you mind my making a suggestion?  
Do you press me to tell?  
Do you really regard him as a serious antagonist?  
Do you think there is anything ominous in it?  
Does it please you so tremendously?  
Does it seem incredible?

E  
Either way is perplexing  
Eminently proper, I think  
Everyone looks at it differently  
Excuse my bluntness

F  
Fanciful, I should say  
For the simplest of reasons  
Forgive me if I seem disobliging  
Fortunate, to say the least  
Frankly, I don't see why it should  
Frugal to a degree  
Fulsome praise, I call it

G  
Give me your sympathy and counsel  
Glorious to contemplate  
Good! that is at least something  
Gratifying, I am sure

H

Happily there are exceptions to every rule

Has it really come to that?

Have I incurred your displeasure?

Have you any rooted objection to it?

Have you anything definite in your mind?

Have you reflected what the consequences might be to yourself?

He does me too much honor

He feels it acutely

He has a queer conception of the proprieties

He is a poor dissembler [dissemble = conceal behind a false appearance]

He is anything but obtuse

He is so ludicrously wrong

He is the most guileless of men

He was so extremely susceptible

He writes uncommonly clever letters

Heaven forbid that I should wound your sensibility

His sense of humor is unquenchable

How amiable you are to say so

How can I tell you how much I have enjoyed it all?

How can I thank you?

How can you be so unjust?

How delightful to meet you

How does the idea appeal to you?

How droll you are!

How extraordinary!

How intensely interesting!

How perfectly delightful!

How utterly abominable

How very agreeable this is!

How very interesting

How very surprising

How well you do it!

However, I should like to hear your views

Human nature interests me very much indeed

I

I admire your foresight

I admit it most gratefully

I agree--at least, I suppose I do

I agree that something ought to be done

I always welcome criticism so long as it is sincere

I am absolutely bewildered

I am afraid I am not familiar enough with the subject

I am afraid I cannot suggest an alternative

I am afraid I've allowed you to tire yourself

I am afraid I must confess my ignorance

I am afraid you will call me a sentimentalist

I am always glad to do anything to please you

I am anxious to discharge the very onerous debt I owe you

I am appealing to your sense of humor

I am at your service

I am bound to secrecy

I am compelled to, unluckily

I am curious to learn what his motive was

I am deeply flattered and grateful

I am delighted to hear you say so

I am dumb with admiration

I am entirely at your disposal

I am extremely glad you approve of it

I am far from believing the maxim  
I am fortunate in being able to do you a service  
I am glad to be able to think that  
I am glad to have had this talk with you  
I am glad to say that I have entirely lost that faculty  
I am glad you can see it in that way  
I am glad you feel so deeply about it  
I am giving you well-deserved praise  
I am going to make a confession  
I am grateful for your good opinion  
I am honestly indignant  
I am, I confess, a little discouraged  
I am in a chastened mood  
I am inclined to agree with you  
I am incredulous  
I am indebted to you for the suggestion  
I am listening--I was about to propose  
I am lost in admiration  
I am luckily disengaged to-day  
I am more grieved than I can tell you  
I am naturally overjoyed  
I am not a person of prejudices  
I am not an alarmist  
I am not as unreasonable as you suppose  
I am not at all in the secret of his ambitions  
I am not capable of unraveling it  
I am not going into sordid details  
I am not going to let you evade the question  
I am not going to pay you any idle compliments

I am not impervious to the obligations involved  
I am not in sympathy with it  
I am not in the least surprised  
I am not inquisitive  
I am not prepared to say  
I am not sure that I can manage it  
I am not vindictive  
I am overjoyed to hear you say so  
I am perfectly aware of what I am saying  
I am persuaded by your candor  
I am quite convinced of that  
I am quite discomfited  
I am quite interested to see what you will do  
I am quite ready to be convinced  
I am rather of the opinion that I was mistaken  
I am ready to make great allowances  
I am really afraid I don't know  
I am really gregarious  
I am sensible of the flattery  
I am seriously annoyed with myself about it  
I am so glad you think that  
I am so sorry--so very sorry  
I am sorry to disillusionize you  
I am sorry to interrupt this interesting discussion  
I am sorry to say it is impossible  
I am speaking plainly  
I am still a little of an idealist  
I am suppressing many of the details  
I am sure it sounds very strange to you

I am sure you could pay me no higher compliment  
I am sure you will hear me out  
I am surprised, I confess  
I am sustained by the prospect of a good dinner  
I am vastly obliged to you  
I am vastly your debtor for the information  
I am very far from being a fanatic  
I am very glad of this opportunity  
I am very grateful--very much flattered  
I am wholly in agreement with you  
I am willing to accept all the consequences  
I am wonderfully well  
I am wondering if I may dare ask you a very personal question?  
I am your creditor unawares  
I anticipate your argument  
I appreciate your motives  
I assure you it is most painful to me  
I assure you my knowledge of it is limited  
I bear no malice about that  
I beg your indulgence  
I beg your pardon, but you take it too seriously  
I brazenly confess it  
I can easily understand your astonishment  
I can explain the apparent contradiction  
I can find no satisfaction in it  
I can hardly agree with you there  
I can never be sufficiently grateful  
I can only tell you the bare facts  
I can scarcely accept the offer

I can scarcely boast that honor  
I can scarcely imagine anything more disagreeable  
I can sympathize with you  
I cannot altogether acquit myself of interested motives  
I cannot explain it even to myself  
I cannot find much real satisfaction in it  
I cannot forbear to press my advantage  
I cannot imagine what you mean  
I cannot precisely determine  
I can't pretend to make a jest of what I'm going to say  
I cannot say definitely at the moment  
I cannot say that in fact it is always so  
I cannot see how you draw that conclusion  
I cannot thank you enough for all your consideration  
I compliment you on your good sense  
I confess, I find it difficult  
I could ask for nothing better  
I could never forgive myself for that  
I dare say your intuition is quite right  
I decline to commit myself beforehand  
I detest exaggeration  
I didn't mean that--exactly  
I do not comprehend your meaning  
I don't deny that it is interesting  
I don't doubt it for a moment  
I do not doubt the sincerity of your arguments  
I do not exactly understand you  
I do not feel sure that I entirely share your views  
I don't feel that it is my business

I do not find it an unpleasant subject  
I don't insist on your believing me  
I don't justify my presumption  
I don't know quite why you should say that  
I don't know that I can do that  
I don't know when I have heard anything so lamentable  
I don't know why you should be displeased  
I don't make myself clear, I see  
I don't pretend to explain  
I don't see anything particularly wonderful in it  
I don't underrate his kindness  
I don't want to disguise that from you  
I don't want to exaggerate  
I don't want to seem critical  
I doubt the truth of that saying  
I endorse it, every word  
I entirely approve of your plan  
I fancy it's just that  
I fear I cannot help you  
I fear that's too technical for me  
I feel a certain apprehension  
I feel an unwonted sense of gaiety [unwonted = unusual]  
I feel it my duty to be frank with you  
I feel myself scarcely competent to judge  
I feel very grateful to you for your kind offer  
I find it absorbing  
I find it rather monotonous  
I find this agreeable mental exhilaration  
I frankly confess that

I generally trust my first impressions  
I give my word gladly  
I give you my most sacred word of honor  
I had better begin at the beginning  
I had no intention of being offensive  
I hadn't thought of it in that light  
I hardly think that could be so  
I have a hundred reasons for thinking so  
I have a peculiar affection for it  
I have an immense faith in him  
I have been constrained by circumstances  
I have been decidedly impressed  
I have been longing to see more of you  
I have been puzzling over a dilemma  
I have every reason to think so  
I have given you the best proof of it  
I have gone back to my first impressions  
I have known striking instances of the kind  
I have never heard it put so well  
I have no delusions on that score  
I have not succeeded in convincing myself of that  
I have not the influence you think  
I have not the least doubt of it  
I haven't the remotest idea  
I have often a difficulty in deciding  
I have often marveled at your courage  
I have quite changed my opinion about that  
I have something of great importance to say to you  
I have sometimes vaguely felt it

I have the strongest possible prejudice against it  
I heartily congratulate you  
I hope it will not seem unreasonable to you  
I hope we may meet again  
I hope you will forgive an intruder  
I hope you will not think me irreverent  
I hope you will pardon my seeming carelessness  
I indulge the modest hope  
I know it is very presumptuous  
I know my request will appear singular  
I like it immensely  
I like your frankness  
I make no reflection whatever  
I mean it literally  
I might question all that  
I mistrust these wild impulses  
I most certainly agree with you  
I most humbly ask pardon  
I must add my congratulations on your taste  
I must apologize for intruding upon you  
I must ask you one more question, if I may  
I must confess I have never thought of that  
I must refrain from any comment  
I must respectfully decline to tell you  
I must take this opportunity to tell you  
I need not remind you that you have a grave responsibility  
I never heard anything so absurd  
I offer my humblest apologies  
I owe the idea wholly to you

I partly agree with you  
I personally owe you a great debt of thankfulness  
I place myself entirely at your service  
I place the most implicit reliance on your good sense  
I prefer to reserve my judgment  
I purposely evaded the question  
I quite appreciate the very clever way you put it  
I quite see what the advantages are  
I really am curious to know how you guessed that  
I realize how painful it must be to you  
I recollect it clearly  
I rely on your good sense  
I remember the occasion perfectly  
I resent that kind of thing  
I respect you for that  
I respect your critical faculty  
I say it in all modesty  
I see disapproval in your face  
I see it from a different angle  
I see you are an enthusiast  
I see your point of view  
I seem to have heard that sentiment before  
I shall at once proceed to forget it  
I shall await your pleasure  
I shall be glad if you will join me  
I shall be interested to watch it develop  
I shall be most proud and pleased  
I shall certainly take you at your word  
I shall feel highly honored

I shall make a point of thinking so  
I shall never forget your kindness  
I shall respect your confidence  
I should appreciate your confidence greatly  
I should be very ungrateful were I not satisfied with it  
I should feel unhappy if I did otherwise  
I should like your opinion of it  
I should not dream of asking you to do so  
I should think it very unlikely  
I simply cannot endure it  
I spoke only in jest  
I stand corrected  
I suppose I ought to feel flattered  
I surmised as much  
I sympathize deeply with you  
I take that for granted  
I think extremely well of it  
I think he has very noble ideals  
I think I can answer that for you  
I think I know what you are going to say  
I think it has its charm  
I think it is superb!  
I think it quite admirable  
I think its tone is remarkably temperate  
I think that is rather a brilliant idea  
I think what you say is reasonable  
I think you are quibbling  
I think you are rather severe in your opinions  
I think you have great appreciation of values

I think you have summed it up perfectly  
I think your candor is charming  
I thoroughly agree with you  
I thought it most amusing  
I thought you were seriously indisposed  
I trust you will not consider it an impertinence  
I understand exactly how you feel about it  
I understand your delicacy of feeling  
I venture to propose another plan  
I very rarely allow myself that pleasure  
I want to have a frank understanding with you  
I was at a loss to understand the reason for it  
I was hoping that I could persuade you  
I was on the point of asking you  
I was speaking generally  
I watched you with admiration  
I will answer you frankly  
I will listen to no protestations  
I will take it only under compulsion  
I will tell you what puzzles me  
I will think of it, since you wish it  
I will, with great pleasure  
I wish I could explain my point more fully  
I wish I knew what you meant by that  
I wish to be perfectly fair  
I wish to put things as plainly as possible  
I wonder how much truth there is in it?  
I wonder if you have the smallest recollection of me?  
I would agree if I understood

I wouldn't put it just that way  
If ever I can repay it, command me  
If I mistake not you were there once?  
If I speak strongly, it is because I feel strongly  
If I were disposed to offer counsel  
If I were sure you would not misunderstand my meaning  
If you don't mind my saying so  
If you insist upon it  
If you will pardon me the frankness  
In a manner that sometimes terrifies me  
In one respect you are quite right  
In that case let me rob you of a few minutes  
In what case, for example?  
Incredible as it sounds, I had for a moment forgotten  
Indeed, but it is quite possible  
Indeed! How?  
Indeed, you are wholly wrong  
Indifferently so, I am afraid  
Irony was ten thousand leagues from my intention  
Is it sane--is it reasonable?  
Isn't it amazing?  
Isn't it extraordinarily funny?  
Isn't it preposterous?  
Isn't that a trifle unreasonable?  
Isn't that rather a hasty conclusion?  
Is that a fair question?  
It always seemed to me impossible  
It amuses you, doesn't it?  
It blunts the sensibilities

It could never conceivably be anything but popular

It depends on how you look at it

It depends upon circumstances

It doesn't sound plausible to me

It has a lovely situation as I remember it

It has amused me hugely

It has been a relief to talk to you

It has been an immense privilege to see you

It has never occurred to me

It is a curious fact

It is a great pleasure to meet you

It is a huge undertaking

It is a most unfortunate affair

It is a perfectly plain proposition

It is a rather melancholy thought

It is a truth universally acknowledged

It is all very inexcusable

It is all very well for you to be philosophical

It is altogether probable

It is an admirable way of putting it

It is an error of taste

It is an extreme case, but the principle is sound

It is an ingenious theory

It is an uncommonly fine description

It is extremely interesting, I can assure you

It is for you to decide

It is historically true

It is I who should ask forgiveness

It is incredible!

It is indeed generous of you to suggest it  
It is inexplicable  
It is interesting, as a theory  
It is literally impossible  
It is merely a mood  
It is most unfortunate  
It is my deliberately formed opinion  
It is my opinion you are too conscientious  
It is nevertheless true  
It is not a matter of the slightest consequence  
It is not always fair to judge by appearances  
It is not so unreasonable as you think  
It is often very misleading  
It is one of the grave problems of the day  
It is only a fancy of mine  
It is perfectly defensible  
It is perfectly trite  
It is permissible to gratify such an impulse  
It is possible, but I rather doubt it  
It is quite an easy matter  
It is quite conceivable  
It is quite too absurd  
It is rather startling  
It is really impressive  
It is really most callous of you to laugh  
It is sheer madness  
It is sickening and so insufferably arrogant  
It is simply a coincidence  
It is the most incomprehensible thing in the world

It is to you that I am indebted for all this  
It is true, I am grieved to say  
It is true none the less  
It is very amusing  
It is very far from being a fiction  
It is very good of you to do this for my pleasure  
It is very ingenious  
It is very splendid of you  
It is wanton capriciousness  
It is your privilege to think so  
It's a difficult and delicate matter to discuss  
It's a matter of immediate urgency  
It's absolute folly  
It's absurd--it's impossible  
It's all nonsense  
It's as logical as it can be under the circumstances  
It's been a strange experience for you  
It's deliciously honest  
It's going to be rather troublesome  
It's inconceivable that it should ever be necessary  
It's mere pride of opinion  
It's my chief form of recreation  
It's not a matter of vast importance  
It's past my comprehension  
It's quite wonderful how logical and simple you make it  
It's really very perplexing  
It's so charming of you to say that  
It's so kind of you to come  
It's such a bore having to talk about it

It's the natural sequence  
It's too melancholy  
It's very wonderful  
It makes it all quite interesting  
It may sound strange to you  
It must be a trifle dull at times  
It must be fascinating  
It must be very gratifying to you  
It must have been rather embarrassing  
It seems an age since we've last seen you  
It seems entirely wonderful to me  
It seems incredible  
It seems like a distracting dream  
It seems preposterous  
It seems the height of absurdity  
It seems to me that you have a perfect right to do so  
It seems unspeakably funny to me  
It seems very ridiculous  
It shall be as you wish  
It should not be objectionable  
It sounds plausible  
It sounds profoundly interesting  
It sounds rather appalling  
It sounds very alluring  
It strikes me as rather pathetic  
It was an unpardonable liberty  
It was inevitable that you should say that  
It was most stupid of me to have forgotten it  
It was not unkindly meant

It was peculiarly unfortunate

It was really an extraordinary experience

It was so incredible

It was the most amazing thing I ever heard

It was very good of you to come out and join us

It will create a considerable sensation

It will divert your thoughts from a mournful subject

It will give me pleasure to do it

It will not alter my determination

It would be ill-advised

It would interest me very much

It would seem to be a wise decision

It would take too long to formulate my thought

J

Join us, please, when you have time

Just trust to the inspiration of the moment

Justify it if you can

L

Let me persuade you

Let me say how deeply indebted I feel for your kindness

Let me speak frankly

Let us grant that for the sake of the argument

Let us take a concrete instance

M

Many thanks--how kind and good you are!

May I ask to whom you allude?

May I be privileged to hear it?

May I speak freely?

May I venture to ask what inference you would draw from that?

Might I suggest an alternative?

Most dangerous!

My attitude would be one of disapproval

My confidence in you is absolute

My idea of it is quite the reverse

My information is rather scanty

My meaning is quite the contrary

My point of view is different, but I shall not insist upon it

My views are altered in many respects

N

No, I am speaking seriously

No, I don't understand it

Not at all

Not to my knowledge

Nothing could be more delightful

Now is it very plain to you?

Now you are flippant

O

Obviously the matter is settled

Of course, but that again isn't the point

Of course I am delighted

Of course I don't want to press you against your will

Of course you will do what you think best

Oh, certainly, if you wish it

Oh, do not form an erroneous impression

Oh, I appreciate that in you!

Oh, that's mere quibbling  
Oh, that's splendid of you!  
Oh, that was a manner of speaking  
Oh, yes, I quite admit that  
Oh, yes, you may take that for granted  
Oh, you are very bitter  
Oh, you may be as scornful as you like  
On the contrary, I agree with you thoroughly  
On the face of it, it sounds reasonable  
One assumption you make I should like to contest  
One has no choice to endure it  
One must be indulgent under the circumstances  
One thing I beg of you

P

Pardon me, but I don't think so  
Pardon me, I meant something different  
Perhaps I am indiscreet  
Perhaps not in the strictest sense  
Perhaps you do not feel at liberty to do so  
Perhaps you think me ungrateful  
Personally I confess to an objection  
Please continue to be frank  
Please do not think I am asking out of mere curiosity  
Please forgive my thoughtlessness  
Please make yourself at home  
Pray don't apologize  
Pray forgive me for intruding on you so unceremoniously  
Pray go on!  
Precisely, that is just what I meant

Put in that way it certainly sounds very well

Q

Question me, if you wish

Quibbling, I call it

Quite so

Quite the wisest thing you can do

R

Rather loquacious, I think [loquacious = very talkative]

Reading between the lines

Really? I should have thought otherwise

Really--you must go?

Reassure me, if you can

Reflect upon the possible consequences

Relatively speaking

Reluctantly I admit it

Reverting to another matter

S

Shall we have a compact?

She has an extraordinary gift of conversation

She is easily prejudiced

She seems uncommonly appreciative

She will be immensely surprised

Show me that the two cases are analogous

So far so good

So I inferred

So much the better for me

So you observe the transformation?

Something amuses you  
Sometimes the absurdity of it occurs to me  
Speaking with all due respect  
Still, you might make an exception  
Strangely it's true  
Such conduct seems to me unjustifiable  
Surely there can be no question about that  
Surely we can speak frankly  
Surely you sound too harsh a note  
Surely you would not countenance that

T

Tell me in what way you want me to help you  
Thank you for telling me that  
Thank you for your good intentions  
That, at least, you will agree to  
That depends on one's point of view  
That doesn't sound very logical  
That is a counsel of perfection  
That is a fair question, perhaps  
That is a question I have often proposed to myself  
That is a stroke of good fortune  
That is a superb piece of work  
That is a very practical explanation  
That is admirably clear  
That is certainly ideal  
That is eminently proper  
That is hardly consistent  
That is inconceivable  
That is just like you, if you will forgive me for saying so

That is most fortunate  
That is most kind of you  
That is most unexpected and distressing  
That is not fair--to me  
That is not to be lightly spoken of  
That is precisely what I mean  
That is quite true, theoretically  
That is rather a difficult question to answer  
That is rather a strange request to make  
That is rather awkward  
That is really good of you  
That is the prevailing idea  
That is tragic  
That is true and I think you are right  
That is very amiable in you  
That is very curious  
That is very felicitous  
That is very gracious  
That is what I call intelligent criticism  
That is what I meant to tell you  
That is a humiliating thought  
That is a most interesting idea  
That is such a hideous idea  
That is the most incredible part of it  
That might involve you in life-long self-reproach  
That must be exceedingly tiresome  
That ought to make you a little lenient  
That reassures me  
That shows the infirmity of his judgment

That theory isn't tenable  
That was exceedingly generous  
That was intended ironically  
That was very thoughtful of you  
That was very well reasoned  
That will blast your chances, I am afraid  
That will suit me excellently  
That would be somewhat serious  
That would be very discreditable  
The agreement seems to be ideal  
The idea is monstrous  
The inference is obvious  
The notion is rather new to me  
The pleasure is certainly not all on your side  
The reason is not so far to seek  
The same problem has perplexed me  
The sentiment is worthy of you  
The simplest thing in the world  
The situation is uncommonly delicate  
The story seems to me incredible  
The subject is extremely interesting  
The tone of it was certainly hostile  
The very obvious moral is this  
The whole thing is an idle fancy  
Then I have your permission?  
Then you're really not disinclined?  
Then you merely want to ask my advice?  
There are endless difficulties  
There are reasons which make such a course impossible

There is a good deal of sense in that  
There is a grain of truth in that, I admit  
There is food for reflection in that  
There is my hand on it  
There is no resisting you  
There is nothing I should like so much  
There is one inevitable condition  
There is something almost terrifying about it  
There must be extenuating circumstances  
They amuse me immensely  
This is a most unexpected pleasure  
This is charmingly new to me  
This is indeed good fortune  
This is really appalling  
This is really not a laughing matter  
Those are my own private feelings  
Those things are not forgotten at once  
To me it's simply outrageous  
To speak frankly, I do not like it  
True, I forgot!

U

Undeniably true  
Unfortunately I must decline the proposal  
Unlikely to be so  
Unquestionably superior  
Unwholesome influence, I would say

V

Very good, I'll do so

Very well, I will consent  
Vivacity is her greatest charm  
Virtually accomplished, I believe  
Vouch for its truth

W

We are all more or less susceptible  
We are drifting away from our point  
We are impervious to certain rules  
We are merely wasting energy in this duel  
We can safely take it for granted  
We couldn't have a better topic  
We had better agree to differ  
We have had some conclusions in common  
We must judge it leniently  
We must not expose ourselves to misinterpretation  
We owe you a debt of gratitude  
We shall be glad to see you, if you care to come  
We will devoutly hope not  
Well, as a matter of fact, I have forgotten  
Well done! I congratulate you  
Well, I'm not going to argue that  
Well, I call it scandalous  
Well, I confess they don't appeal to me  
Well, more's the pity  
Well, perhaps it is none of my affair  
Well, that is certainly ideal!  
Well, this is good fortune  
Well, yes--in a way

Well, you are a dreamer!

What a beautiful idea

What a charming place you have here

What a curious coincidence!

What a pretty compliment!

What a tempting prospect!

What an extraordinary idea!

What are your misgivings?

What can you possibly mean?

What conceivable reason is there for it?

What do you imagine my course should be?

What do you propose?

What is the next step in your argument?

What is there so strange about that?

What, may I ask, is your immediate object?

What unseemly levity on his part

What very kind things you say to me

What would you expect me to do?

What you have just said is even truer than you realize

What you propose is utterly impossible

Who is your sagacious adviser? [sagacious = sound judgment, wise]

Why ask such embarrassing questions?

Why did you desert us so entirely?

Why do you take it so seriously?

Will you allow me to ask you a question?

Will you be more explicit?

Will you have the kindness to explain?

Will you pardon my curiosity?

Will you permit me a brief explanation?

Would you apply that to everyone?

Would you mind telling me your opinion?

Y

Yes and no

Yes, but that is just what I fail to comprehend

Yes, I dare say

Yes, if you will be so good

Yes, it was extraordinarily fine

Yes, that is my earnest wish

Yes, that's undeniable

Yes? You were saying?

You agree with me, I know

You are a profound philosopher

You are a severe critic

You are delightfully frank

You are greatly to be envied

You are heartily welcome

You are incomprehensible

You are incorrigible

You are kind and comforting

You are most kind

You are not consistent

You are not serious, I hope

You are not seriously displeased with me?

You are quite delightful

You are rather puzzling to-day

You are right to remind me of that

You are unduly distressing yourself

You are very complimentary

You are very gracious  
You're so tremendously kind about it  
You're succeeding admirably  
You're taking it all much too seriously  
You're talking nonsense!  
You're very good, I'm sure  
You ask me--but I shouldn't wonder if you knew better than I do  
You astonish me greatly  
You behaved with great forbearance  
You can hardly be serious  
You cannot regret it more than I do  
You could not pay me a higher compliment  
You did it excellently  
You did not clearly understand what I meant  
You don't seem very enthusiastic  
You excite my curiosity  
You flatter my judgment  
You have a genius for saying the right thing  
You have asked me a riddle  
You have asked the impossible  
You have been wrongly informed  
You have done me a great service  
You have had a pleasant time, I hope  
You have my deepest sympathy  
You have my unbounded confidence  
You have received a false impression  
You have such an interesting way of putting things  
You interest me deeply  
You judge yourself too severely

You know I'm in an agony of curiosity  
You know I'm not given to sentimentality  
You know the familiar axiom  
You leave no alternative  
You look incredulous  
You may be sure of my confidence  
You may rely on me absolutely  
You might make an exception  
You must have misunderstood me  
You must not fail to command me  
You overwhelm me with your kindness  
You really insist upon it?  
You rebuke me very fairly  
You say that as though you were surprised  
You see how widely we differ  
You see, it's all very vague  
You see things rose-colored  
You seem to be in a happy mood  
You seem to take a very mild interest in what I propose  
You shock me more than I can say  
You speak in enigmas  
You speak with authority  
You surely understand my position  
You take a great deal for granted  
You take a pessimistic view of things  
You take me quite by surprise  
You will admit I have some provocation  
You will become morbid if you are not careful  
You will have ample opportunity

You will, of course, remember the incident  
You will please not be flippant  
You will understand my anxiety  
Your argument is facile and superficial  
Your consideration is entirely misplaced  
Your judgments are very sound  
Your logic is as clever as possible  
Your opinion will be invaluable to me  
Your request is granted before it is made  
Your statement is somewhat startling

## SECTION X

### PUBLIC SPEAKING PHRASES

A

A fact of vast moment  
A few words will suffice to answer  
A further objection is  
A great many people have said  
A little indulgence may be due to those  
A majority of us believe  
A man in my situation has  
A more plausible objection is found  
A proof of this is  
A servile mind can never know  
A short time since  
A specific answer can be given  
A thought occurred to me  
Able men have reasoned out

Above all things, let us not forget  
Absolutely true it is  
Abundant reason is there  
Accordingly by reason of this circumstance  
Add this instance to  
After a careful study of all the evidence  
After full deliberation  
After reminding the hearer  
After this it remains only to say  
Again, can we doubt  
Again, I ask the gentleman  
Again, in this view  
Again, it is quite clear that  
Again, it is urged  
Again, let us compare  
Again, very numerous are the cases  
Again, we have abundant instances  
Against all this concurring testimony  
All confess this to be true  
All I ask is  
All of us know  
All that I will say now  
All the facts which support this  
All the signs of the time indicate  
All these things you know  
All this being considered  
All this is historical fact  
All this is very well  
All this suggests

All this we take for granted  
Allow me for a moment to turn to  
Allow me to tell a story  
Altho I say it to myself  
Amazing as it may seem  
Am I mistaken in this  
Among many examples  
Among the distinguished guests who honor  
Among the problems that confront us  
An answer to this is now ready  
An argument has often been put forward  
An example or two will illustrate  
An indescribably touching incident  
An opinion has now become established  
And again, it is said  
And again, it is to be presumed  
And coming nearer to our own day  
And did a man try to persuade me  
And do you really think  
And everybody here knows  
And for myself, as I said  
And further, all that I have said  
And hence the well-known doctrine  
And here again, when I speak  
And here allow me to call your attention  
And here I am led to observe  
And here I come to the closing evidence  
And here I have an opportunity  
And here I reproach

And here I wish you to observe  
And here let me define my position  
And here let me give my explanation  
And here let us recall to mind  
And how is it possible to imagine  
And I am bound to say  
And I beg of you  
And I call on you  
And I might say this  
And I refuse assent  
And I rejoice to know  
And I say, it were better for you  
And I should in like manner repudiate  
And I speak with reverence  
And I submit to you  
And I trust that you will consider  
And I will make a practical suggestion  
And I will tell you why  
And I would, moreover submit  
And if a man could anywhere be found  
And if any of you should question  
And if I know anything of my countrymen  
And if I may presume to speak  
And if I take another instance  
And if this be true  
And if you come to a decision  
And if you think it your duty  
And in conclusion  
And in like manner

And in order to see this  
And in thus speaking, I am not denying  
And is not this lamentable  
And is there not a presumption  
And it happens  
And it is certainly true  
And it is doubtful if  
And it is not difficult to see  
And it is not plain  
And it is one of the evidences  
And it is precisely in this  
And it is strikingly suggested to us  
And it is undeniable, I say  
And it is well that this should be so  
And last of all  
And lest anyone should marvel  
And let it be observed  
And lo! and behold  
And more than this  
And next I would ask  
And now allow me to call attention  
And now behold a mystery  
And now consider  
And now having discussed  
And now I beg that I may be permitted  
And now I go back to the statement  
And now I have completed my review  
And now I have said enough to explain  
And now I must touch upon one point

And now if I may take for granted  
And now it would be very pleasant for me  
And now observe how  
And now, sir, what I had first to say  
And now supposing this point to be settled  
And now that I have mentioned  
And now the chief points of it  
And now the question is asked me  
And now, to close, let me give you  
And now, to what purpose do I mention  
And, of course, you are aware  
And of this I am perfectly certain  
And quite as difficult is it to create  
And right here lies the cause  
And, sir, a word  
And so, again, as regard  
And so I am reminded of a story  
And so I leave these words with you  
And so I may point out  
And so I might recount to you  
And so, in the other cases, I have named  
And so in the present case  
And so on  
And so through all phases  
And so, upon every hand  
And sometimes it will be difficult  
And that gave another distorted view  
And the reason is very obvious  
And the same holds good

And then again  
And then hastily to conclude  
And then I may be reminded  
And then there is another thought  
And then when it is said  
And there are reasons why  
And there is also this view  
And therefore am I truly glad  
And therefore it is not unfrequently quoted  
And therefore it is not without regret  
And this brings me to the last thing  
And this is really the sense  
And this leads me to say a word  
And thus consistently  
And thus it is conceivable  
And thus it seems to me  
And thus we are led on then to further question  
And to all this must be added  
And to return to the topic  
And to this conclusion you must come  
And unquestionably  
And we are brought to the same conclusion  
And what do you suppose will be  
And when I have shown to you  
And when I recall that event  
And when we pass beyond the bounds of  
And where, let me ask  
And why should I insist  
And will you still insist

And with these thoughts come others  
And yet I can not but reflect  
And yet I feel justified in believing  
And yet I think we all feel  
And yet let me say to you  
And yet one more quotation  
And yet this notion is, I conceive  
And yet though this be true  
And yet we ought, if we are wise  
And you may also remember this  
Another circumstance that adds to the difficulty  
Another consideration which I shall adduce [adduce = cite as an example]  
Another instance of signal success  
Another of these presumptions  
Another point is made as clear as crystal  
Another reason of a kindred nature  
Another reflection which occurs to me  
Another sign of our times  
Another signal advantage  
Another striking instance  
Answers doubtless may be given  
Are there not many of us  
Are we content to believe  
Are we forever to deprive ourselves  
Are we not startled into astonishment  
Are we satisfied to assume  
As a general rule I hold  
As a last illustration  
As a matter of fact

As a proof of this  
As an illustration of this truth  
As briefly as I may  
As far as my limits allow  
As far as this is true  
As far as this objection relates  
As far as we know  
As for the rest  
As I have now replied to  
As I look around on this assembly  
As I rise to respond to the sentiment  
As I understand this matter  
As memory scans the past  
As society is now constituted  
As some one has well said  
As the foregoing instances have shown  
As to the particular instance before us  
As well might we compare  
As we shall see in a few moments  
Assuredly it is this  
At the outset of this inquiry  
At the risk of digression  
At the same time, I candidly state  
At the utmost we can say  
At this juncture  
At this solemn moment  
Away then with the notion

B

Be assured, then

Be confident, therefore  
Be it so  
Be not deceived  
Be sure that in spite of  
Be these things as they may  
Be your interests what they may be  
Bear with me for a few moments  
Bearing on this point  
Before attempting to answer this question  
Before going further  
Before I close I will particularly remark  
Before I come to the special matter  
Before I proceed to compare  
Being fully of the opinion  
Being persuaded then  
Believing, as I do  
Beyond all question we  
Bidden by your invitation to a discussion  
Broadly speaking  
But, above all things, let us  
But after all, I think no one can say  
But again, when we carefully consider  
But am I wrong in saying  
But apart from the fact  
But besides these special facts  
But can this question  
But depend upon it  
But despite all this  
But do not let us depend

But do you imagine  
But doubts here arise  
But even admitting these possibilities  
But everyone who deserves  
But first of all, remark, I beg you  
But, further, I shall now demonstrate  
But, gentlemen, I must be done  
But grave problems confront us  
But here I am discussing  
But here let me say  
But how can we pass over  
But how shall I describe my emotions  
But however that may be  
But I am bound to say  
But I am certain from my own experience  
But I am very sorry to say  
But I am willing enough to admit  
But I can at least say  
But I can not conceive  
But I can promise  
But I cherish the hope  
But I confess that I should be glad  
But I digress  
But I do not propose all these things  
But I do say this  
But I have been insisting simply  
But I have heard it argued  
But I have no fear of the future  
But I leave this train of thought

But I may be permitted to speak  
But I may say in conclusion  
But I need hardly assert  
But I pass that over  
But I propose to speak to you  
But I repeat  
But I resist the temptation  
But I return to the question  
But I shall go still further  
But I simply ask  
But I submit the whole subject  
But I trust that you will all admit  
But I venture to assure you  
But I will allude  
But I will not further impress any idea  
But I would earnestly impress upon you  
But if I may even flatter myself  
But if I seek for illustrations  
But if you want more evidence  
But if you wish to know  
But in making this assertion  
But in my opinion there is no need  
But in the course of time  
But is it quite possible to hold  
But is this any reason why  
But it does not follow from this  
But it happens very fortunately  
But it has been suggested to me  
But it is a fact

But it is impossible for one  
But it is necessary to explain  
But it is no use protesting  
But it is not fair to assert  
But it is not my intention  
But it is not necessary to suppose  
But it is not possible to believe  
But it is not really so  
But it is otherwise with  
But it is sometimes said  
But it may be doubted whether  
But it may happen that I forgot  
But it will be a misfortune  
But it will naturally be asked  
But it will perhaps be argued  
But it would be vain to attempt  
But let me ask you to glance  
But let me before closing refer  
But let none of you think  
But let us also keep ever in mind  
But let us look a little further  
But lo! all of a sudden  
But mark this  
But more than all things else  
But my allotted time is running away  
But my answer to this objection  
But, my friends, pause for a moment  
But never was a grosser wrong  
But not for one moment

But notwithstanding all this  
But now look at the effect  
But now take notice of  
But on the other hand  
But on what ground are we  
But passing these by  
But perhaps I ought to speak distinctly  
But perhaps you are not yet weary  
But putting these questions aside  
But quite contrary to this, you will find  
But recollect, I pray you, how  
But, sir, it is manifest  
But some other things are to be noted  
But some will ask me  
But sooner or later  
But still, I repeat  
But suppose the fact  
But surely, you can not say  
But that I may not divert you from  
But that is not all  
But that must be always the impression  
But the fact is  
But the final value  
But the greatest proof of all  
But the most formidable problem  
But the necessity of the case  
But the question may arise  
But, then, let us ask ourselves  
But there is another duty imposed

But there is much more than this  
But this I do not hesitate to say  
But this I fearlessly affirm  
But this I know  
But this is a circuitous argument  
But this is no place for controversy  
But this is not all  
But this is what I mean  
But this much I affirm as true  
But this warns me  
But this we may put aside  
But to go still further  
But to say the truth  
But we are met with the assertion  
But we are to recollect  
But we ask, perhaps  
But we may depend upon it  
But we think it is not wise  
But we want something more for explanation  
But what a blunder would be yours  
But what is the fact  
But what we must needs guard against  
But when it is declared  
But when we look a little deeper  
But while it may be admitted  
But who has not seen  
But why do I numerate these details  
But with these exceptions  
But yet nothing can be more splendid

But you should know

By no means

By the way, I have not mentioned

By this time it will be suspected

C

Can it be supposed

Can the long records of humanity teach us

Can there be a better illustration

Can we pretend

Can you lightly contemplate

Can you yield yourselves

Cautious and practical thinkers ask

Certain it is

Certainly I am not blind to the faults

Certainly, one can conceive

Clearly enough

Coming back to the main subject

Coming down to modern times

Coming to present circumstances

Common sense indicates

Consequently, I am not discussing this matter

Consider, I beg you, what

Contemplating these marvelous changes

D

Delude not yourselves with the belief

Depend upon it

Did it ever occur to you

Difficult then as the question may be

Do I need to describe  
Do me the honor of believing  
Do not imagine  
Do not let us conceal from ourselves  
Do not suppose for a moment  
Do not talk to me of  
Do not think me guilty of  
Do we not know  
Do what you will  
Do you ask how that can be  
Do you believe this can be truthfully said  
Do you not know I am speaking of  
Do you remember a concrete instance  
Do you think, then  
Does any man say  
Does it ever occur to you  
Does it not seem something like idiocy to  
Does it not shock you to think  
Does not the event show  
Does not the nature of every man revolt  
Doubtless the end is sought

E

Every now and then you will find  
Every one has asked himself  
Every one therefore ought to look to  
Every reader of history can recall

F

Far from it

Few indeed there are  
Few subjects are more fruitful  
Few things impress the imagination more  
Finally, it is my most fervent prayer  
First in my thoughts are  
First of all I ask  
For, be assured of this  
For behold  
For I must tell you  
For if any one thinks that there is  
For, in truth, if you please to recollect  
For instance, I can fancy  
For is it not true  
For it is not right to  
For let it be observed first  
For mark you  
For my own part, I believe  
For myself, certainly I think  
For observe what the real fact is  
For one I deny  
For, perhaps, after all  
For, perhaps, some one may say  
For so it generally happens  
For the sake of my argument  
For this is what I say  
For this reason, indeed, it is  
For we all know  
Fortunately for us  
Fortunately I am not obliged

From one point of view we are  
From the circumstances already explained  
From the standpoint of  
From this statement you will perceive

G

Generally speaking  
God be praised  
Grant this true  
Granting all this

H

Had I time for all that might be said  
Had my limits allowed it  
Happily for us  
Hardly less marvelous  
Hardly will anyone venture to say  
Have I exaggerated  
Have you ever noticed  
Having taken a view of  
Having thus described what appears to me  
He is the best prophet who  
He seems at times to confuse  
He was an eminent instance of  
He who is insensible to  
Hence arises a grave mischief  
Hence, as I have said  
Hence it follows  
Here again the testimony corroborates  
Here arises the eternal question

Here comes the practical matter  
Here for a moment I seem  
Here, however, it may be objected  
Here I am considering  
Here I end my illustrations  
Here I must pause for a moment  
Here I only insist upon  
Here I ought to stop  
Here is another strange thing  
Here is good hope for us  
Here is no question  
Here let me meet one other question  
Here, then, I am brought to the consideration  
Here then I take up the subject  
Here then is the key  
Here, then, it is natural at last  
Here then, we are brought to the question  
Here, then, we are involved  
Here undoubtedly it is  
Here we can not but pause to contemplate  
Here we come into direct antagonism with  
Here we come to the very crux of  
Here we have it on high authority  
History is replete with predictions  
Hitherto I have spoken only of  
Holding this view, I am concerned  
How can we help believing  
How do you account for  
How does it happen

How human language staggers when  
How infinitely difficult it is  
How infinitely superior must it appear  
How is this to be explained  
How many a time  
How momentous, then  
How much better, I say, if  
How much more rational it would be  
How shall I attempt to enumerate  
How shall I describe to you  
However, I am viewing the matter  
However, I will not in any way admit  
However, it is to me a very refreshing thing

I

I abide by my statement  
I add a few suggestions  
I adduce these facts [adduce = cite as an example]  
I admire the main drift of  
I admit, of course, at once  
I admit the extreme complexity  
I again ask  
I allude to  
I always delight to think  
I always will assert the right to  
I am a great admirer  
I am a little at a loss to know  
I am about to supplement  
I am agitated by conflicting emotions

I am alarmed, indeed, when I see

I am also bound to say

I am also satisfied

I am apprehensive

I am asked to-night to propose

I am assured and fully believe

I am at a loss for adequate terms

I am bold to say

I am but saying

I am by no means certain

I am certain that you will give me credit

I am certainly in earnest sympathy

I am confronted by the hope

I am conscious of the fact

I am convinced by what I have seen

I am deeply imbued with the conviction

I am deeply insensible of the compliment

I am determined

I am even bold enough to hazard

I am exceeding my necessary limits

I am exceedingly glad of this opportunity

I am extremely obliged to you

I am familiar with

I am far from asserting

I am filled with admiration

I am firmly convinced

I am free to admit

I am fully convinced

I am giving voice to what you all feel

I am glad of this public opportunity  
I am glad to answer to the toast  
I am glad to express the belief  
I am glad to notice  
I am going to spare you and myself  
I am grateful to you for this honor  
I am greatly alarmed  
I am greatly indebted to you  
I am happy to be with you  
I am here by the favor of your invitation  
I am here the advocate of  
I am here to introduce  
I am in favor of  
I am in sympathy with  
I am inclined sometimes to believe  
I am inclined to suspect  
I am indebted for the honor  
I am, indeed, most solicitous  
I am informed  
I am led on by these reflections  
I am led to believe  
I am mainly concerned  
I am most deeply sensible of the welcome  
I am most grateful for the opportunity  
I am myself greatly indebted  
I am nevertheless too sensible  
I am not a stranger to  
I am not at liberty to discuss  
I am not at present concerned

I am not about to defend  
I am not advocating  
I am not altogether clear  
I am not aware of a single instance  
I am not blind to the faults of  
I am not bold enough to  
I am not catching at sharp arguments  
I am not concerned to argue  
I am not defending myself  
I am not dreaming of denying  
I am not going into vexed questions  
I am not going to reproach  
I am not here to defend  
I am not insensible  
I am not of those who pretend  
I am not prepared to dispute the word  
I am not presumptuous to assert  
I am not proposing to set forth  
I am not ripe to pass sentence  
I am not so unreasonable as to tell you  
I am not surprised  
I am not taking into account  
I am not unaware  
I am not undertaking to deliver  
I am now going to attempt  
I am obliged to add  
I am obliged to go still further  
I am often reminded  
I am old enough to remember

I am one of those who believe  
I am only too sensible of the fact  
I am perfectly willing to admit  
I am persuaded  
I am prepared to back that opinion by  
I am privileged to speak to  
I am quite conscious that  
I am rather disposed to think  
I am ready to do battle  
I am reassured by the presence here  
I am reluctantly but forcibly reminded  
I am resolved not to permit  
I am sensible, sir  
I am simply endeavoring to show  
I am so surrounded on every hand  
I am sometimes inclined to think  
I am somewhat relieved to know  
I am sorry to say  
I am suggesting the reason why  
I am sure, at any rate  
I am sure every impartial man will agree  
I am sure I feel no hostility  
I am sure that I echo the sentiment  
I am sure this generous audience will pardon me  
I am sure you all hope  
I am sure you feel the truth  
I am sure you will acquit me  
I am sure you will be kind enough  
I am sure you will do me the justice

I am sure you will not be surprised  
I am surely not here to assert  
I am tempted further to offer to you  
I am thankful for the privilege  
I am thoroughly convinced  
I am to speak to you this evening  
I am to urge the interest of  
I am told occasionally  
I am told on authority  
I am too well aware of the difficulties  
I am totally at a loss to conceive  
I am trespassing too long on your time  
I am unable to understand  
I am unconscious of intentional error  
I am under a very great obligation  
I am under the deepest feeling of gratitude  
I am under the impression  
I am unwillingly bound to add  
I am uttering no paradox when I say  
I am very far from thinking.  
I am very glad to have the honor  
I am very happy to be here  
I am very much in the condition of  
I am very sure that if you ponder  
I am very sure you will believe  
I am well aware  
I am willing to know  
I anticipate with pleasing expectation  
I appeal in the first place

I appeal to any man to say  
I appeal to the better judgment  
I appreciate the significance  
I argue this cause  
I ask again  
I ask no greater blessing  
I ask permission to speak to you  
I ask the attention  
I ask the audience  
I ask the audience to return with me  
I ask this of you  
I ask you calmly and dispassionately  
I ask you gentlemen, do you think  
I ask you if it is possible  
I ask you, if you please, to rise and give the toast  
I ask you in all candor  
I ask you now to follow me  
I ask you to consider  
I ask you to join me in drinking a toast  
I ask you to pledge with me  
I ask your attention  
I ask your indulgence  
I assert, sir, that it is  
I assure myself  
I assure you, of my own personal knowledge  
I attribute it to  
I avail myself of the opportunity  
I beg again to thank you for the honor  
I beg all to remember

I beg and implore of you  
I beg emphatically to say  
I beg leave to make some observations  
I beg of you to remember  
I beg to tender my most fervent wishes  
I beg you not to mistake my meaning  
I beg you to accept my grateful expression  
I begin by observing  
I begin with expressing a sentiment  
I believe from my own personal experience  
I believe I can speak for all  
I believe I shall make it clear to you  
I believe I voice the sentiment  
I believe it to be the simple truth  
I believe most profoundly  
I believe that I am within the mark  
I believe that in this instance  
I bid you a most cordial and hearty welcome  
I bow with you in reverent commemoration  
I call on you to answer  
I call to mind how  
I can by no calculation justify  
I call hardly conceive  
I can make allowance for  
I can most truthfully assure you  
I call never sufficiently express my gratitude  
I can not allow myself to believe  
I can not avoid confessing  
I can not be content with

I can not believe, I will not believe

I can not better illustrate this argument

I can not better sum up

I can not boast of

I can not bound my vision

I can not but reflect

I can not but see what mischief

I can not charge myself with

I can not close without giving expression

I can not conceive a greater honor

I can not feel any doubt myself

I can not forbear from offering

I can not give you a better illustration

I can not help expressing a wish

I can not help speaking urgently

I can not here go into details

I can not hesitate to say

I can not hope adequately to respond

I can not justly be responsible because

I can not let this opportunity pass

I can not persuade myself

I can not prevail on myself

I can not refrain from saying for myself

I can not resist the train of thought

I can not say how glad I am

I can not say with confidence

I can not stop to give in detail

I can not sufficiently thank you

I can not take back my word

I can not take it for granted  
I can not thank you enough  
I can not well avoid saying  
I can only congratulate you  
I can only hope for indulgence  
I can readily understand  
I can scarcely concede anything more important  
I can scarcely find fitting words  
I can strongly recommend  
I can understand, moreover  
I can with propriety speak here  
I certainly have not so good an opinion  
I challenge any man  
I cheerfully own  
I cheerfully submit myself  
I claim a share also for  
I class them altogether under the head  
I close with the words  
I close with this sentiment  
I come at length to  
I come next to the question of  
I come to the other assumption  
I conceive this to be  
I confess I feel not the least alarmed  
I confess I have had my doubts  
I confess I have little sympathy  
I confess it affects me very deeply to  
I confess it is very difficult to  
I confess that I do not entirely approve

I confess that it is a comfort to me  
I confess that my notions are widely different  
I confess to a little embarrassment  
I confess to you that I have no fear  
I confine myself to saying  
I congratulate you upon the auspicious character  
I consider I have said enough in proof  
I consider it amply explains  
I contend  
I content myself with pursuing  
I could do no less than  
I could easily mention  
I could enlarge upon it  
I could never understand  
I could wish that this belief  
I dare say you know  
I dare venture the remark  
I declare to you  
I deem it both necessary and just  
I deem it proper here to remind  
I deem myself honored  
I deny, once and for all  
I deny the inference  
I desire to be brief  
I desire to bear my testimony  
I desire to call attention  
I desire to know  
I desire to lay emphatic stress  
I dissent from the opinion

I distrust all general theories of  
I do again and again urge upon you  
I do, indeed, recollect  
I do not absolutely assert  
I do not advocate  
I do not argue  
I do not ask you to  
I do not at this moment remember  
I do not believe it possible  
I do not belong to those who  
I do not choose to consume  
I do not complain of  
I do not consider it necessary  
I do not contend  
I do not countenance for a moment  
I do not deem it incumbent upon me  
I do not depreciate for a moment  
I do not desire to call in question  
I do not desire to put too much emphasis  
I do not despair of surmounting  
I do not disguise the fact  
I do not enter into the question  
I do not fail to admire  
I do not fear a contradiction  
I do not feel at liberty  
I do not forget the practical necessity  
I do not hesitate to say  
I do not imagine  
I do not in the least degree

I do not indeed deny  
I do not indulge in the delusion  
I do not know how anyone can believe  
I do not know whether you are aware of it  
I do not know why  
I do not know with what correctness  
I do not mean anything so absurd  
I do not mean now to go further than  
I do not mean to impute  
I do not merely urge  
I do not mistrust  
I do not myself pretend to be  
I do not need to remind you  
I do not, of course, deny  
I do not pretend to argue  
I do not propose to take up your time  
I do not question for a moment  
I do not recount all  
I do not say anything about the future  
I do not say this with any affectation  
I do not see how it is possible  
I do not see much difference between  
I do not seek to palliate  
I do not speak exclusively  
I do not stop to discuss  
I do not, therefore, wonder  
I do not think it necessary to warn you  
I do not think it possible  
I do not think it unfair reasoning

I do not think myself obliged to dwell  
I do not think that I need further discuss  
I do not think this at all an exaggeration  
I do not think we can go far wrong  
I do not think you will often hear  
I do not understand how it can apply  
I do not vouch for  
I do not want to discourage you  
I do not wish to be considered egotistic  
I do not wish to be misrepresented  
I do not wonder  
I doubt very much whether  
I dwell with pleasure on the considerations  
I earnestly maintain  
I embrace with peculiar satisfaction  
I end as I began  
I entertain great apprehension for  
I entertain no such chimerical hopes [chimerical = highly improbable]  
I entertain the hope and opinion  
I entirely dissent from the view  
I especially hail with approval  
I even add this  
I even venture to deny  
I fancy I hear you say  
I fear I may seem trifling  
I fear lest I may  
I fearlessly appeal  
I fearlessly challenge  
I feel a great necessity to

I feel bound to add my expression  
I feel constrained to declare  
I feel entirely satisfied  
I feel I have a right to say  
I feel it a proud privilege  
I feel keenly myself impelled by every duty  
I feel only a great emotion of gratitude  
I feel respect and admiration  
I feel some explanation is due  
I feel sure  
I feel tempted to introduce here  
I feel that I have a special right to  
I feel that it is not true  
I feel the greatest satisfaction  
I feel the task is far beyond my power  
I fervently trust  
I find it difficult to utter in words  
I find it more easy  
I find my reference to this  
I find myself called upon to say something  
I find myself in the position of  
I find no better example than  
I find no fault with  
I find numberless cases  
I flatter myself  
I, for my part, would rather  
I, for one, greatly doubt  
I forbear to inquire  
I foresaw the consequence

I fully recognize  
I gave notice just now  
I give you, in conclusion, this sentence  
I go further  
I grant all this  
I grant with my warmest admiration  
I gratefully accept  
I greatly deplore  
I had a kind of hope  
I had almost said  
I had in common with others  
I had occasion to criticize  
I happen to differ  
I hardly dare to dwell longer  
I hardly know anything more strange  
I hasten to concede  
I have a dark suspicion  
I have a great admiration for  
I have a pleasing and personal duty  
I have a profound pity for those  
I have a right to consider  
I have a strong belief  
I have a very high respect for  
I have abstained from  
I have acquired some useful experience  
I have all along implied  
I have all but finished  
I have already alluded to  
I have already shown the ground of my hope

I have already stated, and now repeat  
I have always been under the impression  
I have always listened with the greatest satisfaction  
I have always maintained  
I have another objection  
I have another observation to add  
I have anticipated the objection  
I have assumed throughout  
I have attempted thus hastily  
I have barely touched some of the points  
I have been allowed the privilege  
I have been asked several times  
I have been extremely anxious  
I have been given to understand  
I have been glad to observe  
I have been heretofore treating  
I have been insisting then on this  
I have been interested in hearing  
I have been pointing out how  
I have been profoundly moved  
I have been requested to say a word  
I have been told by an eminent authority  
I have been too long accustomed to hear  
I have been touched by the large generosity  
I have been trying to show  
I have before me the statistics  
I have but one more word to add  
I have demonstrated to you  
I have depicted

I have endeavored to emphasize  
I have enlarged on this subject  
I have felt it almost a duty to  
I have found great cause for wonder  
I have frequently been surprised at  
I have gazed with admiration  
I have generally observed  
I have gone so far as to suggest  
I have good reason for  
I have had steadily in mind  
I have had the honor  
I have had to take a long sweep  
I have heard it objected  
I have heard with relief and pleasure  
I have hitherto been adducing instances [adduce = cite as an example]  
I have hitherto been engaged in showing  
I have in a measure anticipated  
I have in my possession  
I have incidentally dwelt on  
I have introduced it to suggest  
I have labored to maintain  
I have laid much stress upon  
I have lately observed many strong indications  
I have listened with the utmost interest  
I have little hope that I can add anything  
I have lived to see  
I have long ago insisted  
I have long been of the conviction  
I have never heard it suggested

I have never whispered a syllable  
I have no acquaintance with  
I have no doubt whatever  
I have no excuse for intruding  
I have no fear of myself  
I have no fears for the success  
I have no hesitation in asserting  
I have no intention to moralize  
I have no particular inclination  
I have no prejudice on the subject  
I have no pretention to be regarded  
I have no reason to think  
I have no scruple in saying  
I have no such gloomy forebodings  
I have no sympathy with the men  
I have no thought of venturing to say  
I have no wish at all to preach  
I have not accustomed myself  
I have not allowed myself  
I have not been able to deny  
I have not particularly referred to  
I have not said anything yet  
I have not the means of forming a judgment  
I have not the right to reproach  
I have not time to present  
I have nothing more to say  
I have noticed of late years  
I have now explained to you  
I have now made bold to touch upon

I have now rather more than kept my word  
I have now said all that occurs to me  
I have often been impressed with  
I have often been struck with the resemblance  
I have often lingered in fancy  
I have one step farther to go  
I have only partially examined  
I have partly anticipated  
I have pleasant memories of  
I have pointed out  
I have pride and pleasure in quoting  
I have racked this brain of mine  
I have read with great regret  
I have said and I repeat  
I have said over and over again  
I have said what I solemnly believe  
I have scant patience  
I have seen for myself  
I have seen it stated in a recent journal  
I have seen some signs of encouragement  
I have shown  
I have some sort of fear  
I have sometimes asked myself  
I have sometimes fancied  
I have sometimes wondered whether  
I have still two comments to make  
I have taken pains to know  
I have the confident hope  
I have the greatest possible confidence

I have the honor to propose  
I have then to investigate  
I have thought it incumbent on me  
I have thought it right on this day  
I have thought it well to suggest  
I have throughout highly appreciated  
I have thus been led by my feelings  
I have thus stated the reason  
I have to confess with a feeling of melancholy  
I have to force my imagination  
I have touched very cursorily  
I have tried to convey to you  
I have undertaken to speak  
I have very much less feeling of  
I have watched with some attention  
I have witnessed the extraordinary  
I have yet a more cogent reason  
I have yet to learn  
I hazard nothing in saying  
I hear it sometimes said  
I hear you say to yourselves  
I heartily feel the singular claims  
I hesitate to take an instance  
I hold it to be clearly expedient  
I hold myself obliged to  
I hold the maxim no less applicable  
I hold this to be a truth  
I hold to the principle  
I hope by this time we are all convinced

I hope for our own sakes  
I hope I have expressed myself explicitly  
I hope I may be allowed to intimate  
I hope I shall not be told  
I hope it is no disparagement  
I hope most sincerely and truly  
I hope none who hear me  
I hope not to occupy more than a few minutes  
I hope that I shall not be so unfortunate  
I hope the day may be far distant  
I hope the time may come again  
I hope to be excused if  
I hope to be forgiven if  
I hope we may forget  
I hope you will not accuse me  
I imagine that no one will be disposed  
I insist upon it  
I intend to propose  
I know from experience how  
I know full well  
I know I am treading on thin ice  
I know it has been questioned  
I know it is said  
I know it will be said  
I know many reasons why  
I know not how else to express  
I know not in what direction to look  
I know not of my own knowledge  
I know not where else to find

I know perfectly well  
I know that it is impossible for me to  
I know that this is the feeling  
I know that what I may say is true  
I know there are some who think  
I know there is a theory among us  
I know too well  
I know very well the difference between  
I know well it is not for me  
I know well the sentiments  
I know you are all impatient to hear  
I know you will do all in your power  
I know you will interpret what I say  
I labor under a degree of prejudice  
I lately heard it affirmed  
I lay it down as a principle  
I leave history to judge  
I leave it to you  
I leave the arduous task  
I leave to others to speak  
I long to speak a word or two  
I look hopefully to  
I look in vain  
I look with encouragement  
I look with inexpressible dread  
I look with mingled hope and terror  
I make my appeal to  
I make no extravagant claim  
I make this abrupt acknowledgment

I marvel that  
I may add, speaking for my own part  
I may be allowed to make one remark  
I may be permitted to add  
I may confess to you  
I may safely appeal  
I may say to you calmly  
I may seem to have been diffuse  
I may take as an instance  
I may venture upon a review  
I mean by this  
I mean, moreover  
I mean something more than that  
I mention it to you to justify  
I mention these facts because  
I mention this, not by way of complaint  
I might bring you another such case  
I might deny that  
I might enter into such detail  
I might go further  
I might go on indefinitely  
I might go on to illustrate  
I might of course point first  
I might reasonably question the justice  
I might try to explain  
I might venture to claim  
I might well have desired  
I might well think  
I must ask an abrupt question

I must be careful about what I say  
I must be contented with  
I must be excused if I say  
I must bow in reverence  
I must call your attention for a moment  
I must conclude abruptly  
I must confess that I became rather alarmed  
I must consider this as  
I must crave your indulgence  
I must express to you again  
I must fairly tell you  
I must find some fault with  
I must for want of time omit  
I must here admit  
I must lament  
I must leave any detailed development  
I must mention with praise  
I must not allow myself to indulge  
I must not for an instant be supposed  
I must not overlook  
I must now beg to ask  
I must pause a moment to  
I must proceed  
I must qualify the statement  
I must remind my hearers of  
I must reply to some observations  
I must return to the subject  
I must say that I am one of those  
I must speak plainly

I must suppose, however  
I must take occasion to say  
I must thank you once more  
I must try to describe to you  
I myself have boundless faith  
I need not assure this brilliant company  
I need not dwell  
I need not enter into  
I need not follow out the application  
I need not, I am certain, assure you  
I need not say how much I thank you  
I need not show how inconsistent  
I need not specially recommend to you  
I need not wander far in search  
I need only to observe  
I need say nothing in praise  
I need scarcely observe  
I need to guard myself right here  
I neither affirm nor deny  
I next come to the implicit assumption  
I note with particular pleasure  
I notice it as affording an instance  
I noticed incidentally the fact  
I now address you on a question  
I now come, sir, to the second head  
I now have the pleasure of presenting to you  
I now pass to the question of  
I now proceed to inquire  
I now reiterate

I object strongly to the use  
I observe, then, in the first place  
I only ask a favorable construction of  
I only marvel  
I only wish you to recognize  
I open the all-important question  
I ought to give an illustration  
I own I can not help feeling  
I particularly allude to  
I pass on from that  
I pass then to our second division  
I pause for a moment to say  
I pause to confess once more  
I pay tribute to  
I personally know that it is so  
I pray God I may never  
I predict that you will  
I prefer a practical view  
I presume I shall have to admit  
I presume that I shall not be disbelieved  
I proceed to another important phase  
I profess  
I propose briefly to glance at  
I propose, therefore to consider  
I protest I never had any doubt  
I purposely have avoided  
I question whether  
I quite endorse what has been said  
I rather look forward to a time

I readily grant

I really can not think it necessary to

I really do not know

I really thought that you would excuse me

I recall another historical fact

I recognize the high compliment conveyed

I recollect hearing a sagacious remark [sagacious = sound judgment]

I refer especially

I refuse to believe

I regard as an erroneous view

I regard it as a tribute

I regard it as a very great honor

I regret that I am not able to remember

I regret that it is not possible for me

I regret the time limits me

I regret this the less

I rejoice in an occasion like this

I rejoice that events have occurred

I rejoice to think I remark here

I remember a reference made

I remember an intimation

I remember full well

I remember the enjoyment with which

I remember to have heard

I repeat, I am not speaking

I repeat my statement in another form

I respectfully counsel

I respectfully submit

I rest my opinion on

I rise in behalf

I rise to express my disapprobation [approbation = warm approval; praise]

I rise to thank you

I rise with some trepidation

I return, in conclusion, to

I return you my most grateful thanks

I said a little way back

I said it would be well

I said that I thought

I salute with profound reverence

I sanction with all my heart

I saw an ingenious argument the other day

I say frankly

I say in moderation

I say it is extremely important

I say it most confidently

I say no more of these things

I say not one syllable against

I say, then, my first point is

I say this is no disparagement of

I say this the more gladly

I say without fear of contradiction

I see around me

I see as clearly as any man possibly can

I see little hope of

I see no exception

I see no possibility of

I see no reason for doubting

I seem to hear you say

I seize upon this opportunity  
I seriously desire  
I set out with saying  
I shall add a few words  
I shall address myself to a single point  
I shall ask you to look very closely  
I shall be told  
I shall best attain my object  
I shall bestow a little attention upon  
I shall certainly admit  
I shall consider myself privileged  
I shall desist from  
I shall endeavor to be guided  
I shall give it in the words of  
I shall here briefly recite the  
I shall here use the word to denote  
I shall hope to interest you  
I shall invite you to follow me  
I shall just give the summary of  
I shall never believe  
I shall never cease to be grateful  
I shall not acknowledge  
I shall not attempt a detailed narrative  
I shall not end without appealing  
I shall not enlarge upon  
I shall not force into the discussion  
I shall not go so far as to say  
I shall not hesitate to say something  
I shall not tax your patience

I shall not undertake to prophesy  
I shall not weary your patience  
I shall now give you some instances  
I shall now proceed to show  
I shall often have to advert to  
I shall pass by all this  
I shall presently show  
I shall proceed without further preface  
I shall recur to certain questions  
I shall say all this without entering into  
I shall show that I am not  
I shall speak first about  
I shall speak with becoming frankness  
I shall take a broader view of the subject  
I shall take it for granted here  
I shall therefore endeavor  
I shall touch upon one or two questions  
I shall waste no time in refuting  
I shall with your sanction  
I should be false to my own manhood  
I should be surprised if  
I should be the last man to deny  
I should fail in my duty if  
I should find it hard to discover  
I should have forfeited my own self-respect  
I should like at least to mention  
I should like to emphasize  
I should like to go a step farther  
I should like to refer to two events

I should like to see that view answered  
I should like to-day to examine briefly  
I should much prefer  
I should not be satisfied with myself  
I should think it too absurd  
I shrink from the contemplation  
I shudder at the doctrine  
I simply lay my finger on a fact  
I simply pause here to ask  
I sincerely regret the absence  
I sincerely wish it were in my power  
I solemnly declare  
I sometimes hear a wish expressed  
I sorrowfully call to mind  
I speak forth my sentiment  
I speak from no little personal observation  
I speak of this to show  
I speak the fact when I tell you  
I speak the secret feeling of this company  
I speak what I know when I say  
I speak wholly without authority  
I speak with feeling upon this point  
I speak with some degree of encouragement  
I speak with the utmost sincerity  
I speak within the hearing of  
I stand in awed amazement before  
I stand in the midst of men  
I still view with respect  
I submit it to every candid mind

I submit that in such a case  
I submit that it is high time  
I submit this proposition  
I summon you to do your share  
I suppose it is right to answer  
I suppose it to be entirely true  
I suppose most men will recollect  
I suppose that everyone who listens to me  
I suppose there is no one here  
I suppose we are all of one opinion  
I suspect that is why we so often  
I sympathize most heartily  
I take a broader and bolder position  
I take it for granted  
I take leave to say  
I take one picture as an illustration  
I take pleasure in saying  
I take the liberty of observing  
I take this instance at random  
I take two views of  
I tell him in reply  
I tell you, gentlemen  
I tender my thanks to you  
I thank you for having allowed me  
I thank you for the appreciative tone  
I thank you for the honor  
I thank you for your most generous greeting  
I thank you for your thoughtful courtesy  
I thank you from the bottom of my heart

I thank you very gratefully  
I thank you very sincerely for the honor  
I think I am correct in saying  
I think I am not the first to utter  
I think I can claim a purpose  
I think I can sincerely declare  
I think I have a right to look upon  
I think I have rightly spoken  
I think I might safely say  
I think I need not say more  
I think it is not too much to say  
I think it is quite right  
I think it may be necessary to consider  
I think it might be said with safety  
I think it my duty to  
I think it observable  
I think it probable  
I think it will astonish you  
I think it will be granted  
I think no Wise man can be indifferent  
I think, on the contrary  
I think something may be said in favor of  
I think that all will agree  
I think that I can explain  
I think that I can venture to say  
I think that, in these last years  
I think that none of us will deny  
I think there is no better evidence  
I think there is no call on me to listen

I think we are justified  
I think we can hardly hope  
I think we may all easily see  
I think we may ask in reply  
I think we may safely conclude  
I think we may say, therefore  
I think we may well be proud of  
I think we may well congratulate each other  
I think we must draw a distinction  
I think we need neither doubt nor fear  
I think we ought to recur a moment to  
I think we shall all recognize  
I think we should do well to call to mind  
I think we take too narrow a view  
I think when we look back upon  
I think you may well rejoice in  
I think you will all agree  
I think you will pardon my saying  
I think you will see  
I thus explicitly reply  
I tremble at the task  
I tremble to think  
I trust I may be indulged  
I trust it is not presumptuous  
I trust that as the years roll on  
I trust that I shall have the indulgence  
I trust that this will not be regarded as  
I turn, gentlemen, to the case  
I use the word advisedly

I use the word in the sense  
I use very plain language  
I utter this word with the deepest affection  
I value very much the honor  
I venture to ask permission  
I venture to say  
I verily believe  
I very confidently submit  
I view that prospect with the greatest misgiving  
I want to bespeak your attention  
I want to know the character  
I want to make some simple applications  
I want to say just a few words  
I want to say one word more  
I want to say to you seriously  
I want to think with you  
I warn and exhort you  
I was astonished to learn  
I was constantly watchful to  
I was exceedingly interested  
I was honored with the acquaintance  
I was lost in admiration  
I was not slow to accept and believe  
I was not without some anxiety  
I was overwhelmed  
I was sincerely astonished  
I was very much interested  
I was very much thrilled  
I well recollect the time

I will remember an occasion  
I will accept the general proposition  
I will add the memorable words  
I will ask the indulgence  
I will ask you to accompany me  
I will ask you to bear witness  
I will dwell a little longer  
I will endeavor in a brief way  
I will endeavor to illustrate  
I will endeavor to show you  
I will enlarge no further  
I will even express a hope at the outset  
I will even go further and say  
I will first call your attention to  
I will give one more illustration  
I will illustrate this point by  
I will merely mention  
I will neither affirm nor deny  
I will not allude  
I will not argue this  
I will not attempt to note  
I will not be content until  
I will not condescend to  
I will not enumerate at present  
I will not pause to maintain  
I will not positively say  
I will not pretend to inquire into  
I will not quarrel with  
I will not relinquish the confidence

I will not repeat the arguments here

I will not try to gauge

I will now consider with you

I will now leave this question

I will now take an instance

I will only speak to one point

I will only sum up my evidence

I will only take an occasion to express

I will only venture to remind you

I will point out to your attention

I will say at once

I will speak but a word or two more

I will speak plainly

I will state with perfect distinctness

I will suppose the objection to be

I will take one more instance

I will take the precaution to add

I will tell you what I think of

I will try to make the thing intelligible

I will venture a single remark

I will venture to add

I will venture to express the hope

I will yield the whole question

I willingly admit

I wish also to declare positively

I wish at the outset

I wish emphatically to reaffirm

I wish I had the time and the power

I wish it first observed

I wish rather to call your attention  
I wish, sir, that justice might be done  
I wish to ask if you honestly and candidly believe  
I wish to be allowed to enforce in detail  
I wish to begin my statement  
I wish to confine what I have to say  
I wish to do full justice to  
I wish to draw your attention  
I wish to express my profound gratification  
I wish to give these arguments their full weight  
I wish to know whether  
I wish to offer a few words relative to  
I wish to remind you in how large a degree  
I wish to say a word or two  
I wish to state all this as a matter of fact  
I wish you success and happiness  
I wish you to observe  
I would also gratefully acknowledge  
I would as soon believe  
I would desire to speak simply and directly  
I would enter a protest  
I would further point out to you  
I would have you understand  
I would infinitely rather  
I would like to say one word just here  
I would not be understood as belittling  
I would not dwell upon that matter if  
I would not push the suggestion so far  
I would now gladly lay before you

I would rather a thousand times  
I would recommend to your consideration  
I would suggest first of all  
I would that my voice could reach the ear  
I would urge and entreat you  
I would urge upon you  
I would venture to point out  
I yielded to the earnest solicitations  
If any man be so persuaded  
If anyone could conceive  
If anyone is so dim of vision  
If any other answer be made  
If at first view this should seem  
If, however, you determine to  
If I am asked for the proof  
If I am wrong  
If I can carry you with me  
If I can succeed in describing  
If I could find words  
If I have done no more than view the facts  
If I have in any way deserved  
If I may be allowed a little criticism  
If I may be allowed modestly to suggest  
If I may be allowed to refer  
If I may reverently say so  
If I may say so without presumption  
If I may so speak  
If I may take for granted  
If I may venture to say anything

If I mistake not the sentiment  
If I recollect aright  
If I understand the matter at all  
If I venture a few remarks  
If I were asked  
If I were to act upon my conviction  
If I were to recapitulate  
If I wished to prove my contention  
If, in consequence we find it necessary  
If in the glow of conscious pride  
If in the years of the future  
If it be difficult to appreciate  
If it be so  
If it be true  
If it is contended  
If it means anything, it means this  
If more were needed to illustrate.  
If my opinions are true  
If on the contrary, we all foresee  
If, on the other hand, I say  
If one seeks to measure  
If only we go deep enough  
If still you have further doubt  
If the bare facts were studied  
If the experience of the world is worth anything  
If, then, I am asked  
If, then, I should here rest my cause  
If there be any among us  
If there be one lesson more than another

If this be so  
If this seems doubtful to anyone  
If, unhappily, the day should ever come  
If we accept at all the argument  
If we are not blind to  
If we are rightly informed  
If we are to reason on the fact  
If we cast our glance back  
If we embark upon a career  
If we had the whole case before us  
If we isolate ourselves  
If we may trust to experience  
If we pursue a different course  
If we pursue our inquiries through  
If we sincerely desire  
If we survey  
If we would not be beguiled  
If what has been said is true  
If you remain silent  
If you seek the real meaning of  
If you think for a moment  
If you want to look  
If you were asked to point out  
If you will allow me to prophesy  
If you will forgive me the expression  
If you wish for a more interesting example  
If you wish to get at the bottom of facts  
If you would see the most conclusive proof  
If your view is right

In a significant paragraph  
In a wider sense  
In a word, gentlemen  
In a word, I conceive  
In actual life, I suspect  
In addition to these arguments  
In addressing myself to the question  
In addressing you I feel  
In agreement with this obvious conclusion  
In all ages of the world  
In all or any of these views  
In all times and places  
In an unguarded moment  
In answering the inquiry  
In any view of the case  
In closing my speech, I ask each of you  
In conclusion, let me say  
In conclusion, may I repeat  
In consequence it becomes a necessity  
In contemplating the causes  
In days to come  
In examining this part of the subject  
In fine, it is no extravagance to say  
In former ages and generations  
In further illustration  
In further proof of my assertion  
In illustration of what I have said  
In like manner are to be explained  
In like manner I would advise

In listening to the kind words  
In looking about me  
In many instances  
In meeting this difficulty, I will not urge  
In most cases I hold  
In my estimation  
In my humble opinion  
In my view  
In offering to you these counsels  
In one other respect  
In one point I wish no one to mistake me  
In one sense this is undoubtedly true  
In order to appreciate the force of  
In order to complete the proof  
In order to do justice to the question  
In order to prove plainly and intelligibly  
In order to realize adequately  
In other words  
In our estimate of the past  
In point of fact  
In precisely the same way  
In pursuance of these views  
In pursuing the great objects  
In regard to  
In rising to return my sincere thanks  
In saying all of this, I do not forget  
In saying this, I am not disposed to deny  
In short, I say  
In solving this difficulty

In something of a parallel way  
In spite of the fact  
In such cases, strictly speaking  
In support of this assertion  
In that matchless epitome  
In that mood of high hope  
In the anomalies of fortune  
In the course of these remarks  
In the existing circumstances  
In the first place, therefore, I consider  
In the first place we see  
In the first place, we should be all agreed  
In the fullest sense  
In the fullness of time  
In the last suggestion  
In the meantime I will commend to you  
In the next place, be assured  
In the presence of this vast assembly  
In the present situation  
In the progress of events  
In the remarks I have made  
In the same manner I rely  
In the second place it is quite clear  
In the suggestion I have made  
In the very brief space at our disposal  
In these extraordinary circumstances  
In these sentiments I agree  
In this brief survey  
In this connection, I may be permitted to refer

In this connection I remind myself  
In this necessarily brief and imperfect review  
In this rapid and slight enumeration  
In this respect  
In this sense only  
In this there is no contradiction  
In very many instances  
In very truth  
In view of these reflections  
In what has now been said  
In what I have now further to say  
In widening our view  
Indeed, can anyone tell me  
Indeed, I am not convinced  
Indeed, I can not do better  
Indeed, I have heard it whispered  
Indeed, I may fairly say  
Indeed, it will generally be found  
Indeed we know  
Instances abound  
Is it logically consistent  
Is it not legitimate to recognize  
Is it not marvelous  
Is it not obvious  
Is it not quite possible  
Is it not, then, preposterous  
Is it not universally recognized  
Is it not wise to argue  
Is it possible, can it be believed

Is it, then, any wonder  
Is not that the common sentiment  
Is there any evidence here  
Is there any language of reproach  
Is there any possibility of mistaking  
Is there any reason in the world  
It affords me gratification  
It also pleases me very much  
It amounts to this  
It appears from what has been said  
It appears to me, on the contrary  
It can rightly be said  
It certainly follows, then  
It comes to this  
It could not be otherwise  
It does not necessarily follow  
It exhibits a state of mind  
It follows as a matter of course  
It follows inevitably  
It gives us an exalted conception  
It grieves me to relate  
It hardly fits the character  
It has at all times been a just reproach  
It has been a very great pleasure for me  
It has been generally assumed  
It has been justly objected  
It has been my privilege  
It has been suggested fancifully  
It has been well said

It has ever been my ambition

It has struck me very forcibly

It is a circumstance of happy augury  
[augury = sign of something coming; omen]

It is a common error

It is a curious trait

It is a fact well known

It is a falsehood to say

It is a familiar charge against

It is a good augury of success [augury = sign of something coming; omen]

It is a great pleasure to me

It is a living truth

It is a matter of absorbing interest

It is a matter of amusement

It is a matter of fact

It is a matter of just pride

It is a melancholy story

It is a memory I cherish

It is a mischievous notion

It is a mistake to suppose

It is a most extraordinary thing

It is a most pertinent question

It is a noble thing

It is a peculiar pleasure to me

It is a perversion of terms

It is a pleasing peculiarity

It is a popular idea

It is a rare privilege

It is a recognized principle

It is a remarkable and striking fact

It is a strange fact

It is a sure sign

It is a theme too familiar

It is a thing commonly said

It is a touching reflection

It is a true saying

It is a very significant fact

It is a vision which still inspires us

It is a wholesome symptom

It is, all things considered, a fact

It is all very fine to think

It is all very well to say

It is almost proverbial

It is also possible

It is also probably true

It is always pleasant to respond

It is amazing how little

It is an easy matter

It is an egregious mistake

[egregious = conspicuously and outrageously reprehensible]

It is an established rule

It is an incredible thing

It is an interesting fact

It is an unforgivable offense

It is an unquestionable truth

It is appropriate that we should celebrate

It is asserted

It is assumed as an axiom

It is at once inconsistent

It is but fair to say  
It is but too true  
It is by no means my design  
It is certainly especially pleasant  
It is certainly remarkable  
It is common in these days to lament  
It is commonly assumed  
It is comparatively easy  
It is curious sophistry  
It is curious to observe  
It is desirable for us  
It is difficult for me to respond fitly  
It is difficult to avoid saying  
It is difficult to describe  
It is difficult to overstate  
It is difficult to put a limit  
It is difficult to surmise  
It is doubtful whether  
It is easy enough to add  
It is easy to instance cases  
It is easy to understand  
It is eminently proper  
It is every man's duty to think  
It is evident that the answer to this  
It is evidently supposed by many people  
It is exceedingly gratifying to hear  
It is exceedingly unfortunate  
It is fair that you should hear  
It is fair to suppose

It is far from me to desire  
It is fatal to suppose  
It is fitting  
It is for me to relate  
It is for others to illustrate  
It is for this reason  
It is for us to ask  
It is greatly assumed  
It is gratifying to have the honor  
It is hardly for me  
It is hardly necessary to pass judgment  
It is idle to think of  
It is immaterial whether  
It is impossible to avoid saying  
It is in every way appropriate  
It is in the highest degree worthy  
It is in this characteristic  
It is in vain  
It is in your power to give  
It is indeed a strange doctrine  
It is indeed not a little remarkable  
It is indeed true  
It is indeed very clear  
It is indispensable to have  
It is interesting and suggestive  
It is interesting to know  
It is just so far true  
It is likewise necessary  
It is made evident

It is manifest  
It is manifestly absurd to say  
It is merely common sense to say  
It is more than probable  
It is my agreeable duty  
It is my belief  
It is my earnest wish  
It is my grateful duty to address you  
It is my hope  
It is my present purpose  
It is natural to ask the question  
It is necessary to refer  
It is necessary to take some notice  
It is needful to a complete understanding  
It is needless before this audience to repeat  
It is no doubt true  
It is no exaggeration to say  
It is no part of my business  
It is no significant thing  
It is no small indication  
It is no wonder  
It is not a practical question  
It is not altogether satisfactory  
It is not an unknown occurrence  
It is not by any means  
It is not difficult to comprehend  
It is not difficult to discern  
It is not easy for me to find words  
It is not enough to say

It is not entirely clear to me  
It is not evident  
It is not for me on this occasion  
It is not given to many men  
It is not likely that any of you  
It is not logical to say  
It is not my intention to enter into  
It is not my purpose to discuss  
It is not necessarily true  
It is not necessary for me even to sketch  
It is not necessary for our purpose  
It is not often in these modern days  
It is not ours to pronounce  
It is not out of place to remind you  
It is not possible to recount  
It is not quite clear  
It is not to me so very surprising  
It is not too much to say  
It is not unknown to you  
It is not within the scope of this address  
It is now high time for me  
It is now perfectly plain  
It is observable enough  
It is obvious  
It is of course difficult  
It is of great importance to show  
It is of no moment  
It is of very little importance  
It is often remarked

It is on these grounds  
It is one of the burning questions of the day  
It is one of the most natural visions  
It is one of the most significant things  
It is one of the queerest freaks of fate  
It is only a few short years since  
It is only just to say  
It is our duty to examine  
It is ours to bear witness  
It is owing to this truth  
It is peculiarly befitting at this time  
It is perfectly apparent  
It is pitiable to reflect  
It is pleasant to meet this brilliant company  
It is rather a pleasant coincidence  
It is rather an arduous task  
It is rather startling  
It is related  
It is ridiculous to say  
It is said, and I think said truly  
It is said to be impossible  
It is satisfactory to notice  
It is scarcely necessary to insist  
It is scarcely questioned  
It is self-evident  
It is sometimes hard to determine  
It is still an open question  
It is still more surprising  
It is substantially true

It is surely necessary for me  
It is the clear duty of  
It is the doctrine of  
It is the fashion to extol  
It is the universal testimony  
It is therefore evident  
It is therefore necessary  
It is this which lies at the foundation  
It is to be expected  
It is to be remembered  
It is to me a very sincere satisfaction  
It is told traditionally  
It is too plain to be argued  
It is true  
It is unnecessary for me to remind you  
It is upon this line of reasoning  
It is very common to confuse  
It is very doubtful whether  
It is very interesting and pleasant  
It is well known  
It is with great pleasure  
It is with pity unspeakable  
It is within the memory of men now living  
It is worth while to notice  
It may appear absurd  
It may at first sight seem strange  
It may be added  
It may be conjectured  
It may be imagined

It may be plausibly objected  
It may be rightly said  
It may be useful to trace  
It may be worth your while to keep in view  
It may indeed be unavoidable  
It may not be altogether certain  
It may not be uninteresting to any of you  
It may or may not be true  
It may, perhaps, seem wonderful  
It may seem a little strange  
It may still more probably be said  
It must be a cause of delight  
It must be borne in mind  
It must be the verdict of history  
It must create astonishment  
It must doubtless be admitted  
It must ever be recollected  
It must never be forgotten  
It must not be supposed  
It must seem to every thoughtful man  
It needs scarcely be said  
It now becomes my pride and privilege  
It only remains now to speak  
It ought to animate us  
It proves a great deal  
It remains only to speak briefly  
It remains that I inform you of  
It remains that I should say a few words  
It reminds me of an anecdote

It reminds one of the compliment  
It requires no effort of imagination  
It scarcely seems to be in keeping  
It seems almost desperate to think of  
It seems almost incredible  
It seems now to be generally admitted  
It seems strange to be told  
It seems then that on the whole  
It seems to me a striking circumstance  
It seems to me idle to ask  
It seems to me singularly appropriate  
It seems to me the primary foundation  
It seems to me unphilosophical  
It should always be borne in mind  
It should be remembered  
It so happens  
It sometimes seems to me  
It still remains to be observed  
It strikes me with wonder  
It suggests at the outset  
It summons our imagination  
It surely is not too much to expect  
It therefore astonishes me  
It used to be a reproach  
It was a brilliant answer  
It was a fine and delicate rebuke  
It was a fit and beautiful circumstance  
It was a propitious circumstance [propitious = auspicious, favorable]  
It was certainly a gracious act

It was in the full understanding  
It was my good fortune  
It was not to be expected  
It was said by one who ought to know  
It was, therefore, inevitable  
It was under these circumstances  
It will appeal to  
It will appear from what has been said  
It will be asked me how  
It will be easy to say too much  
It will be easy to trace the influence  
It will be evident to you  
It will be idle to imply  
It will be interesting to trace  
It will be just as reasonable to say  
It will be rather to our advantage  
It will be recollected  
It will be seen at a glance  
It will be well and wise  
It will carry out my meaning more fully  
It will, I suppose, be denied  
It will not be expected from me  
It will not be safe  
It will not do for a man to say  
It will not, I trust, be concluded  
It will not surely be objected  
It will not take many words to sum up  
It will thus be seen  
It would be a misfortune

It would be a proud distinction  
It would be a very remarkable fact  
It would be absurd to pretend  
It would be an inexcusable omission  
It would be idle for me  
It would be imprudent in me  
It would be invidious for me [invidious = rousing ill will, animosity]  
It would be natural on such an occasion  
It would be no less impracticable  
It would be out of place here  
It would be preposterous to say  
It would be presumptuous in me  
It would be the height of absurdity  
It would be unfair to praise  
It would be unjust to deny  
It would be well for us to reflect  
It would indeed be unworthy  
It would seem perhaps most fitting

J

Just the reverse is true

L

Language is inadequate to voice my appreciation  
Lastly, I do not understand  
Lastly, it can not be denied  
Less than this could not be said  
Lest I should be accused of quibbling  
Let all of us labor in this work  
Let anyone imagine to himself

Let anyone who doubts

Let everyone consider

Let it be clearly understood, I repeat it

Let it be remembered

Let it not be objected

Let it not be supposed that I impute  
[impute = relate to a particular cause or source]

Let me add another thing

Let me add my final word

Let me add one other hint

Let me also say a word in regard

Let me answer these questions

Let me ask you to imagine

Let me ask your leave to propose

Let me be allowed to devote a few words

Let me call attention to another fact

Let me commend to you

Let me direct your attention now to

Let me entreat you to examine

Let me give one more instance

Let me give one parting word

Let me give you an illustration

Let me here make one remark

Let me here say

Let me hope that I have said enough

Let me illustrate again

Let me make myself distinctly understood

Let me make use of an illustration

Let me not be thought offensive

Let me now conclude with

Let me once more urge upon you  
Let me protest against the manner  
Let me quite temperately defend  
Let me rather make the supposition  
Let me say a practical word  
Let me simply declare  
Let me tell you an interesting reminiscence  
Let me thank you once more  
Let me urge you earnestly  
Let no man congratulate himself  
Let our conception be enlarged  
Let our object be  
Let that question be answered by  
Let the facts be granted  
Let these instances suffice  
Let this be the record made  
Let this inspire us with abhorrence of  
Let us approach the subject from another side  
Let us attempt a survey  
Let us be perfectly just  
Let us be quite practical  
Let us bear perpetually in mind  
Let us begin at the beginning  
Let us begin by examining  
Let us briefly review  
Let us brush aside once for all  
Let us cherish  
Let us confirm our opinion  
Let us consider for a moment

Let us devote ourselves  
Let us discard all prejudice  
Let us do all we can  
Let us draw an illustration  
Let us endeavor to understand  
Let us enumerate  
Let us figure to ourselves  
Let us for the moment put aside  
Let us get a clear understanding  
Let us heed the voice  
Let us hope and believe  
Let us hope that future generations  
Let us imitate  
Let us inquire also  
Let us labor and pray  
Let us likewise remember  
Let us look briefly at a few particulars  
Let us look nearer home  
Let us not be fearful  
Let us not be misled  
Let us not be misunderstood  
Let us not flatter ourselves  
Let us not for a moment forget  
Let us not limit our view  
Let us now apply the views presented  
Let us now consider the characteristics  
Let us now see the results  
Let us now turn our consideration  
Let us observe this analogy

Let us pass on to another fact  
Let us pause a moment  
Let us push the inquiry yet further  
Let us rather listen to  
Let us reflect how vain  
Let us remember this  
Let us remind ourselves  
Let us resolve  
Let us scrutinize the facts  
Let us suppose, for argument's sake  
Let us suppose the case to be  
Let us take, for instance  
Let us, then, be assured  
Let us, then, be worthy of  
Let us, therefore, say once for all  
Let us try to form a mental picture  
Let us turn to the contemplation of  
Let your imagination realize  
Like all citizens of high ideals  
Likely enough  
Little wonder therefore  
Long have I been convinced  
Look at it in another way  
Look at some of these questions  
Look at the situation

M

Mainly, I believe

Making allowances for differences of opinion

Many of us have had the good fortune  
Many of you, perhaps, recollect  
May I ask you to believe  
May I not speak here  
May I try to show that every effort  
May I venture to suggest  
May it not also be advanced  
May the day come quickly  
Meantime it is encouraging to think  
Meanwhile let us freely recognize  
Men are in the habit of saying  
Men are telling us nowadays  
Men everywhere testify  
More and more it is felt  
More than once have I had to express  
More than this need not be said  
Moreover, I have insisted  
Moreover, I would counsel you  
Moreover, when we pass judgment  
Much has been said and written about  
My appreciation has been quickened  
My belief, therefore, is  
My duty is to endeavor to show  
My experience tells me  
My first duty is to express to you  
My friends, do you really believe  
My friends, I propose  
My heart tells me  
My idea, therefore, is

My last criticism upon  
My mind is not moved by  
My mind most perfectly acquiesces  
My next objection is  
My own private opinion is  
My present business is  
My regret is intensified by the thought

N

Nay, I boldly say  
Nay, it will be a relief to my mind  
Nay, there is a general feeling  
Need I say that I mean  
Neither should you deceive  
Never before have I so strongly felt  
Never can I cease to feel  
Never did there devolve  
Never for a moment believe  
Never have I felt so forcibly  
Never was a weaker defense attempted  
Never was there a greater mistake  
Never was there an instance  
Nevertheless we can admit  
Next, from what has been said it is plain  
Next, I consider  
Next, it will be denied  
No argument can overwhelm a fact  
No defense is to be found  
No distinct test can be named  
No doubt, in the first instance

No doubt there are many questions  
No doubt to most of us  
No finer sentence has come down to us  
No greater service could be rendered  
No longer do we believe  
No man regrets more than I do  
No one can feel this more strongly  
No one can, I think, pretend  
No one can see the end  
No one here, I am sure  
No one, I suppose, would say  
No one, I think, can fail to observe  
No one, I think, will dispute the statement  
No one need to exaggerate  
No one will accuse me  
No true man ever believes  
None can have failed to observe  
Nor am I disparaging or discouraging  
Nor can I forget either  
Nor can it justly be said  
Nor can we afford to waste time  
Nor can we forget how long  
Nor can we now ask  
Nor do I believe  
Nor do I doubt  
Nor do I pretend  
Nor do I think there can be found  
Nor does it matter much  
Nor has there been wanting

Nor indeed am I supposing  
Nor is it a fair objection  
Nor is it probable  
Nor is this all  
Nor let me forget to add here  
Nor must I be understood as saying  
Nor must it be forgotten  
Nor need we fear to speak  
Nor should any attempt be made  
Nor will history fail to record  
Nor will I enlarge on the matter  
Not at all  
Not only so  
Not that I quarrel with  
Nothing but the deepest sense  
Nothing can be further from the truth  
Nothing could be clearer  
Nothing could be more striking  
Nothing is more common in the world  
Nothing that you can do  
Notwithstanding all that has been said  
Notwithstanding all this, I hold  
Now, bear with me when I say  
Now comes the question  
Now, comparing these instances together  
Now, from these instances it is plain  
Now, having spoken of  
Now, I admit  
Now, I am far from denying

Now, I am far from undervaluing  
Now, I am justified in calling this  
Now, I am obliged to say  
Now, I do not wish you to believe  
Now, I have a closing sentence or two  
Now, I pass on to consider  
Now, I shall not occupy your time  
Now, I understand the argument  
Now, I will undertake to say  
Now, I wish to call your attention  
Now, if you will clearly understand  
Now, is there any ground or basis for  
Now, it is an undoubted fact  
Now, it is evident  
Now, it is not at all strange  
Now, it is unquestioned  
Now, let me speak with the greatest care  
Now, let me stop a moment  
Now, let us consider  
Now, observe, my drift  
Now, sir, I am truly horrified  
Now, the answer we should give  
Now, the question here at issue  
Now, the world will say  
Now, there is a close alliance between  
Now, this is precisely the danger  
Now, this is to some extent  
Now, understand me definitely  
Now, we do not maintain

Now, we will inquire

Now, what I want you to realize

Now, with regard to

Now, you will allow me to state

Now, you will understand from this

0

Observe again

Occasionally you ought to read

Of course I am aware

Of course I am putting an impossible case

Of course I can not be taken to mean

Of course I do not maintain

Of course I do not stop here

Of course I would not allow

Of course much may be said

Of course these remarks hold good

Of course we may, if we please

Of course you will sympathize

Of one thing, however, I am certain

Of this briefly

Of this statement I will only say

Of this truth I shall convince you by

On a review of the whole subject

On occasions of this kind

On such a day as this

On the contrary, I am assuming

On the occasion to which I refer

On the other hand, it is clear

On the whole, then, I observe  
On this auspicious occasion  
On this point I do not mean to dwell  
On this subject you need not suspect  
Once again, there are those  
Once more I emphasize  
Once more let me try to put into words  
One additional remark  
One almost wishes  
One can not decline to note  
One concluding remark has to be made  
One fact is clear and indisputable  
One further word  
One important topic remains  
One is fairly tempted to wish  
One lesson history may be said to repeat  
One might be challenged to produce  
One of the ancients said  
One of the most commonly known  
One of the most extraordinary incidents  
One of the things I recollect with most pride  
One of these signs is the fact  
One or two points are made clear  
One other circumstance  
One other remark suggests itself  
One remark I will make  
One thing more will complete this question  
One thing which always impressed me  
One very striking tendency

One word in courtesy I must say  
One word more in a serious vein  
One would naturally suppose  
Only so much do I know  
Opinions are divided as to whether  
Or to come nearer home  
Or to take but one other example  
Ordinarily speaking, such deductions  
Others may hold other opinions  
Ought we not to think  
Our thoughts wander back  
Over and above all this

P

Pardon me if  
Perhaps another reason why  
Perhaps, however, in speaking to you  
Perhaps, however, some among you will be  
Perhaps I may be best able to illustrate  
Perhaps I ought to say  
Perhaps it may be doubted  
Perhaps, sir, I am mistaken in  
Permit me frankly to say  
Permit me to add another circumstance  
Permit me to bring home to you  
Personally, I am far too firm a believer  
Pray, sir, let me say

R

Read but your history aright

Recollect, sir  
Reflections such as these  
Rely upon it  
Remember, I do not seek to  
Remembering some past occurrences  
Returning, then, to the consideration

S  
Seriously, then, do I beg you  
Shall I tell you  
Shall we complain  
Should there be objection, I answer  
Since, then, it is provided  
Since, then, this is the case  
Sir, with all my heart, I respond  
So accustomed are we  
So at least it seems to me  
So far as I know  
So far as my observation and experience goes  
So far in general  
So I say to you  
So it comes to pass  
So long as we continue to love truth and duty  
So men are asking  
So much at first sight  
So much on this subject  
So that I may venture to say  
So that if you were persuaded  
So then ought we also  
So, to add one other example

So, too, I may go on to speak  
So when I hear people say  
Some have insisted  
Some of you can recall the time  
Some of you may think this visionary  
Some of you will remember  
Some one will perhaps object  
Some prejudice is attached  
Some writer has said  
Sometimes I venture to think  
Sometimes it may happen  
Speaking in this place  
Startling as this may appear to you  
Stating only the truth, I affirm  
Still another encouraging fact  
Still further  
Still I can not part from my subject  
Still I have generally found  
Still I imagine you would consider it  
Still I know what answer I can make to  
Still it may with justice be said  
Still one thing more  
Still we ought to be grateful  
Strange as it may seem  
Strictly in confidence, I do not think  
Strictly speaking, there is no such thing  
Such a doctrine is essentially superficial  
Such are the rather tolerant ideas  
Such considerations as these

Such, I believe, would be the consequences

Such illustrations are not frequent

Such, in brief, is the story

Such is steadfastly my opinion

Such is the deep prejudice now existing

Such is the intellectual view we take

Such is the lesson which I am taught

Such is the progress

Such is the truth

Such, sir, I conceive to be

Such, then, is the true idea

Such, too, is the characteristic of

Suffer me to point out

Suffice it to say here

Summing up what I have said

Suppose we turn our eyes to

Surely I do not misinterpret

Surely it is a paradox

Surely it is not too much for me to say

T

Take another instance

Take one of the most recent cases

Take the simple fact

Take this example

Taking a broader view

Taking the facts by themselves

That is a further point

That is a natural boast

That is a pure assumption  
That is all that it seems necessary to me  
That is all very good  
That is far from my thoughts  
That is final and conclusive  
That is the lesson of history  
That is the question of questions  
That you may conceive the force of  
The answer is easy to find  
The answer is ready  
The belief is born of the wish  
The broad principle which I would lay down  
The circumstances under which we meet  
The climax of my purpose in this address  
The common consent of civilized mankind  
The conclusion is irresistible  
The confusing assertion is sometimes made  
The day is at hand  
The decided objection is raised  
The doctrine I am combating  
The doctrine is admirable  
The effect too often is  
The evolution of events has brought  
The fact has made a deep impression on me  
The fact has often been insisted  
The fact to be particularly noted  
The facts are clear and unequivocal  
The facts may be strung together  
The first business of every man

The first counsel I would offer  
The first great fact to remember is  
The first point to be ascertained  
The first practical thought is  
The first remarkable instance was  
The first thing I wish to note  
The first thing that we have to consider  
The future historian will, no doubt  
The generous feeling that has promoted you  
The great mass of the people  
The hour is at hand  
The illustration is analogous  
The important thing is  
The instance I shall choose  
The irresistible tendency of  
The kindness with which I have been received  
The last and distinguishing feature is  
The latest inclination I have seen  
The lesson which we should take most to heart  
The main cause of all this  
The more you examine this matter  
The most concise tribute paid  
The most reasonable anticipation  
The most remarkable step forward  
The most striking characteristic  
The most sublime instance that I know  
The next point is  
The next question to be considered is  
The next thing I consider indispensable

The occasion that calls us together  
The one central difference between  
The only course that remains open  
The only plea to be offered  
The other day I observed  
The paramount consideration is  
The perils that beset us here  
The pleasing duty is assigned me  
The point I have urged upon you is  
The point I wish a little further to speak of  
The point to which I shall call your attention  
The popular notion is  
The practical inference from all this  
The presence of this brilliant assemblage  
The pressing question is  
The prevalent opinion, no doubt  
The proof of this statement is to be found  
The question is deeply involved  
The question, then, recurs  
The remedy I believe to be  
The result, I fancy, has been  
The result of the whole  
The rule will always hold good  
The sacred voice of inspiration  
The same is true in respect of  
The scene all comes back  
The sentiment to which I am to respond  
The sentiment which you have expressed  
The simple rule and test

The simple truth is

The soundness of this doctrine depends

The strongest proof I have

The subject of the evening's address

The subject which has been assigned to me

The task has been placed in my hands

The testimony of history is

The theory seems at first sight

The thought with which I shall close

The time has manifestly now arrived

The time is not far distant

The time is now come for me

The times are full of signs and warnings

The toast I am about to propose to you

The vain wish has sometimes been indulged

The view I have been enforcing

The view is more misleading

The warmth and kindness of your reception

The welcome that has been extended to me

The whole story of civilization

Then again, in corroboration

Then again, when men say

Then take the other side of the argument

Then the question arises

Then there is another story

Then, too, it must be remembered

There are certain old truths

There are few spectacles

There are hopeful signs of

There are, I believe, many who think  
There are, indeed, exceptions  
There are, indeed, persons who profess  
There are many educated and intelligent people  
There are people in every community  
There are several reasons why  
There are some slight modifications  
There are some who are fond of looking at  
There are some who have an idea  
There are those of us who can remember  
There are those who wish  
There are two conflicting theories  
There can be but one answer  
There can be no doubt  
There has been a great deal of discussion lately  
There has been no period of time  
There have been differences of opinion  
There is a characteristic saying  
There is a class of person  
There is a common saying  
There is a conviction  
There is a degree of evidence  
There is a genuine grief  
There is a great deal of rash talking  
There is a growing disposition  
There is a large class of thinkers  
There is a lesson of profound interest  
There is a more important question  
There is a most serious lesson

There is a multitude of facts  
There is a question of vital importance  
There is a very common tendency  
There is a vital difference of opinion  
There is an analogy in this respect  
There is an ancient story to the effect  
There is an eternal controversy  
There is another class of men  
There is another factor  
There is another object equally important  
There is another point of view  
There is another remarkable analogy  
There is another sense in which  
There is, at any rate, to be said  
There is but one consideration  
There is certainly no reason  
There is hardly any limit  
There is, however, another opinion  
There is, however, one caution  
There is little truth in  
There is no field of human activity  
There is no good reason  
There is no justification for  
There is no mistaking the purpose  
There is no more insidious peril  
There is no more striking exemplification  
There is no occasion to exaggerate  
There is no page of history  
There is no sense in saying

There is no worse perversion  
There is not a shadow of evidence  
There is nothing more repulsive  
There is nothing overstated in this description  
There is nothing to show  
There is one story which it is said  
There is only one sense in which  
There is some difference of opinion  
There is something strangely interesting  
There is yet another distinction  
There is yet one other remark  
There ought certainly to be  
There was but one alternative  
There was one remarkable incident  
There will always be a number of men  
There will be no difficulty  
There yet remains  
Therefore, there is no possibility of a doubt  
Therein lies your responsibility  
These alone would not be sufficient  
These are enough to refute the opinion  
These are general counsels  
These are generalizations  
These are my reasons for  
These are points for consideration  
These considerations have great weight with me  
These exceptions do not hold in the case of  
These ideas naturally present themselves  
These instances are far from common

These instances are indications  
These last words lead me to say  
These objections only go to show  
These questions I shall examine  
These various partial views  
They mistake the intelligence  
They would persuade you to  
Think for a moment  
Think of the cool disregard  
This absurdity arises  
This appeal to the common sense  
This argument is especially cogent [cogent = powerfully persuasive]  
This, at least, is sure  
This being the case  
This being true  
This being undeniable, it is plain  
This being understood, I ask  
This brings me to a single remark  
This brings us to a subject  
This episode goes to prove  
This fact was soon made manifest  
This from the nature of the case  
This I conceive to be the business  
This I consider to be my own case  
This I have told you  
This is a general statement  
This is a very one-sided conception  
This is a very serious situation  
This is an astonishing announcement

This is conceded by  
This is contrary to all argument  
This is doubtless the truth  
This is especially the case  
This is essentially an age of  
This is in the main just  
This is like saying  
This is not all  
This is not the main point of objection  
This is not the occasion or the place  
This is obvious  
This is on the whole reasonable  
This is only another illustration of  
This is owing in great measure to  
This is precisely what we ought to do  
This is said in no spirit of  
This is suggested to us  
This is the design and intention  
This is the great fact  
This is the main point on which the inquiry turns  
This is the meaning of  
This is the obvious answer  
This is the point I want to impress upon you  
This is the point of view  
This is the position of our minds  
This is the radical question  
This is the sentiment of mankind  
This is the starting-point  
This is the sum

This is to be found in the fact  
This is what I am led to say  
This is what may be objected  
This is why I take the liberty  
This language is plain  
This leads me to the question  
This leads us to inquire  
This may be said without prejudice  
This might be illustrated at length  
This much is certain  
This sentiment was well-nigh universal  
This, surely, is the conclusion  
This, then, is the answer  
This, then, is the drift of my illustration  
This, then, is what I mean by saying  
This will be evident at once  
This you can not deny  
Those who have watched the tendencies  
Thus a great deal may be done  
Thus analogy suggests  
Thus far, I willingly admit  
Thus I am led on to another remark  
Thus if you look into  
Thus instances occur now and then  
Thus it comes to pass  
Thus my imagination tells me  
Thus much, however, I may say  
Thus much I may be allowed to say  
Thus much may be sufficient to recall

Thus we see  
Time would not permit me  
To a man of the highest public spirit  
To avoid all possibility of being misunderstood  
To be more explicit  
To be sure, we sometimes hear  
To bring the matter nearer home  
To convince them of this  
To feel the true force of this argument  
To illustrate  
To make my story quite complete  
To me, however, it would appear  
To my way of conceiving such matters  
To prevent misapprehension  
To some it may sound like a paradox  
To sum up all that has been said  
To sum up in one word  
To take a very different instance  
To the conclusion thus drawn  
To the enormous majority of persons  
To these general considerations  
To this I answer  
To this it will be replied  
To what other cause can you ascribe  
To-day, as never before  
Treading close upon the heels  
Tried by this standard  
True it is  
True, there are difficulties

Truly it is a subject for astonishment

Two things are made very clear

U

Under all the circumstances

Under these favoring conditions

Under this head

Undoubtedly we may find

Unfortunately it is a truth

Unless I could be sure

Up to this moment I have stated

V

Very strange is this indeed

W

We all agree as to

We all feel the force of the maxim

We all in equal sincerity profess

We almost shudder when we see

We are accustomed to lay stress upon

We are all familiar with

We are approaching an era

We are apt to forget

We are assembled here to-day

We are beginning to realize

We are bound to give heed

We are constantly being told

We are fulfilling what I believe to be

We are in the habit of saying

We are met to-night

We are not able to prove  
We are not disinterested  
We are quite unable to speculate  
We are told emphatically  
We are tolerably certain  
We believe with a sincere belief  
We can but pause to contemplate  
We can imagine the amazement of  
We can not but be struck with  
We can not escape the truth  
We can not have this too deeply fixed  
We can not too highly honor the temper of  
We can not wonder  
We can only applaud the sentiment  
We can only bow with awe  
We can presume  
We can remember with pride  
We can see to some extent  
We continually hear nowadays  
We deeply appreciate the circumstances of  
We do not quarrel with those  
We do not question the reality  
We do well to recall  
We easily persuade ourselves  
We feel keenly about such things  
We grope blindly along  
We have a firm assurance  
We have a right to claim  
We have an overpowering sense

We have been accustomed to  
We have been told by more than one  
We have come together to-night  
We have great reason to be thankful  
We have heard lately  
We have here plain proof  
We have need to examine  
We have no means of knowing  
We have no other alternative  
We have not yet solved the problem  
We have sought on this occasion  
We have the evidence of this  
We have the good fortune to-night  
We have to admit  
We have witnessed on many occasions  
We hear it is said sometimes  
We hear no complaint  
We heartily wish and mean  
We hold fast to the principle  
We laugh to scorn the idea  
We may all of us agree  
We may be permitted to remember  
We may contemplate with satisfaction  
We may have a deep consciousness  
We may indeed consider  
We may not know precisely how  
We must also look  
We must constantly direct our purpose  
We must not be deceived

We must not mistake  
We must realize conscientiously  
We must remember  
We need no proof to assure us  
We need not look far for reasons  
We need not trouble ourselves  
We of this generation  
We often hear persons say  
We ought in strict propriety  
We pride ourselves upon the fact  
We rightly pay all honor  
We see in a variety of ways  
We shall all doubtless concede  
We shall be blind not to perceive  
We shall do well to remember  
We shall have no difficulty in determining  
We should be convinced  
We should contemplate and compare  
We should dread nothing so much  
We should lend our influence  
We should not question for a moment  
We should not, therefore, question  
We stand astonished at  
We stumble and falter and fall  
We take it for granted  
We will not stop to inquire  
Weighty as these conditions are  
Well, gentlemen, it must be confessed  
Well may we explain

Well, now, let us propose  
Well, that being the case, I say  
Were I to enter into a detailed description  
Were I to speculate  
What are the precise characteristics  
What are we to think of  
What are you going to do  
What can avail  
What can be more intelligible  
What can be more monstrous than  
What can I say better  
What commonly happens is this  
What could be more captivating  
What could be more true  
What do we gain by  
What do we understand to have been  
What I mean is this  
What I now say is  
What I object to is  
What I propose to do is  
What I shall actually attempt to show here  
What I suggest is  
What is more important  
What is more remarkable  
What is the pretext  
What is this but to say  
What more shall I say  
What remains but to wish you  
What strikes the mind so forcibly

What, then, are we to believe  
What, then, can be the reason  
What, then, I may be asked  
What, then, is the use  
What, then, was the nature of  
What was the consequence of  
What we are concerned to know is  
What we have most to complain of  
What would you say  
Whatever a man thinks  
Whatever difference of opinion may exist  
Whatever opinion I may express  
Whatever the truth may be  
When I am told  
When I hear it said  
When I remember the history  
When I review these circumstances  
When I speak of this question  
When I thus profess myself  
When one remembers  
When we consider the vastness  
When we contemplate  
When we get so far as this  
When we look closely at  
When will men understand  
When you are assured  
When you did me the honor to invite me  
Whence it is, I say  
Whence was the proof to come

While acknowledging the great value  
While I feel most keenly the honor  
While I have hinted to you  
Whilst I am on this matter  
Who can deny the effect  
Who can say in a word  
Who does not like to see  
Who has not felt the contrast  
Who that reads does not see  
Who will accuse me  
Why, again, should I take notice  
Why need you seek to disprove  
Will any gentleman say  
Will anyone answer  
Will it be whispered  
Will it not be well for us  
Will you allow me to present to you  
Will you bear with me  
Will you mistake this  
Will you permit me to thank you  
With all my heart I share  
With possibly a single exception  
With respect to what has been said  
With this ideal clearly before us  
With whatever opinions we come here  
Without going into any details  
Without my saying a word more

Y

Yet I am convinced  
Yet I am willing to admit  
Yet I am willing to conclude  
Yet I feel quite free to say  
Yet I, for one, do not hesitate to admit  
Yet I have never been thoroughly satisfied  
Yet I suppose it is worth while  
Yet I would have to think  
Yet if you were to ask the question  
Yet it is instructive and interesting  
Yet it is no less true  
Yet it is perfectly plain  
Yet let me consider what consequences must  
Yet may I not remind you  
You all know the history of  
You and I are always contrasting  
You are at a parting of the ways  
You are now invited to do honor  
You can never forget  
You can not assert  
You do not need to be told  
You have all read the story  
You have been gracious enough to assign to me  
You have been mindful  
You have been pleased to confer upon me  
You have but to observe  
You have done me great honor  
You have no right  
You have not forgotten

You have often pondered over  
You have sometimes been astonished  
You know that it is impossible to  
You know the legend which has grown up  
You know very well  
You may also be assured  
You may be acquainted with  
You may be sure  
You may depend upon it  
You may remember  
You may well be proud  
You may well study the example  
You might apply to yourselves  
You must not forget  
You must understand I do not mean to claim  
You ought not to disregard what I say  
You remember how  
You will allow me to say with becoming brevity  
You will be pleased to hear  
You will bear me out when I say  
You will clearly understand  
You will expect me to say something about  
You will forgive me  
You will join with me, I trust  
You will observe  
You will pardon me, I am sure  
You will scarcely be surprised  
You would never dream of urging  
You yourselves are the evidence

Your friendly and generous words

Your good sense must tell you

Your presence seems to say

#### 1.F.

1.F.1. Project Gutenberg volunteers and employees expend considerable effort to identify, do copyright research on, transcribe and proofread public domain works in creating the Project Gutenberg-tm collection. Despite these efforts, Project Gutenberg-tm electronic works, and the medium on which they may be stored, may contain "Defects," such as, but not limited to, incomplete, inaccurate or corrupt data, transcription errors, a copyright or other intellectual property infringement, a defective or damaged disk or other medium, a computer virus, or computer codes that damage or cannot be read by your equipment.

1.F.2. LIMITED WARRANTY, DISCLAIMER OF DAMAGES - Except for the "Right of Replacement or Refund" described in paragraph 1.F.3, the Project Gutenberg Literary Archive Foundation, the owner of the Project Gutenberg-tm trademark, and any other party distributing a Project Gutenberg-tm electronic work under this agreement, disclaim all liability to you for damages, costs and expenses, including legal fees. YOU AGREE THAT YOU HAVE NO REMEDIES FOR NEGLIGENCE, STRICT LIABILITY, BREACH OF WARRANTY OR BREACH OF CONTRACT EXCEPT THOSE PROVIDED IN PARAGRAPH F3. YOU AGREE THAT THE FOUNDATION, THE TRADEMARK OWNER, AND ANY DISTRIBUTOR UNDER THIS AGREEMENT WILL NOT BE LIABLE TO YOU FOR ACTUAL, DIRECT, INDIRECT, CONSEQUENTIAL, PUNITIVE OR INCIDENTAL DAMAGES EVEN IF YOU GIVE NOTICE OF THE POSSIBILITY OF SUCH DAMAGE.

1.F.3. LIMITED RIGHT OF REPLACEMENT OR REFUND - If you discover a defect in this electronic work within 90 days of receiving it, you can receive a refund of the money (if any) you paid for it by sending a written explanation to the person you received the work from. If you received the work on a physical medium, you must return the medium with

your written explanation. The person or entity that provided you with the defective work may elect to provide a replacement copy in lieu of a refund. If you received the work electronically, the person or entity providing it to you may choose to give you a second opportunity to receive the work electronically in lieu of a refund. If the second copy is also defective, you may demand a refund in writing without further opportunities to fix the problem.

1.F.4. Except for the limited right of replacement or refund set forth in paragraph 1.F.3, this work is provided to you 'AS-IS' WITH NO OTHER WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR ANY PURPOSE.

1.F.5. Some states do not allow disclaimers of certain implied warranties or the exclusion or limitation of certain types of damages. If any disclaimer or limitation set forth in this agreement violates the law of the state applicable to this agreement, the agreement shall be interpreted to make the maximum disclaimer or limitation permitted by the applicable state law. The invalidity or unenforceability of any provision of this agreement shall not void the remaining provisions.

1.F.6. INDEMNITY - You agree to indemnify and hold the Foundation, the trademark owner, any agent or employee of the Foundation, anyone providing copies of Project Gutenberg-tm electronic works in accordance with this agreement, and any volunteers associated with the production, promotion and distribution of Project Gutenberg-tm electronic works, harmless from all liability, costs and expenses, including legal fees, that arise directly or indirectly from any of the following which you do or cause to occur: (a) distribution of this or any Project Gutenberg-tm work, (b) alteration, modification, or additions or deletions to any Project Gutenberg-tm work, and (c) any Defect you cause.

## Section 2. Information about the Mission of Project Gutenberg-tm

Project Gutenberg-tm is synonymous with the free distribution of electronic works in formats readable by the widest variety of computers including obsolete, old, middle-aged and new computers. It exists because of the efforts of hundreds of volunteers and donations from people in all walks of life.

Volunteers and financial support to provide volunteers with the assistance they need, is critical to reaching Project Gutenberg-tm's goals and ensuring that the Project Gutenberg-tm collection will remain freely available for generations to come. In 2001, the Project Gutenberg Literary Archive Foundation was created to provide a secure and permanent future for Project Gutenberg-tm and future generations. To learn more about the Project Gutenberg Literary Archive Foundation and how your efforts and donations can help, see Sections 3 and 4 and the Foundation web page at <http://www.pgla.org>.

#### Section 4. Information about Donations to the Project Gutenberg Literary Archive Foundation

Project Gutenberg-tm depends upon and cannot survive without wide spread public support and donations to carry out its mission of increasing the number of public domain and licensed works that can be freely distributed in machine readable form accessible by the widest array of equipment including outdated equipment. Many small donations (\$1 to \$5,000) are particularly important to maintaining tax exempt status with the IRS.

The Foundation is committed to complying with the laws regulating charities and charitable donations in all 50 states of the United States. Compliance requirements are not uniform and it takes a considerable effort, much paperwork and many fees to meet and keep up with these requirements. We do not solicit donations in locations where we have not received written confirmation of compliance. To SEND DONATIONS or determine the status of compliance for any particular state visit <http://pglaf.org>

While we cannot and do not solicit contributions from states where we have not met the solicitation requirements, we know of no prohibition against accepting unsolicited donations from donors in such states who approach us with offers to donate.

International donations are gratefully accepted, but we cannot make any statements concerning tax treatment of donations received from outside the United States. U.S. laws alone swamp our small staff.

Please check the Project Gutenberg Web pages for current donation methods and addresses. Donations are accepted in a number of other ways including checks, online payments and credit card donations. To donate, please visit: <http://pglaf.org/donate>

#### Section 5. General Information About Project Gutenberg-tm electronic works.

Professor Michael S. Hart is the originator of the Project Gutenberg-tm concept of a library of electronic works that could be freely shared with anyone. For thirty years, he produced and distributed Project Gutenberg-tm eBooks with only a loose network of volunteer support.

Project Gutenberg-tm eBooks are often created from several printed editions, all of which are confirmed as Public Domain in the U.S. unless a copyright notice is included. Thus, we do not necessarily keep eBooks in compliance with any particular paper edition.
